REGISTRATION NOTICE FOR ANNUAL SCHOOL DISTRICT ELECTION To Be Held On JULY 10, 1950

Notice is hereby given that pursuant to an Order of the Board of Education of the School District of Tecumseh School District No. 7 that the Registration of the Qualified Electors of said District will take place on: June 26, 27, 28, 29, 30 and July 1, 1950 and at the time and place indicated below: Tecumseh High School Office (New Building) June 26, 27, 28, 29, 30—9:00 A.M. to 4:00 P.M.; July 1—3:00 P.M. to 8:00 P.M., and at any other time or place designated by said Board of Education.

TAKE NOTICE—Those qualified electors who have previously registered in this school district need not re-register, provided that those in Permanent Registration Districts must vote in at least one election each four year period to keep their name active on the Registration Books.

The Last Day of Registration shall be July 1, 1950.

Registration by Affidavit

Any absent voter whose name is not registered and who shall claim the right to vote by Absent Voter's Ballot at any Election or Special Election, may at the time of making application for Absent Voter's Ballot, present to the Secretary of the Board of Education, an affidavit for registration which is worded in proper form.

Registration of Absentee By Oath

If any person whose name is not registered shall offer and claim the right to vote at any Annual Election or Special Election, and shall, UNDER OATH, state that he is a resident of such Precinct and has resided in the SCHOOL DISTRICT the required length of time next preceding such Election, designating particularly the place of his residence, and that he possesses the other qualifications of an elector under the constitution, and that, owing to the sickness or bodily infirmity of himself or some member of his family, or owing to his absence from the SCHOOL DISTRICT on public business or his own business, and without intent to avoid or delay his registration, he was unable to make application for registration on the last two days provided by law for the registering of electors preceding such election, then the name of such person shall be registered, and he shall then be permitted to vote at such election. If such applicant shall, in said matter, wilfully make any false statement, he shall be deemed guilty of perjury.

Provision In Case Of Removal To Another Precinct

Any registered and qualified voter who has REMOVED from ONE ELECTION PRECINCT of a SCHOOL DISTRICT to another election precinct of the same SCHOOL DISTRICT, shall have the right, on any registration day, as provided, on application to the Secretary of Board of Education, to have his name transferred from the registration book of the precinct from which he HAS REMOVED to the registration book of the precinct in which he THEN RESIDES. Such elector shall have the right to have such transfer made on any ELECTION or Special Election day, by obtaining from the Board of Inspectors of such Election or Special Election of the precinct from which he HAS REMOVED, a CERTIFICATE OR TRANSFER, and presenting the said certificate to the BOARD OF ELECTION INSPECTORS OF THE PRECINCT IN WHICH HE THEN RESIDES.

Dated June 16, 1950

SEE THIS EXACT REPLICA OF THE
Liberty Bell

It will be at the main entrance to Tecumseh Products Co., at 3:30 Friday afternoon, and in downtown Tecumseh later in the day. Saturday, July 1, at 8:30 a.m., it will lead the Caravan to Tecumseh, Ontario, Canada.

An exact replica of the famous original Liberty Bell, true even to the tone—is coming to town as a reminder of the independence we Americans enjoy.

This is one of 49 such symbols of Liberty now participating in the "Tour of the Bells." The tour will cover every state in the Union and the District of Columbia to keynote the 1950 Savings Bond Independence Drive.

These historic bells are mounted on specially decorated Ford Series F-5 Trucks supplied by the Ford Motor Company.

We cordially invite you to inspect this interesting Liberty Bell exhibit, and urge you to support this year's Savings Bond Drive. Save for your independence—buy U. S. Savings Bonds.

Will Name Two To School Board

ANNUAL DISTRICT ELECTION TO BE HELD NEXT MONDAY; MEETING WILL FOLLOW

The annual meeting of the Tecumseh School District will be held at 8 o'clock next Monday evening, July 10, at the new high school, immediately following the closing of the polls of the annual district election, it was announced today by Earl H. Place, superintendent.

The annual district election, to name two members to the board of education, also will be held on Monday. Polls will open at 7 a.m., and remain open until 8 p.m., and voting will take place at the new high school.

Only two names will appear on the district election ballot, those of Jens K. Touborg and Paul Breitenwischer, both of whom are candidates to succeed themselves to office. Mr. Touborg now is president of the board. Under Michigan law, qualifying petitions must be filed 20 days prior to the election, and the two men named were the only ones to file such petitions.

Only registered, qualified voters may cast their ballots in the election on Monday. The registration books for the voting were closed last Saturday night.

At the annual meeting at 8 o'clock, the reports of the superintendent, the treasurer, the secretary, librarian and others will be read and other necessary business will be transacted.

Good-Will Visit To Tecumseh Is Made By 2,000

SIX-MILE-LONG CARAVAN OF MORE THAN 300 CARS "CALLS" ON ONTARIO VILLAGE

More than 2,000 Tecumseh, Michigan, residents visited Tecumseh, Ontario, Canada, Saturday, in what is believed to have been the largest mass movement of citizens on a good will tour from one nation to another in American history.

The six-mile-long caravan, made up of more than 300 automobiles, eight busses and Michigan's replica of the Liberty Bell, left this village at 8:45 a.m., Saturday for the sister city in Ontario. Under police escort it traveled US-112 to the Expressway and then on Michigan Avenue in Detroit to Ambassador Bridge and into Windsor. The 12-mile journey from the border to Tecumseh, Ont., was made under provincial police escort.

The occasion for the journey was to pay the Canadian town a return visit, the invitation having been extended one year ago July Fourth when some 1,300 Dominion residents came here to help this community observe its 125th anniversary.

"I had difficulty convincing the Detroit Police Department that there were 286 cars in the caravan as it left here at 8:45," Chief of Police M. E. Clark said. "The Detroit police anticipated about 100 vehicles. I told them that late-leaving cars would swell the number to 300 or more, and the count at the bridge confirmed the estimate." Border inspectors counted 304 cars in the caravan, not including the busses.

Gordon Garlick, general chairman of the affair, declared today that he believed well over 400 cars from Tecumseh made the journey. "There were many cars from here already in Canada when the caravan arrived," he said, "and other cars kept coming in throughout the afternoon."

The Liberty Bell-lead procession arrived at Ambassador Bridge at 9:40. Formalities at border crossing and customs were minimized and the parade into the Dominion was under way by 11 o'clock. Along the entire 12-mile route the citizens were out to greet their American neighbors.

There was a colorful moment at the Bridge when Ernie Campeau of Tecumseh, Ont., dressed in Indian costume representing Chief Tecumseh, met Robert H. Moore of Tecumseh, Michigan, similarly costumed. Briefly they exchanged greetings, and met the official Canadian welcoming party which included two Royal Canadian Mounties from Quebec. The Royal Mounties in their red coats and the Indians in their multi-colored headdress made an outstanding picture for press and newsreel cameras.

At the entrance of Tecumseh, Ont., Mayor Scott and his official delegation greeted Mayor J. Floyd Elliott and the two Chief Tecumsehs transferred from automobiles to horseback and lead the procession into the village. At the War Memorial monument in downtown Tecumseh a wreath was laid by Jerry DuFour, local commander of the American Legion, and Elmer Burleson, commander of the Veterans of Foreign Wars. The Chatham Royal Bagpipers played at this ceremony.

Traffic Light Survey Coming

STATE OFFICERS HERE TO DISCUSS NEED; TO SURVEY M-50 WEST OF VILLAGE

Corporal Harold Bliss of the safety division of the Michigan State Police, and Samuel Layne of the Michigan State Highway Department, were in Tecumseh on Friday preparing to make a survey of traffic conditions both in the village and on M-50 west of here to determine what steps should be taken to bring it under better control.

Chief of Police M. E. Clark said today that he understood that a count of cars in the Village of Tecumseh is to be made very soon to determine whether or not the state will grant the use of additional traffic lights. The Chief has requested that lights be placed at the Pearl Street-Boulevard intersection, at the Boulevard and Ottawa street, the Boulevard and Maumee street and possibly at the

35,000 People See Fireworks

LARGEST CROWD IN TOWN'S HISTORY HELPS COMMUNITY OBSERVE HOMECOMING

Tecumseh wound up one of its biggest Fourth of July Celebrations Tuesday when a crowd, estimated at between 25,000 and 35,000, gathered here during the afternoon and evening to witness Southern Michigan's largest display of fireworks and to take part in the 125th Annual Homecoming.

Throughout Tuesday, all roads lead to Tecumseh, and by 9 o'clock in the evening, parking space for automobiles within the corporate limits was at a premium. Hundreds and hundreds of cars crowded in to the area in the vicinity of Recreation Center, where the fireworks display was located, and additional hundreds overflowed onto the township roads, east, south and north of the village, as the occupants sought a good location from which to see the aerial pyrotechnical display.

"There was no actual way to know how many persons crowded into the Recreation Center proper," Ronald Harris, secretary of the Chamber of Commerce, said, "but it would seem that an estimate of 10,000 would be conservative. The whole field was a sea of people, and it overflowed in all directions."

The pyrotechnical display was contributed by Tecumseh Products Co., in keeping with its 3-year-old policy of furnishing the "final gun" for the Fourth of July observance. The fireworks this year cost $1,000, but the company from whom the display was purchased added some $300 additional in appreciation of former orders. It was by far the largest display in Southern Michigan.

"I have never seen such a line of automobiles in Lenawee county," one motorist was heard to remark, Wednesday. "From Adrian, north, on M-52 to Billington's Corners and on to Tecumseh it was just one constant string of cars at 10:50 p.m., when folk started home after the display."

Tecumseh's Homecoming Celebration got under way on Monday with a pet parade, races and

Some Interesting Facts

There are many people, not too many of them in Tecumseh, we hope, who dream of the day when government will assume all personal responsibility and the average citizen will have very little to worry about from the time he gets up in the morning until he goes to bed at night. The politicians in Washington realize that that school of thought is a popular one, that hidden taxes furnish them with easy spending money and that if this money is "wisely distributed" in certain areas they (the politicians) can perpetuate themselves in office.

They also realize, these politicians, that in many parts of the nation they are harping on a popular chord when they tell the people about socialized medicine, its benefits compared to its "trivial" cost.

Recently, in the Christian Science Monitor, there appeared an interesting editorial dealing with certain phases of socialized medicine. This editorial said in part: "The increase in reported sickness during Great Britian's first full year of socialized medicine has its significance for the United States. Much of the British program is embraced in the proposal of government medical care insurance which the Truman administration is promoting . . . .

"Sickness among adult Britons rose eight per cent and workdays lost through illness 22 per cent . . Officials credit the growth of reported illness mainly to economic reasons—people now getting medical services who previously could not afford it.

"But there are additional reasons. In the experience of European countries with compulsory sickness insurance it has long been observed that when workers are taxed for medical care they often claim it unnecessarily. That is the only way that many figure they can get something back for their money. . . .

"It is also a standard part of the government insurance system to give weekly cash payments to claimants. The chance to stay at home and live for a while with the aid of state funds frequently militates against a speedy return to work.

"These and other disadvantages of a national system of government insurance for medical care are getting no publicity from the Truman administration. British experience, however, is bringing out some of the missing facts."

Aside from the fact that the socialized medical program might, in this country, destroy initiative, the person who favors such a scheme also should consider what it would cost him, personally, for such a plan. It has been estimated that social security taxes would double, perhaps be three times what they are today. That might be fine, if one could be assured that that would be the entire cost, but who is silly enough to believe such a statement. The government would need more bureaus, more agencies, more commissions, and more planners and it would pay them with more hidden taxes, made possible through more inflation.

The value of the dollar today, as compared to its value in 1939, is questionable. Some say that it will buy 60 per cent as much as it did 11 years ago, others say 56 per cent. In either case, we know that a dollar today does about half as much work as it did in the year of 1939.

The more nickles, dimes and dollars that the government can take away from workers through taxation, direct or indirect, is certain to bring about still more inflation. That is true because workers will keep on demanding pay hikes to keep up with the tax hikes, and industry will, of necessity, keep on hiking prices.

In the end, it may take a basket full of dollar bills to buy a loaf of bread. It did in China, and the fellow who had the bills couldn't find any bread to buy.

Inflation and socialism go hand in hand. Americans should remember that public ownership OR CONTROL of enterprise, public operation of a profession such as medicine, public financed housing for able bodied citizens, or any enforced distribution of wealth that denies property rights, all of these are standards of Socialism in any Socialistic textbook.

Parents Warned Of Water Deaths

TEACH CHILDREN TO SWIM, AND NEEDED PRECAUTIONS, DOCTORS WARN

Michigan's mounting toll of drownings brought serious warning today from the Michigan Department of Health.

Keep your children out of quarries, water holes, creeks and rivers, the Department advised.

Teach your children to swim, but teach them swimming and boating precautions as well. If you cannot swim yourself now is a good time to learn. National studies show that the majority of drownings are avoidable and that eight out of ten who drown do so within fifty feet of shallow water or safety.

Be wary of boating accidents in the fishing and boating season just ahead. Boating accidents in Michigan waters took 82 lives last year, more than any other form of drowning.

Be sure that any boat you use is in good repair. Don't overload it or stand up in it or lean way out of it. If you can't swim well, take along a life preserver or an old inner tube. Stay out of the swell of large boats and out of any swift current. Put for shore when a storm threatens. If your boat should capsize, wait for it to come up, take hold of it and stay with it until help arrives or you drift ashore.

Swim always with at least one companion and, if possible, only at a guarded beach during daylight hours.

Wait two hours after a meal before you swim. Most drownings result from stomach cramps. Don't go in swimming when you are overheated, tired or intoxicated. Go in slowly. Quick plunges into cold water can be fatal.

Know the water in which you swim, its depth, currents, tides, drop-offs, undertow, holes and temperature. Obey warning signs and the instructions of the lifeguard. Never swim in swift water or dive into water of unknown depth. Drowning toll in Michigan rivers last year was 73, in Michigan lakes, 60.

Remember that showing off, playing horse, or dunking other swimmers is an invitation to tragedy. Don't over estimate your swimming ability. If you must race, race toward shore. If you swim distance, be sure that a boat accompanies you. Never swim so long that you become chilled or exhausted.

If you get in trouble, keeping calm may save your life. If you have a cramp in your leg or arm, grab the muscle firmly and kneed it. Water will almost support your weight. Alternate floating and treading water will help you to stay afloat until help reaches you. Where there are waves, breathe in through your mouth and out through your nose.

Unless you are a skilled and powerful swimmer, do not attempt a rescue. Toss bouyant articles to the swimmer in trouble — inflated tubes, boards, or rope.

Many of the 310 drownings in Michigan last year and many of the recent drownings could have been prevented by these simple precautions, the Department said.

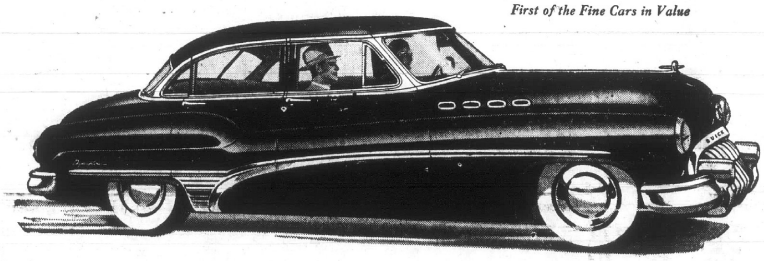
First of the Fine Cars in Value



The Car that puts your Best Foot forward

WE think you'll agree that the whole story of an automobile isn't told in its power, its room, its styling, even in its ride.

There is the all-important point about what a car does to you—and that's where ROADMASTER really shines.

For you can't slip into this bonny beauty's broad seats without feeling like somebody pretty special.

When you take its neat wheel in your hand—when you cut loose, with a toe-touch, the rich baritone of its big Fireball straight-eight power plant—when you feel the smooth surge of its Dynaflow-cushioned take-off—

Man, then you know you've got a real automobile!

And don't overlook this:

That graceful sweep of chrome along the fender—found on no other car made today—is a mighty eye-catching note of distinction.

Those four Ventiports, too, cause many a head to turn—they mark you unmistakably as the owner of the biggest and best Buick built—a car as fine and rich as any man has need for.

There are a lot of good, solid, dollars-and-cents reasons for making ROADMASTER your choice over any other car:

Its size. The commanding performance of its 152-hp Fireball valve-in-head straight-eight engine. Dynaflow Drive standard. A ride that's quite matchless in its gentle softness. Distinguished styling from bold, protective front end to gleaming "double bubble" taillight.

But if you're ready for a car that's more than just an automobile—if you want one that puts your best foot forward in any company—that's the real reason for seeing your Buick dealer quickly—to talk turkey about a ROADMASTER.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs — vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Economy Needed, State GOP Says

CRITICISM OF WILLIAMS ANSWERED BY SOLONS; PUBLIC TAX CONSCIOUS

By Gene Alleman
(Special To The Herald)

LANSING—More public benefits vs. state socialism.

That's the top issue of 1950 for both national and state political campaigns, according to battle lines now being formed at Lansing and Washington.

The 1950 special session of the Michigan legislature confirmed the trend on a state-wide basis. Governor G. Mennen Williams struck a note of the liberal crusader when he assailed Republican legislatures for "ignoring" the needs of the people. The legislature turned down his proposed $112,000,000 program. Instead government spending was cut approximately $15,000,000.

It is the political thesis of Governor Williams that the Republican party in Michigan is dominated by "special interests," referring obviously to manufacturers and businessmen. In an address before the Michigan CIO convention in Grand Rapids, Williams assailed the legislature for its "do-nothing record." Because legislators refused to levy a stiff tax on corporation profits, Williams concludes that the G.O.P. is subservient to "Big Business" and hence is committed to more consumer taxes.

This stand of the governor — more public benefits to be financed by business — finds an echo in recent utterances of President Harry Truman. The president wound up a whistle-stop speaking tour, promising to continue his fight for middle income housing, federal aid to education, federal health insurance and an improved farm law.

The cost of all these new public benefits would run into many billions of dollars, all at a time when federal treasury deficits are mounting. The Republican stand, as expressed by Senator Taft of Ohio, is that the Truman program is straight socialism.

Taft says the Republicans are also interested in promoting health, security and housing of the people, but would support financial aid only where absolutely necessary and where it can be done without a strain on the treasury.

While more public benefits become the Democratic offering, national and state, Republicans will condemn the Truman-Williams program as being financially irresponsible destroying our American freedoms, and otherwise opening the door wide to a "hand-out state."

The governor made a dramatic 11th hour appearance before the Legislature on the eve of its recess Saturday, May 20. He appealed to legislators not to reduce government grants to schools, hospitals, the aged and infirm, and other worthy causes.

The Republican reaction was prompt: "Pure politics."

"If there are dire happenings, it will be because of administrative failures or attempts to make political capital out of discrediting sound planning to avoid huge new taxes," said Speaker Victor A. Knox, Sault Ste. Marie.

Republican legislators point out that appropriations for the new fiscal year, start July 1, 1950, and that the legislature will return to Lansing in January, 1951, for the regular session. Legislators insist that no one is going to suffer and that appropriations are adequate to meet normal needs.

The will of the Republican legislators to put a halt to the ever-higher trend of government spending was re-inforced May 18 when Auditor General Murl K. Aten compiled a 10-year table of comparative government spending in Michigan.

Education costs, for example, soared from $55.8 millions in 1939 to $169.7 millions in 1949; health, $7.7 to $12.5 millions; mental, $13.7 to $32.5 millions; welfare, $44.9 to $94.2 millions; highways, $54.3 to $108.9 millions. These figures include grants of federal and state aid. Today 78 per cent of state sales tax revenues are now returned to local units—cities, counties, schools, townships.

President Truman and Governor Williams are confident that the people want more public benefits.

The Republicans are equally confident that the people do not want "state socialism." Every dollar of additional government spending must inevitably be paid by the consumer in the form of higher prices, they say.

And so 1950 political battle lines are being drawn.

The people must decide at the ballot box next November.

Latin Is Most Taught Language In Michigan

ANN ARBOR — The classical languages of Greek and Latin are anything but dead, according to University of Michigan professors of these subjects.

It is true, they admit, that Greek and Latin are no longer the mainstay of the college curriculum, as they were fifty years ago, but they still receive attention from hundreds of University students each year. And Latin is taught today in more high schools of Michigan than any other single language.

James E. Dunlap, professor of Latin and Greek, points out that Michigan high schools currently employ about 700 teachers of Latin. Part of the work of the University's Department of Classical Studies is to prepare teachers of this subject, and there are three "teachers' courses" in Latin. Special instruction for teachers of Latin has been offered at the University since 1879.

The classical languages have an interest for students of modern science and literature also, since both subjects have their roots in ancient civilizations. A class of about 100 students, for example, is enrolled for a class in Greek and Latin scientific terminology — the scientific names used in the biological sciences are all Latin.

Offer Summer School Program

ST. JOSEPH'S ACADEMY, ADRIAN, ANNOUNCES SUMMER SCHEDULE

To answer a widespread need long felt by parents and educators of Lenawee county and its environs the Sisters of St. Dominic, who staff St. Joseph's Academy located in the northeast section of Adrian, are offering a full summer school program from June 26 through August 4 by opening wide the doors of new Dominicana Hall to boys and girls from kindergarten through senior high school.

The summer session will run for six weeks with double periods for high school from 8:30 to 10:15 a.m., and 10:15 to 12:00 noon. There is a full grade school program also between 8:30 and 12:00. There will be no classes on Saturdays or July 4. Enrollment blanks may be had locally by calling Mrs Paul Clauda.

In the grade school division there will be regular classes in the kindergarten, first, and second grades; from third grade up, classes will be organized for pupils who are below grade level in reading. Should the demand warrant it, the program can be arranged to include other classes. Classes in the high school division will meet daily for double periods, enabling the students to obtain one-half unit of credit in each subject pursued. The "How To Read Better" program will likewise be introduced into the high school in addition to the regular subjects, such as mathematics, social studies, commercial, English, foreign languages, non-laboratory science, art, and music.

In the grade school, tuition charge for each pupil will be $10. The book rental is nominal. Arrangements for private lessons, music for example, may be made with the principal. In high school, the tuition fee is $5 for each subject, to be paid at the time of registration. An additional fee of $5 will be paid by students enrolling in typewriting, and $1 for the lettering course. The book rental is nominal here, too. Also arrangements for applied music, for which an additional fee is charged, must be made with the principal.

The school is staffed by Dominican teachers who are all trained for their special work. Many of them received their first degrees and certification through Siena Heights and later pursued advanced studies at universities in various parts of the United States. The Dominican Order of Sisters is primarily a teaching group. With additional space in the new classroom building the avenue is open to bring to Lenawee county boys and girls the means to furthers their school interests during the summer months.

Isabelle Irene Craig Bride of Hazen Montry

Large baskets of peonies and roses, also a vase of hyacinths and gladioli, a gift of the bride's aunt, banked the altar at the Cone Methodist church, Saturday, June 24, for the wedding of Isabelle Irene Craig and Hazen Lee Montry. The Rev. Elwood Stringer of Ann Arbor read the double ring ceremony at 7:30 p.m.

The daughter of Mr. and Mrs. Harold S. Craig of Britton chose for her wedding a white slipper satin gown. The fitted bodice was fashioned with a yoke of net with a high neckline and the long fitted sleeves ended in points over her wrists. The front of the skirt was made up of alternate satin and lace ruffles and the long circular train was edged in lace. Her fingertip veil edged in imported lace hung from a tiara studded with seed pearls and she carried a bouquet of white gladioli and stephanotis. Her father gave her in marriage.

The bride chose as her matron of honor Miss Donna Ball of Britton, who wore a shell pink gown fashioned with a bodice of all over lace and a full net skirt over pink satin. The bride's three sisters, the Misses Virginia, Dorothy and Catherine Craig, and Miss Shirley Love of Milan were the bridesmaids. Their gowns of rayon sheer were fashioned alike. Virginia and Dorothy were canary yellow and Catherine and Shirley wore orchid. All carried matching bouquets of carnations and wore bands of artificial flowers in their hair.

The ring bearer, Phyllis Craig, another sister of the bride, carried the rings on a white satin pillow. She wore a floor length gown of sea green taffeta. The flower girls, Kathryn Kay Keran and Janice Marie Porterfield, nieces of the bride, were gowned in blue taffeta made similar to that of the ring bearer. They carried rose petals in little blue baskets.

Roberta Petee was the soloist accompanied by Miss Alyce Prieipp of Britton and rendered "Because," "Always" and "I Love You Truly." Mrs. Elwood Stringer of Ann Arbor was the organist.

The groom, son of Mr. and Mrs. Ross Montry of Deerfield, was served by Oliver J. Craig, brother of the bride, as best man. The ushers were Urvin Reau, Phil Porche, Don and Vern Iott, all of Deerfield.

The reception was held in the church basement for some 250 guests. The groom's aunt cut the four tiered wedding cake, which was topped with a miniature bride and groom. Those serving were Mrs. Pearl Valke, Mrs. Emma Jounson, Mrs. John Keran, assisted by Gene Kimerer, Madalyn Downing, Marlene Lewis, all of Britton, and Ruth Stringer of Ann Arbor. Miss Nancy Schott of Britton was in charge of the guest book. Mrs. John Keran of Tipton and Mrs. Roy Porterfield of Britton, sisters of the bride, were in charge of the gifts.

Out of town guests were from Monroe, Detroit, Wayne, Ypsilanti, Tecumseh, Deerfield, Petersburg, Adrian, Ann Arbor, Milan and Macon.

The couple are residing in their newly furnished home north of Deerfield. The bride graduated from Britton high school with the class of 1950 and the groom graduated from Deerfield high school in 1948. He is engaged in farming.

School Board Election

The annual meeting of the Macon school district, number 1, will be held Monday evening, July 10, at which time a new member of the board will be elected.

A special meeting of members of the district was held May 29 and at that time it was voted to raise the tax 4 mills bringing it to the 15 mills limitation for a period of two years.

Mrs. Caroline Beal, who is ill, is not improving as rapidly as it was hoped that she would.

Mr. and Mrs. Burt Bruder are at Gibson City, Ill., called there by the serious illness of Mrs. Bruder's aged father.

Mr. and Mrs. Hamilton Moore and family and Mr. and Mrs. Russell Collins and family were also among the Maconites to take the trip Saturday to Tecumseh, Ontario.

form, along with the high school band, the bagpipers, the 40 & 8 box car and the long procession of cars then made their way, in parade style, to the recreation park where hundreds of people awaited the public greeting by Mayor Scott.

At about 1 o'clock there was an exchange of flags by the two mayors, Mr. Scott expressing his appreciation to the Michigan town for its visit, and Mr. Elliott extending sincere good wishes. Elliott also presented Scott with a plaque, made by Earl Bryan of Tecumseh, which will hang in the Ontario council rooms. The Canadian flag given to Elliott and the American flag he gave to Scott were of fine quality silk.

During the flag exchange ceremony, the high school band stood at attention. At the conclusion of the program, under the direction of Clair Camburn, the band played the national anthems of both nations.

In the afternoon there was a baseball game, Tecumseh, Ont., winning by a score of eight to two. There were races and other events, and, although it was Dominion Day, the stores in the Ontario town remained open and the hundreds of local folk milled through the emporiums.

Another interesting feature in the caravan-parade was the "Long Rifles" from Britton, a group of sharpshooters who use the old style musket instead of the modern gun. This organization made special preparations to join in the Tecumseh caravan and made a distinct hit with the Canadian folk.

In the evening, Murl K. Aten, Michigan's auditor general and the official representative of Gov. G. Mennen Williams at the celebration, spoke briefly, extending official greetings from Michigan to Canada.

At dusk, there was a grand display of fireworks, which brought the day-long celebration to a close.

"I feel that Tecumseh, Michigan, has a right to be proud of the fine showing that it made in Tecumseh, Ont.," Gordon Garlick, general chairman of the event, said. "I want to take this opportunity to say thank you to the committees here who worked so long and tirelessly in making the event the success that it was, and also to the folk who joined us in mailing the journey. Such an occasion is certain to build good will now and in the future. It would not surprise me if these return visits became an annual affair between the two Tecumsehs."

Tecumseh, Canada, really opened its heart to this community. In its store windows were displays from local factories, and it seemed that the residents of the Dominion town could not do enough to assure the complete "at home" feeling of their guests.

The Tecumseh Products Company had a float in the caravan, and the dozen clowns that were aboard it, (men from the factory in funny dress) furnished entertainment. The Musical Madcaps, billed as America's Wackiest Band, also made the trip with the Products float, and furnished music during the day.

Some 4,000 souvenirs were passed out to the hosts by the Products company.

HOLLOWAY

The South Holloway Extension Club met Tuesday evening with Mrs. Fred Martolock. Routine business was conducted and refreshments were served by the hostess to seven members and one visitor.

The Holloway Mothers Club held a "chilly" picnic at the State Park on Tuesday noon with 25 present. The regular meetings are adjourned until September.

Mr. and Mrs. Harvey Lewis, Mrs. Emma Fluhrer, Mr. and Mrs. Clarence Hunt and Mrs. Jesse Armstrong of Holloway and Mr. and Mrs. George Phillips of Blissfield met Mr. and Mrs. Paul Woods and family and Mr. and Mrs. C. M. Wood and family of Landing at Hayes State Park for a picnic Sunday.

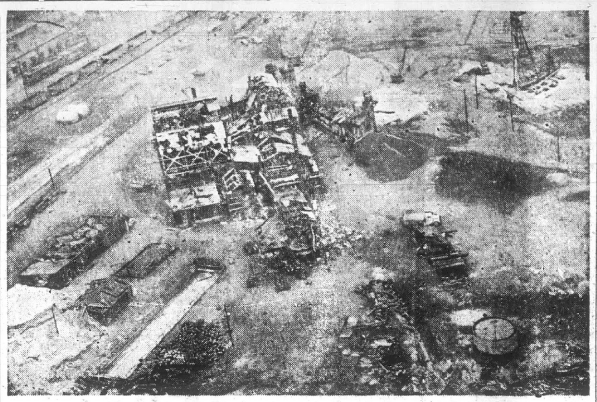
Mr. and Mrs. Matt Lunn and children are spending the holidays at the cottage of Mr. and Mrs. Eryl Rainey and daughter at Kingsville, Ont.

Mr. and Mrs. Charles Urban and family entertained Sunday Mr. and Mrs. Albert Urban and family, Mrs. Eva Urban of Detroit and Mr. and Mrs. Jack Loveland and family of Milan who remained until Monday afternoon.

Mr. and Mrs. Herbert Jackman and family of Detroit and Mr. Allen Edwards and daughter Jean of Toledo were Sunday guests of Mr. and Mrs. Paul Kopke.

Mr. and Mrs. Nick Gschwind of Rising Sun, Ohio, spent the weekend with Mr. and Mrs. Harry Edwards.

Jerry Glenn of Wayne is visiting this week with his grandparents, Mr. and Mrs. Ken Kopke. Miss Joyce Hanna of Tecumseh is also a house guest of Mr. and Mrs. Kopke.



SHATTERED IN AMBOY BLAST . . . This is an airview of the demolished American Chemical company's plant at South Amboy, N. J. This destruction was caused by an explosion which left the harbor-front city beneath a rubble of glass and timber. The blast occured when four shell- and mine-laden barges erupted at the South Amboy docks. The town counted at least four known dead, 20 to 25 missing and at least 300 injured. It was believed that virtually all the dead and missing were employees of a stevedore company in charge of loading the barges. The explosives were to have been shipped to Pakistan.

intersection of Evans and Logan streets. All of these intersections are, at certain periods of the day, highly congested.

It is understood that the traffic count will be made between the hours of 6 and 9 a.m., 11 a.m., to 1 p.m., and from 3 to 6 p.m.

What steps the state will take to control M-50 west of the village limit is not as yet clear. The two officials made an inspection of the route on Friday. Reports to the state show that since the first of the year the area has accounted for 22 personal injury accidents, to say nothing of others where only damage has been caused to automobiles.

LeRoy H. Titley, township supervisor, has presented a petition to the state requesting that the area from the village limit west to Matthews Road be made a speed control zone. However, it is understood that the state is considering extending the distance to Billington's Corners.

Non-Group Membership In Blue Cross Available

All local persons under 65 residing in the area served by local hospitals can enroll in the Blue Cross-Blue Shield non-group plans by making application this month, according to an announcement today by Thomas P. Oliver, Blue Cross district manager.

Requests for applications and folders to be mailed to interested persons can be made at the hospital, any doctor's office, or by mailing a coupon which will appear in the Blue Cross Community Plan advertisements to be in this paper soon.

No one will call on the inquirer because all applications are to be mailed direct to Blue Cross. There is no physical examination or health history required. Miss G. E. Spaulding, hospital superintendent here, said that the local program is in cooperation with the Michigan State Medical Society and the Michigan Hospital Association in their state-wide program of extending Blue Cross-Blue Shield protection to Michigan people.

Membership in these plans is usually available through groups of five or more persons working for the same employer or through the Farm Bureau and the Grange. The non-group plans, which are offered to any person under 65 whether employed or not are not as complete in benefits as the comprehensive group plans offered to employed and farm groups.

The Blue Cross plans in this state are Michigan Hospital Service and Michigan Medical Service, non-profit organizations which provide their members with a program of prepaid hospital-surgical service. More than 1,700,000 persons in Michigan are members of the Plans. In 1949, the two Plans paid more than $32,000,000 to hospitals and doctors for services to Blue Cross subscribers.

Mr. and Mrs. Walter German held open house Tuesday evening in their home celebrating their 25th wedding anniversary. Mr. and Mrs. German received their guests before a table of white linen, white tapers and lovely centerpiece of white flowers. Mrs. German was presented with a corsage of gardinias from her sons and husband. Mrs. Winifred Rainey of Birmingham and Mrs. Ken Kopke of Holloway poured from silver services and Mrs. Grace Rainey was in charge of the guest book. As the guests registered each was served refreshments of ice cream, cake and coffee. The house was well filled with approximately 100 people from Birmingham, Franklin Hills, Walled Lake, Plymouth, Adrian, Tecumseh and Holloway. The honored couple were presented with many lovely gifts of silver, flowers and cards. Mrs. German was before her marriage Carol Doty of Holloway. The couple were married in Detroit on June 27, 1925.

Mr. and Mrs. Paul Kopke and Mr. and Mrs. Harry Edwards attended the funeral of Mrs. Allen Edwards in Toledo on Tuesday.

Merle Crutchfield of Holloway and Stewart DeRousie of Blissfield have completed an eight week course in Customer Relationship at General Motors Institute in Ann Arbor. They returned home Tuesday.

games, and the annual 4-H Club's plowing contest. The latter event was held on the Ford Farms, at Rogers Highway and M-50.

Several hundred persons witnessed the plowing contest, sponsored annually here. Laurence Youngs, who lives three miles southwest of here, won in the senior division with a score of 212 points out of a possible 240. The second place winner was Fred Feight, also of Tecumseh. In the junior division, Fred Long, Tecumseh, was the winner. Feight had 211½ points and Long had 211 points. Both Youngs and Feight are eligible to enter the state plowing contest, with Long as the alternate. Thirteen were entered in the local contest.

The W. G. Wade Shows transformed downtown Tecumseh's streets into a carnival midway and throughout Monday afternoon and early evening there were large crowds. However, the early evening storm, which lasted about two hours, dampened spirits, and it also halted the wrestling match, scheduled at Recreation Center. This bout was postponed until Tuesday evening, and was attended by about 1,000.

During Tuesday morning and afternoon there were races and games for the youngsters, a hog calling contest, a greased pig and greased pole event, a water fight between the Tecumseh Fire Department, and, at 2:30, a patriotic parade.

The Wade Shows continued to operate and were well patronized on Tuesday evening after the fireworks and until long after midnight.

Wednesday, all was history. The carnival was gone and the greatest activity on downtown streets until well after 10 a.m., was created by members of the street department, who were cleaning up after a long and busy four-day holiday.

TO MEET JULY 12

The W. S. C. S. of the Methodist church will meet Wednesday, July 12, in the church parlors at 2 o'clock. Mrs. Edna Codling is in charge of the program and the hostesses will be Miss Vera Gilbert, Mrs. G. W. Spangler nad Miss Lizzie Beamish.

Mrs. Lillian Wilson Weds Ralph Westgate

Mrs. Lillian H. Wilson and Ralph I. Westgate were united in marriage during a lovely home wedding at the Wilson home here, Friday evening. The Rev. Cassius Johns, sr., of Adrian, pastor of the Community church of Seneca, read the single ring service at 8 o'clock, in front of the living room fireplace which was banked with white lilies and pink peonies to form a fan-shaped background.

Preceding the ceremony Mrs. Thomas Gallant, jr., daughter of the bride, sang "Because" and after the ceremony "Always." She was accompanied by Miss Margaret Weiher of Toledo, who also played Lohengrin's wedding march.

Mr. and Mrs. Louis Westgate, uncle and aunt of the bridegroom, attended the couple. Following the ceremony a reception was held for 25 relatives and close friends who witnessed the wedding. Refreshments were served from a linen covered table centered with a wedding cake topped with a miniature wedding bell and circled in a wreath of rosebuds. Mrs. Gallant and Mrs. Cassius Johns, jr., daughter of the bridegroom, presided at the silver services.

Lester Heesen was in charge of decorations in the room, which included baskets and bouquets of lilies and peonies, following the pink and white color scheme. Out of town guests included Mr. and Mrs. J. J. Weiher and daughter Margaret of Toledo, Lee Garwick of Monroe, Mr. and Mrs. Cassius Johns, jr., and Mr. and Mrs. Cassius Johns, sr., of Adrian.

During the first year of a child's life he grows more rapidly than at any other time.

Mary Lou Carlson Is Bride of Raymond Hasey

At five o'clock on Saturday, July 1, in a simple but impressive ceremony in the First Methodist church at Las Vegas, Nevada, Miss Mary Lou Carlson of Tecumseh was united in marriage to Raymond Alden Hasey of Los Angeles, Calif., son of Mr. and Mrs. Raymond W. Hasey of Milwaukee, Wis.

The single ring ceremony was solemnized by the Rev. Harold E. Broughton, pastor of the First Methodist church of Las Vegas. Nuptial music was played before and during the ceremony by the church organist, Mrs. Lee Wilson.

Miss Carlson was given in marriage at the altar by her father, Louis A. Carlson. The bride was lovely in a ballerina-length gown of white embroidered Swiss silk organdy distinguished by a Queen Anne collar. She wore matching half-mitts of embroidered organdy and carried a shower bouquet of white carnations and sweetpeas.

Mrs. Carlson, who served her daughter as matron of honor, wore a simple white pique dress with matching cloche and a shoulder corsage of pink carnations. Jack Carlson was best man.

The young couple left shortly after the ceremony for a brief honeymoon in California before returning to their home at 1511 El Centro Avenue, South Pasadena, Calif.

Every Fly You Kill Now Will Prevent 1000's More

Now is the time to plan for a fly-free summer, LaRue Miller, environmental engineer of the Michigan Department of Health said today.

Flies are born, live and eat in the refuse of your community. They spread diseases such as typhoid fever, poliomyelitis, dysentery, diarrhea, tuberculosis and cholera when they carry germ-bearing filth from these places to the food being prepared in your kitchen or setting on your table, the sugar bowl, the syrup container, the bowl of fruit, the bread plate or to the dishes from which you eat.

The housefly which makes its appearance in your house now can have more than five billion descendants by late summer, if it and all of its offspring are allowed to live and reproduce.

The first step in controlling the nuisance and danger of flies is the elimination of their breeding places—the manure pile, the dump, rotting vegetables, fruit and animal matter, decaying human and animal excreta and cesspools. Clean up and cover up the garbage can and the area surrounding it, the chicken house, the pet shelter, the pig pen, the cow shed, horse barn and the outdoor privy. Make sure the privy pit is deep, dark and flytight. Pits can be kept flytight by keeping openings to the outside completely screened and by providing tight fitting seat covers.

Screen all buildings in which humans live or in which food or milk are stored or prepared. Spray the inside and outside of buildings with a 3 percent solution of DDT and paint screens with a 5 percent solution of DDT once every six weeks. If flies have become resistant to DDT try Lindane, a new insecticide which proved effective during the summer of 1949. Then swat every fly you see, Miller said.

Every fly you kill right now and every breeding place you eliminate will mean thousands less flies to harass and endanger you in August and September.

CAN YOU AFFORD TO GAMBLE WHEN LIFE'S AT STAKE?

Speed Leading Cause of Michigan's Traffic Deaths

America's greatest highway killer—speed—was named by F. M. Alger, Jr., chairman of the Michigan State Safety Commission, the sponsor of the June-July program of traffic safety education on Speed Control.

"About 28,000 traffic accidents occur every year in which at least one person dies," Mr. Alger said. "Some 9,000 of these accidents involve a speed violation on someone's part. This staggering cost in human life can be eliminated or reduced only when the motoring public comes to realize that driving too fast for conditions is so hazardous that it makes throwing lighted matches at the bung hole of a powder keg look tame in comparison."

Mr. Alger quoted National Safety Council estimates that the end of the year will have seen about 15 or 16 million American drivers involved in traffic accidents of varying severity. About one of every three of these accidents in which someone is killed will entail a speed violation.

"Take it easy when you drive," Mr. Alger warned. "You might save a minute by speeding, but take a look at your life expectancy as it stands now and then decide if it's worth gambling against that one lone, minute."

The Michigan State Safety Commission listed the following tips for drivers:

1. Heed both legal and common speed limits.

2. Slow down for curves, intersections, and any place where vision is obscured. Always be prepared to stop quickly.

3. Maintain control over your car at all times. Do not let yourself be lulled into carelessness.

4. Keep at least one car length behind the car ahead for each 10 miles an hour of speed.

5. Avoid on-a-dime stops and remember your responsibility to the driver behind when coming to a stop.

6. Keep the range of your headlights in mind at night. At some speeds it may be impossible for you to stop by the time your headlights warn you of danger.

The Michigan State Safety Commission's June-July program of traffic safety education on Speed Control is being sponsored in cooperation with the 69 Member Advisory Committee and all Cities and Counties.

Mrs. Velma Miller Weds William Custer

The home of William Custer was the scene of a lovely wedding, Friday evening, when Mr. Custer and Mrs. Velma Miller of Britton were united in marriage. The Rev. Charles Bragg of Rea performed the ceremony before a bank of white lilies and red roses flanked on either side by lighted tapers and baskets of red roses and bydrangeas.

Mr. and Mrs. Henry F. Kempf and Mr. and Mrs. Henry Kuster attended the couple. Little Sharon Watkins of Britton, a niece of the bride, was ring bearer, and wore a long white gown and carried a nosegay of pink, blue and white blossoms.

Mrs. Miller and Mrs. Kempf both wore blue sheer with matching accessories and Mrs. Kuster wore a pastel pink print. The bride's corsage was of white rosebuds and her attendants wore pink rosebuds. All wore sheer white mitts.

A wedding supper was served to the bridal party at the Cozy Cafe where the table was centered with a wedding cake, made and presented by Mrs. Sam Watkins, a niece of the bride. Table decorations were gifts of Mrs. Leo Rozelle of Hudson and Mrs. Earl Griffin of Britton, sisters of the bride, and Mr. and Mrs. William Barker. Mrs. Earl Betser gave the flowers used at the house.

Later in the evening a group of Pythian Sisters from Josephine H. Hall temple, of which Mrs. Custer is most excellent chief, and their husbands greeted Mr. and Mrs. Custer and presented them with a gift.

Secretary—"Yes, Mr. Culver is at liberty now."

Office Visitor—"O, I didn't even know he'd been in jail."

MACK—PRICHARD

The Rev. Alvin C. Brazee united in marriage Miss Phoba J. Prichard and George S. Mack Saturday at 4 p.m., in the Iron Creek church. The single ring service was used. Attendants were the bride's brother and sister, Frank and Doris Prichard. Mr. and Mrs. Mack will reside at 215½ Pottawatamie street after their return from a trip in northern Michigan.

The daughter of Mr. and Mrs. Donald E. Prichard, the bride graduated from Britton high school and is employed at the United Savings Bank. Mr. Mack, the son of Mr. and Mrs. Stanley Mack, is employed by Bruce Foundry.

BRITTON

Scott—Zarnow

Saturday evening, June 24, was the scene of a lovely wedding in the Christian Congregational church in Britton when Miss Vera Mae Scott, daughter of Mr. and Mrs. Clarence Scott and Kenneth Zarnow, son of Mr. and Mrs. Theodore Zarnow of Tipton were united in marriage.

Before a candle lighted altar decorated with palms and baskets of flowers the young couple spoke their vows to the Rev. Harry P. Rogers. Miss Rosemary Gilmore at the organ, played the pre-nuptial music and accompanied Gene Mackey of Deerfield who sang "I Love You Truly" and "The Lord's Prayer."

The bride given in marriage by her father, was gowned in traditional white slipper satin, fashioned with a yoke of illusion net outlined with lace ruffled bertha, detailed at the back by tiny covered buttons. The long sleeves came to lace trimmed points, while the long train skirt with a double peplum outlined with lace. Her fingertip length veil was caught with a tiara of seed pearls. She carried a handmade linen handkerchief used by her grandmother on her wedding day, also a white Bible with a shower corsage of white gardenias.

Preceding the bridal party, the bride's little sister, Caroline, acted as flower girl. Her three attendants were maid of honor, Miss Doris Breman of Capac, Mich., bridesmaids Miss Lois Gregory of Farmington and Miss Marcella Niblack of Britton.

The flower girl wore a dainty frock of ninon net over satin. The attendant's gowns were similarly fashioned with sweetheart neckline and puffed sleeves and were green, pink and yellow respectively. Their headpieces were harmonizing floral arrangements and their fan-shaped bouquets were contrasting daisies.

The bride's mother chose a gown of figured sheer pink with gray accessories, while Mrs. Zarnow wore a gown of figured navy with white accessories.

Melvin Zarnow attended his brother as best man and another brother, Robert Zarnow, and Clarence Scott, jr., brother of the bride, acted as ushers. Assistant ushers were Jack Davis and John Zarnow.

A reception was held later in the Tecumseh Grange hall for two hundred guests. A bridal table was set for twenty-four immediate members of both families, was beautiful with a pink and white color scheme and featured a four-tiered wedding cake topped with silver bridal bells and a miniature bride and groom.

Mrs. Zarnow is employed at the village clerk's office in Tecumseh while Mr. Zarnow is with the Farm Equipment Co. in Tecumseh.

The bridal couple left for a two week's wedding trip to Colorado with the bride attired in a red gabardine suit with gray accessories. On their return they will make their home in an apartment in Britton.

Guests present were from Detroit, Allenton, Melvin, Pontiac, Tipton, Deerfield, Milan, Tecumseh, Blissfield, Pinconning, Imlay City, Brown City, Almont, Capac, Farmington, Adrian, Britton and Chicago, Ill.

Mrs. Wilson Craig has received word that her daughter and husband, Mr. and Mrs. John Devall, and two children, are spending three weeks in Washington, D. C.

The Congregational Philathea class sponsored a bake sale Saturday at a local store with Mrs. Marion Auten and Mrs. Lillian Kniffin in charge.

Mr. and Mrs. George Beale and son have returned home after spending a few days with relatives in Northern Michigan.

Mr. and Mrs. Paul Babcock and daughters of Grand Haven and Lynus Zeluff of Toledo were recent guests of Mrs. Flora Exelby. Charles MacNamara of Detroit spent last week with Mrs. Exelby.

Mrs. Roy Carothers and daughter Kay of Detroit spent several days recently with her parents, Mr. and Mrs. Smith Pocklington.

Mrs. Ernest Palmer has returned home from a stay with her sister near Chicago.

Born, Saturday, June 24, in St. Joseph hospital in Ann Arbor, to Mr. and Mrs. Robert Mayfield, a daughter. Mrs. Mayfield is the daughter of Mr. and Mrs. Fay Wiggins here.

Eugene Cheever of Holloway and Mr. and Mrs. Clarence Exelby were in Milan recently attending the Wardle-Weidemyer wedding held at the Baptist church.

George DuBois of Detroit was a recent over night guest of his parents, Rev. and Mrs. E. H. DuBois.

Rev. and Mrs. F. B. Clifford and sons spent last week in Northern Michigan at the summer home of his parents, Rev. and Mrs. F. J. Clifford.

Mr. and Mrs. Alvin Prielipp returned home recently from a stay at Columbus, Ohio, where they attended the Centennial Commencement exercises of Capitol University. Their son Glen was one of the graduates receiving his Bachelor of Science degree. He plans to enter teaching this fall.

That Makes It Quite Clear

Many of us are slow on posting up on Einsteins new theory because we haven't yet got a clear idea of his first one.

A western professor can help us in this respect.

"When a man holds a pretty girl on his lap for an hour it seems like a minute. But when he sits on a hot stove a minute it seems to him like an hour. That's relativity."

Doesn't Need It

First Husband: I've no sympathy for a man who beats his wife.

Second: A man who can beat his wife doesn't need any sympathy.

CHEVROLET

ADVANCE-DESIGN TRUCKS

Performance Leaders
Chevrolet's newest and most powerful trucks feature an improved 92-h.p. Thriftmaster Valve-in-Head engine and a brand-new 105-h.p. Loadmaster Valve-in-Head engine. Smooth, quick acceleration is provided by Chevrolet's new Power-Jet carburetor. Synchro-Mesh transmission enables driver to shift with greater ease and safety.

Payload Leaders
Chevrolet trucks deliver the goods at low cost per mile—and deliver them fast! Features like Chevrolet's Diaphragm Spring clutch for smooth engagement and Double-Articulated brakes for complete driver control enable you to meet the most demanding road schedules.

Popularity Leaders
Chevrolet Advance-Design trucks are America's biggest sellers! That's because users recognize the value of such Chevrolet features as Hypoid rear axles that are 5 times more durable than spiral bevel type and Unit-Design cab and bodies that are built for added strength and durability.

Price Leaders
Chevrolet's rock-bottom initial cost, economy of operation and upkeep and high trade-in value add up to the lowest price for you. Compare values! Compare what you get for the price you pay. You'll find everything favors Chevrolet trucks.

IN CHANCERY

In the Matter of the Petition of the Board of Directors for the Dissolution of the HOLLOWAY TELEPHONE COMPANY

At a session of said Court held at the County Building in the City of Adrian on the 29th day of June, A. D. 1950.

Present the Honorable G. Arthur Rathbun, Circuit Judge

ORDER TO SHOW CAUSE

On reading and filing the petition of G. H. Lewis, Sarah M. Lowery, Lawrence Williams, and Edward DeGroot, petitioners herein, for the dissolution of said Holloway Telephone Company of Holloway, Michigan, together with the accounts, inventories, statements and affidavit thereto annexed, and the Court being fully advised in the premises, now, upon motion of John R. Zeigler, Attorney for the petitioners.

IT IS ORDERED that all persons interested in said Holloway Telephone Company show cause, if any they have, before me in the Court Room of the Circuit Court for the County of Lenawee at the City of Adrian, Michigan, on Monday the 7th day of August at 9:30 o'clock in the forenoon of said day, why said corporation should not be dissolved, and a permanent receiver appointed, and

It is further ORDERED that a copy hereof be served by mail upon all creditors and stockholders of said corporation not later than July 6, 1950, and that commencing with the week beginning July 10, 1950, a notice of the contents hereof be published three (3) consecutive weeks in the Tecumseh Herald, a paper published and circulated in the County of Lenawee.

Science Finds New Drug Uses

PENICILLIN AIDS RHEUMATIC FEVER WAR; AUREOMYCIN FIGHTS SHINGLES

Rheumatic fever, the leading cause of heart disease in children and young adults, has been responding successfully to treatment with penicillin. Children who grind their teeth at night may be suffering from either physical or psychological disturbances. Aureomycin has brought relief to sufferers from shingles, a skin eruption usually afflicting the face and upper body, according to Dr. Martin Gumpert, who reports these and other medical advances in Redbook Magazine for May:

"In children and in young adults, the leading cause of heart disease is rheumatic fever. Today, medicine is making great strides in conquering this malady. The death rate in rheumatic fever was dropping fast even before the use of the antibiotic drugs. Recently, three Chicago doctors discovered that in a group of children, all victims of rheumatic fever, not a single relapse occurred after treatment with penicillin. In Boston's House of the Good Samaritan, a study was made of 1,000 patients who had suffered rheumatic fever attacks ten years previously. Almost 800 of these people were virtually unrestricted in their activities.

"A warning to persons who are trying to lose weight by taking thyroid extract—unprescribed by a physician—has recently been issued by the American Medical Association. They do not realize that by reducing weight in this way they may be exposing themselves to serious heart, liver or nervous disorders. Patients with thyroid prescriptions should report to their physicians if they are suffering from palpitation, nervousness, sweating or excessive loss of weight. These may be signs that they are receiving an overdose, and temporary discontinuance of the treatment may be ordered. Thyroid is a powerful substance with a slow cumulative effect. It should only be taken under the closest medical supervision.

"Children who grind their teeth in sleep are suffering from the same type of disturbances that causes nightmares or sleep-talking. The cause may be either physical or psychological. Digestive troubles, wet diapers or bed clothes, excessive heat or cold are all contributing discomforts. Tension and anxiety, especially in children who are overactive and nervous in the daytime, can also be responsible. Doctors advise that tooth grinding may also sometimes be caused by enlarged adenoid tonsils. If your child grinds his teeth in his sleep and no physical disturbance is apparent, you should consider sources of worry or insecurity which might be the cause of emotional tension.

"Until recently medical science could offer little relief for the victims of shingles, a painful skin eruption usually afflicting the upper body or face. Now tests indicate that aureomycin, one of the new antibiotic drugs, may bring quick, dramatic relief when administered in frequent doses during a two-day period, under the supervision of your physician.

"A new liquid cream for baby's skin attacks free ammonia in the diaper area which is the cause of diaper rash. The new cream serves the double purpose of relieving the rash and deodorizing diapers."

NINETY-NINTH YEAR—NUMBER FORTY-ONE | TECUMSEH, MICHIGAN, JULY 13, 1950 | FIVE CENTS A COPY

Schools To Cost $265,000 In '51

RECORD ENROLLMENT OF 1,125 ANTICIPATED; SCHOOL BOARD IS RE-ELECTED

It will cost approximately $265,000 to operate the public schools in Tecumseh during the coming year, including the cost of debt retirement, and a postwar all-time peak enrollment of 1,125 is anticipated, voters were told at the annual meeting of the board of education, held Monday evening in the new high school.

The meeting followed immediately on the heels of the annual district election at which time J. K. Touborg and Paul J. Breitenwischer, members of the board, were re-elected. Only 21 votes were cast in the day-long election, held at the high school, and only 10 persons attended the meeting that followed. The board of education, in session after the election, re-elected officers as follows: Mr. Touborg, president, J. W. Spafford, vice-president, Dr. Ralph Helzerman, secretary, and P. C. Satterthwaite, treasurer.

The treasurer's report at the annual meeting showed that during the past year the district spent $509,891.14, this amount including costs, incurred in connection with the building of the new high school. Total receipts during the year amounted to $546,409.12, leaving a balance as of July 1 of $30,617.98.

Anticipated receipts for the coming year amount to $286,701.16 and total disbursements during the year, including the cost of debt retirement, will total $265,590, leaving a balance as of July 1, 1951, of $21,111.16. Included in the expense item is $47,475 for debt retirement and interest. The other major disbursement will be $127,975 for teachers' salaries.

It was explained that the $130,000 bond issue necessary to build the new half million dollar high school which was opened last January will be half paid by July 1, 1951. The first payment on the debt was made last year and amounted to $45,000. Another $45,000 payment will be made next June 30. The school will be free of debt in 1953.

Earl H. Place, superintendent, at the annual meeting, pointed out

Children's Story Hour At Library, Wednesdays

Story tellers for the Children's Story Hour, held every Wednesday at the public library, will next week be Mrs. Louise Matheny and Mrs. Louise Partridge. Children from three to ten years of age are invited to come from two to three o'clock to listen to stories suitable for them.

Thus far attendances at the story hours have been small. The fact that they are being held only once a week instead of daily as in former years is thought to be the main reason for the small crowds. The story hour is a project of the Child Study Club, with the cooperation of Miss Ruth Harding, librarian. This year the club is cooperating with the Recreation Council in making the story hour a part of the summer recreation program, and mothers are urged to send their children.

MRS. PHOEBE HOLMES BURIED IN CONCORD

Funeral services for Mrs. Phoebe J. Holmes, who died July 3, were held at the Tecumseh Friends church, Friday afternoon, with the Rev. Edward Grime officiating. Burial was in Concord, Mich., and the bearers were Dee Weaver, George Stevens, James Nadine, Lenard Brown, Merlow Garred and Silas Kring. Friends and relatives attended the services from Albuquerque, N. Mex., Jackson, Stockbridge, Montgomery, Detroit, Bryan, Ohio, Ray, Ind., Tecumseh, Manchester, Clinton and Macon.

BITTEN BY DOG

Mrs. Esther Murphy, Billmeyer Road, is being treated for a dog bite, received on the Fourth of July when the animal, according to police, became frightened by fireworks. The dog is being held under observation at the warden's offices in Adrian.

SENTENCED BY JUSTICE

William Camburn, 59, R.F.D., Tecumseh, drew a fine of $15 and costs of $8.60 when he pleaded guilty of a drunkenness charge before Justice Robert French. Camburn was arrested on July 7 by Tecumseh police.

NOTICE

My office closed from July 1 to 21, inclusive.

Guest Speakers To Fill Baptist Church Pulpit

The Rev. B. O. Bashore, pastor of the Baptist church, will be restricted in his work until the middle of September, due to a heart condition. During his absence the pulpit at the church will be occupied by guest speakers. Dalton VanValkenburg has been speaking for two Sundays and will speak again next Sunday.

The Rev. Mr. Bashore will make tape recordings of his sermons from his bed and these will be heard as usual over radio station WABJ every Sunday morning at 11:30.

Last Sunday it was voted by the church congregation not to have church school or worship services the Sundays of August 20, 27, and September 3. This was in acceptance of a proposal made by the board of deacons.

Two Sentenced To Jail Terms

THIRTY AND 15 DAY TERMS ARE METED OUT BY JUSTICE JOHN LOWE IN ADRIAN

Two Tecumseh men were arraigned on Tuesday before Justice John Lowe of Adrian and in each instance fines and jail terms were handed down by the judge.

Richard Stall, Tecumseh, formerly of Adrian, was arraigned on a charge of larceny from the Hayden Mills. According to local police, Stall admitted four separate offenses within the past two weeks. He was taken into custody on July 11 by Officer Wayne Schultz and Detective Southworth of the Michigan State Police. Upon his plea of guilty, Justice Lowe sentenced him to pay a fine of $25, to pay costs amounting to $8.60 and to serve 30 days in the county jail at Adrian. In default of payment of the fine and costs a 60 day jail term must be served.

W. T. Clevenger, 41, R.F.D., Tecumseh, was sentenced to spend 15 days in the county jail in Adrian, to pay a fine of $75 and costs of $8.60, or in default of payment to serve 60 days in jail, when he pleaded guilty to a charge of drunk driving. Police also said that Clevenger did not have an operator's license.

Clevenger was arrested on July 10 by local police on South Evans street after the car he was driving had struck an automobile owned by Mrs. O. W. Laidlaw. The Laidlaw car was parked at the time of the accident.

Chief of Police M. E. Clark said that the two offenders were arraigned before Justice Lowe due to the absence from Tecumseh of Justice Robert French. Justice French and his family are now on vacation.

New Rotary Officers Are Seated On Tuesday

L. W. Larsen succeeded Clarence Gilman as president of the Tecumseh Rotary Club at a meeting of that organization, Tuesday evening, following dinner at Legion Memorial Home. Other officers are: M. G. Partridge, vice-president; Lester C. Rogers, secretary; George E. Green, treasurer.

Prior to the exchange of officers, Mr. Gilman and Mr. Larsen told the club of the International Convention of Rotary, held this month in Detroit.

Mr. Gilman expressed his appreciation to the club for its cooperation during his term of office, and Mr. Larsen presented the retiring president with a past-president's pin.

New committee chairmen and members were named by the incoming president and beginning next Tuesday the organization will function under the leadership of the new officers.

CAR IS RECOVERED

An automobile owned by Carl Breitner of Dundee, and reported stolen on July 8 was later recovered by local police in the vicinity of the Hayden Mills. The car had been driven about 75 miles, officers said.

PAYS FINE OF $15

J. B. Cox, 23, Detroit, was arrested Sunday by local police at the Chieftain Hotel, charged with being disorderly. Before Justice Lowe in Adrian on Monday he was sentenced to pay a fine of $15 and costs of $8.60. Alfred Cunnings, 21, Detroit, who was arrested with Cox for a similar offense paid a similar fine.

GETS DENTAL LICENSE

Miss Marlou Gilman has been notified by the Michigan State Board Examiners that she is licensed to practice dental hygiene in the State of Michigan. She is now employed as dental hygenist in the offices of Dr. R. W. Laidlaw.

JEWEL-CUTTING AFFORDS DOCTOR PLEASANT RELAXATION

Surgeon's Steady Hand Fashions Precious Gems

It takes a steady nerve and a skilled hand to do a thyroid operation and the surgeon is generally assisted by a corps of nurses and technicians, but you can take it on the authority of such a surgeon that it requires just as skilled and steady a hand to cut and polish precious gems, plus hours and months of careful training.

The one big difference, of course, is in the operating rooms used by the surgeon and the lapidary. In the latter's workshop he is, by choice, alone. He has no need for assistants, and he wants no one to distract his attention. To be sure, human life is not involved, but there is nerve strain, and plenty of it.

That, perhaps, is the greatest reason why Dr. H. H. Hammel, well known local doctor and who, as a hobby, has taken up gem cutting, does most of his work after 10 o'clock at night. It is then, after a difficult day's work in the hospital operating room, that he can retire to his well-equipped laboratory, and from rough, seemingly valueless pieces of rock create sparkling gems of beauty.

Dr. Hammel's collection of precious and semi-precious gems is numbered in the hundreds. He has cut practically all stones except the diamond. His choice stone, perhaps, is a 42 karat aqua marine that is perfectly cut and has a value to the cutter of more than $200. This jewel recently was inspected by one of New York's leading lapidists and won high praise. Dr. Hammel is said to be able to cut some stones more accurately than professionals. The reason: He spends more time at the job.

Since his graduation from the University of Michigan School of Medicine in 1915, Dr. Hammel has always had a hobby. He hadn't practiced long before he entered the Army in World War I and served overseas in France and Belgium. He retired with a major's commission.

Back in private practice he turned to hunting and fishing as a hobby and later he added photography, both movies and still pictures, and he has a beautiful collection. But after he had hunted and fished over most of the United States and Canada, Alaska and New Zeland, he seemed to tire of the sport. It wasn't sufficient satisfaction for him to have every head of North American big game, as well as that of a chamois from New Zeland. His finest specimen is a deer's head, which he obtained in Arizona, which is within 2½ inches of the world's record.

About 20 years ago he turned to the study of precious gems and he read in his spare moments all of the scientific material he could find on the subject. Then he started to gather precious stones, awaiting the day that he might set up his laboratory and start cutting the gems.

World War II interrupted and because he had retained his reserve officer's commission he was early in the service of his country. First, he taught medical military training and tactics at the University of Michigan, meeting classes for more than 12 years. He was serving directly under the Surgeon General of the Army. Then he entered active duty and commanded general hospitals in France and Germany. He retired at the end of the war with a colonel's commission, a rank that he has held for 16 years.

With the second World War over, Dr. Hammel picked up his gem cutting hobby where the war forced him to leave off. Carefully he has assembled his laboratory machines, and more carefully he has cut the precious stones.

The Doctor first began to cut and polish the cabochon or flat stones such as turquois, agate, bloodstone, tiger's eye, etc., and then he turned to the faceted gems, including the sapphire, in ruby, pink, green, yellow, white and lavender. He also cut the spinel group, similar to the sapphire, but a little softer. Then the garnet group, topaz and beryl and the quartz group or amethyst. The grass green beryl, he pointed out, is commonly known as emerald. He has cut and polished several of these stones.

The local lapidary also has cut

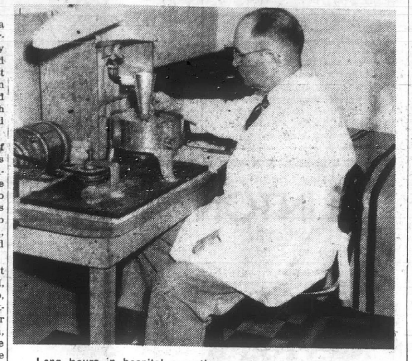
CAR, WAGON COLLIDE

Slight damage was done to an automobile and a horse-drawn delivery wagon, operated by E. H. VanVleet, Monday afternoon, when the vehicles collided at the intersection of Pottawatamie and Pearl streets. Police said that the horses became frightened of the noise made by an air hammer and that the car, driven by Carol Kimling, 20, of Herrick Park, had faulty brakes. The car was held by police until the brakes were repaired, and a traffic summons was issued.



Long hours in hospital operating rooms are wearing on the surgeon's nerves. Dr. H. H. Hammel, who has performed more than 7,000 major operations, finds relaxation in cutting gems. He is pictured above in his laboratory where he has fashioned and polished all precious stones except the diamond.

Cornerstone Laying, Sunday

CEREMONY AT NEW ST. ELIZABETH'S TO BE HELD AT 3 O'CLOCK IN AFTERNOON

The cornerstone of the new St. Elizabeth's Catholic church on North Union street will be laid at 3 o'clock on Sunday afternoon with fitting ceremonies, the Rev. Fr. Michael Collins, pastor, announced today. It is the hope of the Rev. Fr. Collins that the construction can be completed in time to hold the Christmas services in the new edifice.

The Rt. Rev. Msgr. G. Warren Peek, dean of the southwestern district of Michigan and pastor of St. Thomas Church, Ann Arbor, will lay the cornerstone for the new church, Fr. Collins said. The Rt. Rev. Msgr. Joseph V. Pfeffer, former pastor of St. Elizabeth's here, will speak. Msgr. Pfeffer is a member of the Cardinal's advisory board, and he also is pastor of St. Elizabeth's church in Detroit.

Fr. Collins will preside at the service, and it is expected that some 15 priests from neighboring parishes will take part. The public is invited to attend.

Ground for the new church, which will cost about $75,000, was broken several weeks ago and construction is progressing according to schedule. The new building will be of cement, steel and brick construction and is located on a 14-acre site, purchased on North Union street by the parish about two years ago. Later, it is planned to build a school on the site, as well as a rectory.

The present St. Elizabeth church, located on East Chicago boulevard, will continue to remain as church property, and probably will be used as a church hall after the new edifice has been finished.

Fire Does $500 Damage To The Ben-Bart Sales

Fire, the origin of which has not been determined, did an estimated $500 damage to the Ben-Bart Sales on West Shawnee at the Michigan Central Railroad, Tuesday afternoon about 4 o'clock. The fire department brought the blaze under control within a few minutes.

The fire started in the north end of the coal sheds, but was checked before it spread to other buildings on the property.

The Ben-Bart Sales is operated by Ben Bartenslager who leased the property the first of July from the Hotrum Coal Co. Mr. Bartenslager is now remodeling and redecorating the premises, preparatory to a formal opening about the first of August. He plans to deal in coal, lumber, building supplies, feeds and seeds and also to operate a custom feed grinding mill.

PLEADS NOT GUILTY

Stanley B. Florek, 24, Clinton, was arraigned before Justice John Lowe in Adrian, Monday, charged with driving an automobile while intoxicated. He entered a plea of not guilty and his trial date was set for July 21. Florek was arrested at 1:40 a.m., July 9, on South Evans street by Tecumseh police.

C. of C. Needs Pictures Of Visit To Tecumseh

Do you have any good pictures of the visit to Canada? The Chamber of Commerce is in need of pictures to round out a complete file on the various items and events.

Particularly needed are those of the Liberty Bell and escort car, the floats, the bagpipe band, and the ceremonies. If you think you have a picture that will be of help, show it to the Chamber of Commerce to see if it will add to their collection.

New Tabernacle Will Be Built

GROUND-BREAKING SERVICES WILL BE HELD NEXT SUNDAY AT THREE O'CLOCK

Construction on the new Gospel Tabernacle Assembly of God church on Bidwell street off the corner of Pearl, will begin next week, the Rev. A. S. Dimbat, pastor, said this week. Ground-breaking services will be held Sunday, July 16, at 3 p.m., at the site, with the Rev. C. W. Scott, district superintendent, officiating.

The first assembly minister of the Gospel Tabernacle, the former Miss Opal Berger and now Mrs. Harold Speer, and the Rev. Speer, of Alpena, will be present. There will be special music and words from participating churches including those from Detroit, Monroe, Ypsilanti and Adrian.

The new edifice will be of block construction, about 40 by 60 feet. It will be built at ground level and will seat about 250 people. At a later date, a permanent finish of sandstone or something similar, will be added.

The church only recently acquired the site on which the new building will be constructed. The lot of 75 by 132 feet is located behind the present church building, which will be sold as soon as the new church is ready for occupancy.

The Gospel Tabernacle joined the assembly ten years ago. Since the arrival of the Rev. and Mrs. Dimbat over a year ago, Sunday School and church membership has outgrown the present building and it seemed advisable to build.

MRS. MARY MAHONEY BURIED IN BROOKSIDE

Funeral services were conducted Monday afternoon from the Collins Funeral Home for Mrs. Mary A. Mahoney, aged 72 years, who died at her home at 17128 Salem Ave., Detroit, at 9:30 p.m., Thursday. The Rev. Edward Escolme of the Tecumseh Friends Church officiated and burial was in Brookside cemetery.

The bearers were Richard Woodcox, Floyd Woodcox, Paul Allen and John Harley. Friends and relatives attended the services from Holly, Detroit, Tecumseh, and DeKalb, Ill.

Mrs. Mahoney was born July 6, 1878, in Pennsylvania and had been in failing health for some time. She formerly lived in Jackson and has spent the last 20 years in Detroit. She is survived by one daughter, Mrs. Bernard Allen, two granddchildren, all of Tecumseh, one sister, Mrs. Clara Bateman of Penns Creek, Pa., one brother, Charles Hummel, also of Penns Creek, and several nieces, nephews and cousins.

Merchants Team Loses To Rivers End, Sunday

The Tecumseh Merchants baseball team was defeated by Rivers End at the Recreation Field here last Sunday. The visitors took advantage of the Indians' many errors early in the game by taking the lead 7 to 2. The home team settled down in the latter innings but only scored one more run. The final score was 8-3 with Rivers End on top.

Mel Murphy pitched for Tecumseh while Walz took the honors for Rivers End.

The next home game will be July 24 with Brooklyn. Tecumseh has won 4 out of 6 games in the Quad County League.

Farm Dangers To Be Stressed

SAFETY CAMPAIGN FOR AGRICULTURE TO BE PROMOTED DURING JULY 23-29

Farming moved up from fourth to third place as the most dangerous way of making a living in 1948 according to the latest National Safety Council statistics. The time lost as the result of accidents to farm residents in any typical year amounts to the time needed to plant, cultivate and harvest nearly one-half the annual average wheat crop in the U. S.

To help reduce needless deaths and crippling injuries to farm residents, the President has declared the week of July 23-29 as National Farm Safety Week.

The Advertising Council has issued a new series of newspaper advertisements on the farm safety phase of the 1950 Stop Accidents Program to daily and weekly newspapers. Each ad features the campaign slogan, "Be Careful — The Life You Save May Be Your Own," and warns farm residents against unsafe practices which cause accidents. Facts and figures from the National Safety Council on the farm accident problem and copies of the President's proclamation are part of the program.

Burl Ives, the famed folk lore specialist, has contributed his services to the National Safety Council for musical farm safety announcements. These recordings, for use during Farm Safety Week, will be made available to radio stations. One side of the transcription contains Burl Ives messages, and the other side brief farm safety statements by well-known leaders in the Safety Council, Department of Agriculture and National Grange.

Ambrose C. Hamaker, owner of the advertising firm of A. C. Hamaker & Company of Tecumseh, is a member of Adcraft Club of Detroit actively participating in preparation and distribution of this Farm Safety program.

International Visit Is Praised By Aten

Murl K. Aten, auditor general of the State of Michigan, states his belief in the unique value of the Tecumseh-Teeumseh programs in a letter to the Chamber of Commerce.

Mr. Aten's letter says in part: "It's too bad that more affairs of this nature are not held. I don't mean necessarily with areas outside the United States but areas within the United States, for instance with adjoining states and even within our own state.

"I believe a lot could be done in cementing friendships, relationships and good will, not only within the state but in communities in their sister states. Permit me to say that I think you have a grand idea here and I hope that you will continue to carry it out and extend it."

Mr. Aten made the trip to Canada in the caravan and spent the entire day in the sister city as the official representative of the state of Michigan.

FUNERAL SERVICES HELD FOR RICHARD F. ROE

Funeral services for Richard F. Roe, local attorney who died suddenly July 1, were held last week Wednesday from the Collins Funeral Home. The Rev. R. A. Risser of Jonesville officiated and burial was in Brookside cemetery. The bearers were Yale Kerby, L. H. Titley, Duaine Service, Wyman Service, James Beardsley and Dr. R. E. Dustin. Friends and relatives attended from Detroit, Hamilton, Ont., Ann Arbor, Wolf Lake, Adrian, Britton, Tipton, Ridgeway, Macon, Clinton and Tecumseh.

Golf For Youth Tourney, Monday

RECREATION PROGRAM IS NOW IN FULL SWING; ARCHERY LESSONS OFFERED

Now well under way, the community recreation program is attracting both youngsters and adults, according to Elven Duvall, director. Next Monday beginning at 9 a.m., the first golf tournament for boys from 12 to 17 will be held at the Country Club, through the cooperation of Leo Bishop, golf pro. Green fees will be paid by the Recreation Council and those who desire to participate should contact Mr. Duvall right away, if they have not already done so.

Archery instruction is offered every Tuesday and Thursday evenings at the Recreation Field and is being well attended by people with equipment. "However," Mr. Duvall said, "it isn't necessary for folk to own their own equipment to take instruction as we have a good supply of everything needed. It's here waiting to be used, and we do wish more people would take advantage of a sport which is steadily gaining in popularity." The instruction is offered to senior high school students and adults.

Parents are again reminded of the Children's Story Hour at the public library every Wednesday. It is being sponsored by the Child Study Club in cooperation with Miss Ruth Harding, librarian. The younger children hear stories from 2 to 2:30 and the older ones from 2:30 to 3 p.m.

In the city softball league VFW leads, having won three and lost none. The games next Monday, July 24, will end the first round. Britton will meet the Jokers at 7:15 and VFW will meet the cellar-dwelling Tipton team at 9. Last Monday evening VFW rolled over FFA 12 to three and Jokers defeated Tipton 15 to 10.

The standings:

	Won	Lost
VFW	3	0
Jokers	2	1
Britton	2	1
FFA	1	3
Tipton	0	3

A Fine Gesture of Friendship

Although about 2,000 residents of Tecumseh and its immediate area visited Tecumseh, Ontario, Canada, on Saturday, July 1, to help that community celebrate Dominion Day, it is unfortunate that all of the town's 5,000 people could not have made the trip, so gracious was the Dominion City's reception.

Tecumseh, Ontario, does not have the population of Tecumseh, Michigan, the town is laid out differently, and its business district is not nearly as large as it is here. For so small a community to play host to 2,000 or more people from Michigan, to say nothing of the hundreds and hundreds who were there from other parts of Canada, presented a genuine task.

Nevertheless, Tecumseh, Ontario, was on its toes. From the time the Michigan caravan arrived at Ambassador Bridge until the end of the official ceremonies at Community Park, every detail showed careful planning. There were a minimum of delays in the program, which showed that the Tecumseh, Ontario, folk in charge of the reception had given consideration to even the trivial things.

But greatest of all was the fine, cordial reception accorded to the folk from Tecumseh, Michigan. Not only did the official reception committee bend over backward to see to it that everybody's wants were cared for, that also was the concern of ALL of the residents of the village. Merchants were chatty, they wanted to tell you about their town and its people, and also to tell you about Canada. They were proud of their home town, and they had a right to be proud.

Tecumseh, Michigan, folk made the trip to Tecumseh, Ontario, to return a visit made by some 1,300 from the Ontario town when this community observed its 125th anniversary on July 4, 1949. It is believed that the caravan of more than 2,000 was the largest mass movement of citizens on a good will tour from one nation to another in American history.

As we have said before, such visits cannot help but build good will. To allow eight or ten thousand residents of two great nations to mingle together in a spirit of friendship for a full day is sure to create lasting friendships.

It would not be surprising if more good will visits between the two Tecumsehs were planned for the future. We sincerely hope that they are, and that even more people participate.

In times such as these, all too few friendly visits between residents of all nations are being made. Let's hope that the pattern established by the Tecumsehs does not end here.

A Day Without Accidents

On Tuesday, July 4, at Tecumseh's annual Homecoming Celebration, this community played host to approximately 35,000 people. The biggest crowd, of course, was here in the evening of the Fourth to watch the display of fireworks, the largest in Southern Michigan.

Streets were crowded during the afternoon and evening, and after 7 o'clock parking space almost anywhere in town was at a premium. Fully 10,000 people were jammed into Recreation Center and its immediate area and automobiles were everywhere.

Despite the congestion, however, not a single traffic accident came to the attention of the Police Department. True, there were extra officers on duty, police scout cars were moving constantly, and traffic signs were conspicuous. But all of the police, scout cars and signs in the world cannot prevent accidents. Only car drivers themselves can do such a job.

The Police Department, of course, is to be congratulated for a fine over-all program of planning. To handle the thousands of cars that were here without even a marred fender is an accomplishment. But greatest of all is the compliment that should go to the drivers, themselves.

If, nation-wide, such careful driving had been done more than 1,000 people who paid with their lives in traffic accidents would today be with their families. Michigan was second only to California in traffic fatalities over the Fourth.

We are proud of Tecumseh's record, but we must say that we are ashamed of the showing that was made statewide.

CLASS PICNIC

The Happy Home Builders class of the Baptist Church School will hold its annual picnic at Walter J. Hayes State Park at Wamplers Lake, Monday evening, July 17. The supper will be served at 6:30 p.m., but those who desire to go in swimming should arrive earlier. Mr. and Mrs. Harold Black and Mr. and Mrs. Cy Baily are on the committee which will arrange for tables and furnish the drink.

DAUGHTER TO WED

Mr. and Mrs. Richard J. Beasley of Tecumseh announce the engagement of their daughter, Bonnie Jeanne, to Harold Meade, son of Mr. and Mrs. Walter Meade of Route 1. Plans are being made for an autumn wedding.

WED IN SANTA CRUZ

Word has been received here of the marriage of Lenora Marie Bortolussi, daughter of Mr. and Mrs. Emilio Bortolussi of Santa Cruz, Calif., and Keith Swain, son of Mr. and Mrs. Stanley Swain, former Tecumseh residents now of Santa Cruz, which took place recently in the Holy Cross church in that city.

TO MEET TONIGHT

The Missionary Society of the Friends church will meet this (Thursday) evening at the home of Mrs. Gordon Gove, west of Tipton.

CLASS PICNIC

The Friendly Class of the Friends Sunday School entertained the Men's Bible Class at a picnic at Adams Park, Tuesday evening. A potluck supper was served followed by a social evening. Mrs. Ralph McCarbery was general chairman of the event.

OFFICERS ELECTED

The Christian Endeavor Society of the Friends Church held a picnic at Wamplers Lake, Monday. During the business meeting new officers were elected as follows: President, Josephine Powell; vice president, Arduth Drewyor; secretary-treasurer, Shirley Mead; chorister, Betty Hayden; pianist, Joyce Kopka; recreation committee, Thelma Owen, Carolyn Comfort and Lynn Wilson.

When the eye is quicker than the hand

Actually it takes you less time to find a number in the telephone directory than to call "Information" for the number. It's only natural. You just need a few seconds to find it yourself—and you don't have to wait while "Information" does the looking.

"Information," of course, is at your service if you have difficulty in using the directory or if you find the number isn't listed. But try checking the directory first—won't you, please? It will certainly help speed up service for you.

First of the Fine Cars in Value

This one Telescopes your Timetable

OF course you recognize it.

Who doesn't know that those four Ventiports, that graceful sweep of fender-chrome, mark ROADMASTER—best of all the Buicks, unquestioned "big buy" of the fine-car field?

But have you tried it?

HAve you matched this sweet-stepping bonny against the tall hills, and the call of the straight-away?

Ever tooled it across town—and seen how Dynaflow's quick surge and smooth take-off slip you through traffic with minimum of foot-motion and maximum of timesaving?

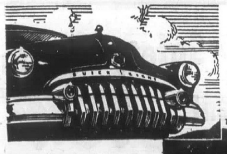
Ever known the good feel of a light and easy wheel, swinging almost at a finger's touch—the soul-satisfying lift in a big 152-hp Fireball engine just waiting for the release your toe-pressure gives it?

Ever sampled that famous Buick ride—steady, level, unperturbed, soft with the special gentleness of coil springs on *all four* wheels, sweetly restful in both front and rear seats?

There's no reason, really, to wait longer for such satisfying experience.

There's a Buick dealer near you. He delights in showing off ROADMASTER. He'll arrange—unless all his demonstration cars have been snatched away from him by eager buyers—to put you behind a ROADMASTER wheel.

Why not see him now—to find out what's finest in today's fine cars, and how little it takes to buy one?



FOUR-WAY FOREFRONT
This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Only BUICK has Dynaflow* and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New 7.263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

THESE 4 SATISFIED PEOPLE PRAISE O-JIB-WA BITTERS

Many customers enthusiastically tell us of the wonderful results they are getting from O-JIB-WA BITTERS, for Rheumatism, Arthritis, and Stomach Trouble. In appreciation, many of them are publicly recommending this great tonic because of what it has done for them. These testimonials are offered as convincing proof that O-JIB-WA BITTERS is well worth your trial.

Mrs. June Chase of 1641 Palms Street Detroit, has this to say about O-JIB-WA BITTERS, "O-JIB-WA has done so much for me that I want to recommend it to every sufferer of Rheumatism and Arthritis. For six months I suffered with the worst form of Rheumatism and Arthritis in both legs and feet.

MRS. CHASE

couldn't even do my own housework and I felt as if the whole world had turned against me. Just 15 days from the time I started taking your medicine, I could see results and today, I am entirely free of all pains and stiffness, thanks to this wonderful medicine."

Just last week, Mrs. Bertha Huff, 1537 Oklahoma Ave., Flint, had this to say about O-JIB-WA BITTERS. "I suffered almost continually for 10 years with Arthritis in my hips, knees and ankles, and also in my arms and hands. It was so painful it felt like my bones were broken or crushed. Then I tried O-JIB-WA BITTERS. I am now entirely free of the pains and stiffness after only two large bottles and am able to work again. I would gladly recommend O-JIB-WA Bitters to anyone.

MRS. HUFF

"My name is William Allaria of 770 West Grand Blvd., Detroit. Before taking O-JIB-WA BITTERS, I was always tired, run-down, weak and nervous. My feet and ankles burned continually and I had to sometimes practically drag myself around.

MR. ALLARIA

I can't say enough for O-JIB-WA and what it has done for me, as after taking it for only two weeks, I felt much better I am no longer nervous and feel good even after a full days work. O-JIB-WA has built me up generally and not only given me more pep, but also eliminated gas and indigestion that suffered with frequently. Personally, I wouldn't be without O-JIB-WA BITTERS."

Following is part of a testimonial of Mrs. C. B. Westover, 754 N. Robinson St., St. Ignace, "I suffered with Rheumatism and Arthritis for many years in my arms elbows and very severly in my legs and knees. My knees swelled so bad at times, would have to drag my legs to get around, and was practically bedridden. My mother told me about O-JIB-WA BITTERS, and I started taking it. In just three weeks, I could see a noticeable change. From then on, I quickly gained strength and in a very short time, my Rheumatism and Arthritis had completely left me. O-JIB-WA also greatly helped my stomach trouble, for have suffered with indigestion, gas and heartburn for as long as I can remember, but now can eat anything without the slightest distress. With all my heart, I would recommend O-JIB-WA BITTERS to anyone."

NO MATTER WHAT DAY OF THE WEEK YOU

SHOP AT A&P!

Customers' Corner

When you buy a can of food, you can't see the contents.

That is why the labels on practically all of A&P's own quality brands of fruits, vegetables and juices tell you *exactly* what the can contains.

We tell you the U. S. Government grade.

We explain exactly what that grade means.

We list the uses for which the grade is best suited.

In other words, we not only want you to get quality food at low prices at your A&P, but we want you to know in advance what you're getting for your money.

Read the labels carefully on your A&P canned foods. If the contents should ever fail to live up to our claims or your expectations, please let us know.

several Kunzite gems. This stone was found in 1902 near Pala, California, by Dr. Frederick Kunz. Kunzite is a spodumene mineral of wisteria color, and the only gem that is that color. It is found only at Pala and in the interior of Madagascar and in South America. In April of this year, Dr. Hammel was the guest of the owner of the kunzite mine in California and he obtained a supply of the rough material. He also mined a quantity of tourmaline and beryl. However, he is very partial to Kunzite, declaring that it is considered to be the "orchid" of all gems.

Dr. Hammel also has a fine collection of Australian black opal and fire opal. He also has cut zircons from Ceylon and Siam. He recently made a trip to New York to visit importers, in search of other rare stones.

"You wonder why I don't cut diamonds?" the Doctor asked. "Well, it takes special equipment to do the job because diamonds are the hardest of all stones. However, for my money, there are other gems far more beautiful than diamonds."

And so, sometimes far into the night, Dr. Hammel cuts, grinds and polishes gems in his laboratory as his nerves relax from a busy day in the hospital operating room. He has done more than 7,000 major operations, (tonsils and adenoids not included), and he pioneered goiter surgery in Lenawee county. He has been doing major surgery for 32 years.

At the present time, Dr. Hammel is chief of staff of Herrick Memorial Hospital, he is a stockholder and director of Meyers Aircraft Co., a past president of the Department of Michigan, Reserve Officers Association, and many times past president of the Lenawee County Medical Society.

The Doctor has his own airplane, has flown for 15 years and holds a pilot's license. He recently completed a summer home at Hubbard Lake, about 200 miles north of here, and he spends considerable of his time there, summer and winter. He still delights in fishing and hunting.

"And I like to fly, too," he said, "I can leave Tecumseh and be at my summer home in two hours, and in two more hours, after a care-free weekend, I can be back in Tecumseh. Nervous about flying? Well, I should say not. Planes, you know, practically fly themselves. Once you get altitude, you just sit back and relax."

LOCALS AND PERSONALS

Friends here have received word that Miss Lane Roff and Fred Niemann, both former Adrian College students and now of Ann Arbor, will be married July 27 at Mt. Clemens. Lane was director of the Baptist church choir for several months.

Weekend guests of Mr. and Mrs. Melvin Muhn were their daughter and husband, Mr. and Mrs. Joseph Sardo of Hollywood, Calif., who are on their honeymoon after being married June 24. Mrs. Sardo was formerly Miss Priscilla Muhn.

Mr. and Mrs. Ralph McCarbery and children arrived home Saturday after spending several days in northern Michigan and returning by way of Chicago.

Kent Davison, son of Mr. and Mrs. Kenneth Davison of Herrick Park, is at Camp Mininwaca on Lake Michigan for five weeks.

Mr. and Mrs. M. L. Dannells spent Sunday in Toledo with Mr. and Mrs. G. R. Dannells.

State Screens Summer Resorts

CLOSE ATTENTION TO SANITATION NOW A TASK OF HEALTH DEPARTMENT

To protect the health of Michigan's 7,000,000 summer vacation visitors, the Michigan Department of Health and the local health departments of the state are now stepping up their resort sanitation activities.

In areas where there are local health departments, the sanitarians who carry on year around programs related to restaurant, water and milk sanitation and sewage disposal in their communities, are now expanding these activities to include the resorts in the area. Some local health departments will employ additional sanitarians for the purpose.

The Michigan Department of Health is adding five resort sanitarians who will work with local health departments and resort owners and will inspect resorts in areas where there are no local health departments. Four of the men are summer employees, but the fifth will be on a year around basis to continue the service to resort operators during the less busy times of year.

Sanitarians throughout the state are now making final inspections of water supply, food handling, sewage disposal, bathing facilities and general safety of the state's 3,500-odd resorts and camps. Those complying with sanitation and safety standards will be given metal "Sanitation Approved" signs which they may display.

Water supply and bathing beach samples are continually being checked in the Michigan Department of Health Laboratories in Lansing, Grand Rapids, Houghton and Powers as well as the new trailer laboratory in Gaylord to keep current check on undue contamination.

The year around inspection of water and food supplies of common carriers—that is, boats, planes and trains—is now expanded to include the state's ferries and excursion boats and summer resort specials.

The local and state health departments are increasing their communicable disease control activities, and their reporting service keeps all sections of the state informed of any outbreak of communicable diseases anywhere in the state. Snake anti-venin serum is available in the main or branch laboratories of the Michigan Department of Health and cold and antitoxin, made in the laboratories of the Department, are available from the laboratories or from the local health departments. Consultants from the Michigan Department of eHalth are available at all times to assist in combating emergency outbreaks of illness or epidemics or in any emergency sanitation problems.

Reports of the 1949 ragweed pollen survey made by the Michigan Department of Health to help sufferers find haven in the state can be obtained from the Department. A pamphlet, "Michigan Wishes You Well" which gives advice to vacationists on the protection of their health may also be obtained from the local health departments or from the Michigan Department of Health, Lansing 4, Michigan.

38 Million Now Carry Blue Cross Insurance

Nearly 38 million Americans now carry the little Blue Cross identification card that is the key to freedom from worry about hospital bills.

This card is now offered to all residents of Lenawee County through the Blue Cross Community enrollment.

The subscriber has no forms to fill out, no claims to enter and no deposits to make when he enters a hospital. He simply presents his Blue Cross card and receives complete hospital service.

Blue Cross pays the hospital directly for services rendered a member. This prepaid non-profit system not only is of great aid to the individual but guarantees the hospitals payment and by so doing keeps the hospital doors open for medical care in the community.

"A Michigan Blue Cross member has no worry about cash when an emergency arises," said William S. McNary, executive vice-president of the Michigan Hospital Service.

In case [illegible] Blue Cross members are entitled to hospital care in any one of the areas outside Michigan served by the 65 Blue Cross Plans that are members of the Inter-Plan Service Benefit Bank.

Mrs. Marion A. Godfrey Is Buried at Addison

Saturday afternoon, funeral services for Mrs. Marion Addison Godfrey, who died at the University of Michigan hospital, Ann Arbor, last week Wednesday evening, were conducted from the Collins Funeral Home, with the Rev. Edward Escolme officiating. Burial was in the Addison cemetery and the bearers were Sevialls Naples, Art Newton, Cecil Godfrey, Ben Hammack, Harry Tubbs and Ralph Jacops. Friend and relatives attended from Tecumseh, Wheatland Center, Adrian, Petersburg, Ann Arbor, Jackson, Ypsilanti and Bellfountain, Ohio.

Sixty-nine years of age at the time of her death, Mrs. Godfrey was born October 11, 1880, in Green County, Ohio. She had been in failing health for the past eight months. She was a member of the Methodist church of Hudson and of the Odd Fellow lodge of Jerome.

Surviving are one son, Fabian M. Godfrey of Tecumseh; one brother, Morrison M. Godfrey of Bellfountain, Ohio, two sisters, Mrs. Bessie A. Bumpus of Tecumseh and Mrs. Elizabeth M. Buck of Ann Arbor, six grandchildren, and several nieces, nephews and cousins.

Half Of State Hay Fever Free

SPOTS IN UPPER AND LOWER PENINSULAS OFFER HAVEN TO SUFFERERS

Hay fever sufferers may expect to find haven in about half of Michigan's area this summer, the Michigan Department of Health said today.

"Comparative relief from ragweed hay fever may be expected in the northern third of the lower peninsula and in most of the upper peninsula," the Department said in its report of the 1949 ragweed pollen survey which incorporates facts from previous years' surveys.

Six Michigan communities were virtually free of ragweed pollen last summer and 17 others reported no more than six days when the pollen concentration reached 100 grains per cubic yard of air. The survey was conducted in 58 communities throughout the state.

Areas which reported no significant pollen counts during the 1949 season were Boyne City, Charlevoix, East Tawas, Petoskey, St. Ignace and Sault Ste. Marie. Munising reported only one day with a pollen count of over 100 grains per cubic yard of air; Crystal Falls, Marquette, Newberry and Ontonagon, only three days; Escanaba, Gladwin, and Houghton, only four days; Mackinac Island, only five days; and Eagle Harbor and Manistique, only six days.

Cities having the longest ragweed hay fever season were Battle Creek, Grand Rapids, Hillsdale and Saginaw each of which had 33 days with ragweed pollen counts of over 100 grains. Lansing and Jackson were close behind with 32 and 31 days, respectively.

Ragweed pollen began to appear in Michigan about mid-July; counts of more than 100 grains were not common until the second and third week in August, and the greatest concentration of pollen occurred the last week in August and the first week in September.

Copies of the 1949 ragweed pollen survey report which include a detailed chart of the 1949 season, and maps showing areas of least pollen in 1949 and previous seasons, may be obtained without charge from the Michigan Department of Health, Lansing 4, Michigan.

Because of budget cuts, the Department will be unable to conduct a ragweed pollen survey this summer.

Schools To Cost

(Continued from page 1)

that an all-time record enrollment of 1,125 is anticipated in the schools here next September. Last year's enrollment was 1,050. He said that school costs are rising slowly and that in all probability tuition costs will increase accordingly.

Mr. Place briefly reviewed the school's program during the past year and pointed out that there will be several innovations in the 1950-51 program. Among these will be a farm shop course, a young farmer's class, eye examinations for all students with trained technicians in charge, and a fully qualified trained public school nurse. The nurse will be on duty half days and will work out of Herrick Memorial Hospital.

A Veterans Training Course under the direction of David Locke will be another full-time class to be added. At present, 22 are enrolled in this course.

Mr. Place, for the board of education, gratefully acknowledged with sincere appreciation a gift of $25,000 to be used on construction costs of the new high school. The donor desired to remain anonymous.

Improvements aside from general upkeep at the public school buildings during the summer include the laying of more sidewalks at the Central building, and a sidewalk south from the new high school to Shawnee street.

Mr. Breitenwischer, for Max Smith, treasurer of the Tecumseh Recreation Board, submitted the annual report. This showed that the board had $717.09 in its treasury on July 1, 1949. Receipts during the year, including donations swelled this amount to $6,993.18 and disbursements totaled $4,807.61 leaving a balance as of July 1, 1950, of $2,185.57.

Mr. Spafford was named to the Recreation Board of Control as the school representative.

Miss Ruth Harding librarian, submitted her annual report. This on the increase. There has been showed that the circulation of all types of books at the library are on the increase. There has been a marked upswing in adult reading locally during the past year, Miss Harding said.

Voters approved the minutes of the annual meeting of a year ago, and they also approved the several reports that were submitted by officers.

Mid-Century State Fair Opens In Detroit, Sept. 1

It will be the "Mid-Century" Michigan State Fair.

That's the tag the Michigan State Fair Board has approved for its 101st annual State Fair to be held in Detroit Sept. 1 through 10.

James D. Friel, who developed last year's Centennial State Fair into the largest ever held, is back on the job as general manager, feverishly preparing for this Fall.

Other officials reappointed include Harry B. Kelly, Director of Exhibits; Graham Overgard, director of music and special events; Jack Dickstein, entertainment director; Polly Laers, director of Home Arts and Dick Frederick, director of publicity and advertising. Robert J. Byers has been appointed director of commercial exhibits.

Friel said the State Fair again will emphasize the importance of Michigan as an agricultural State and the interdependence of all Michigan agriculture, industry, education and other interests.

Learn To Recognize 3-Leaf Poison Ivy

Learn to recognize the three leafed poison ivy and stay away from it, the Michigan Department of Health warned Michigan people today.

No one is immune to ivy poisoning. Exposure to poison ivy may result in serious month-long illness which may require hospitalization.

The poison of the plant, a non-volatile oil, can be carried on dust, on soil, in ashes, in fire smoke, on the fur of pets, on clothing, on garden tools or on wood for the fireplace.

Any person who thinks he may have been exposed to poison ivy should wash thoroughly with strong laundry soap. If blisters appear, he should go to his doctor at once for medication and for shots.

Eradication of the plant is the only real protection from the poison, according to the Department which is especially urging resort and urban areas to see that the plant is eradicated from parks, playgrounds, golf courses, bathing areas, along pathways and walks.

Either an "ammate" or 2-4 D solution sprayed on the leaves of the plant will kill it. "Ammate" takes five to ten days and 2-4 D, about three weeks. If the plants are still green at the end of these periods, they should be sprayed again. Spraying should be repeated each spring until plants no longer appear. The sprays are non-poisonous to man or animals, but care should be used to keep the mist away from valuable cultivated plants.

About three quarters of a pound of "ammate" in a gallon of water will treat a square rod of dense ivy foliage. Spraying is inexpensive compared with the cost of treatment of even a slight case of the poisoning, the Department said.

Starches And Fats Can Be Reduced In Summer

"You need just as much meat, eggs, milk, vegetables and fruits in summer as you do in winter but you probably need less calories. Unless you are particularly active, cut down on your starches and fats — leave off the gravies, rich sauces and pastries."

That's what Mrs. Alice H. Smith, chief nutritionist of the Michigan Department of Health says in an article "Less Calories for Summer Coolness" in the Vacation issue of "Michigan Public Health."

The article recommends three well-balanced meals a day in summer as well as in winter, but it contains suggestions for less cooking, more raw vegetables, more fresh fruits, main dish salads and one warm dish to make the meal more satisfying.

A copy of the Vacation issue of "Michigan Public Health" which contains the article, or a year's subscription to the magazine may be obtained without charge by writing to the Michigan Department of Health, Lansing 4, Michigan.

Graduates Eye Nursing Field

LIKE ELEMENTARY SCHOOL TEACHING, THIS PROFESSION IS NOT CROWDED

LANSING—Tops among careers to which this year's high school graduates can look forward is nursing, in the opinion of Rhoda F. Reddig, president of the Michigan Nursing Center Association.

Recent surveys of job opportunities bear out her conviction that nursing is an uncrowded field, with a wide variety of openings for qualified men and women.

The best prospects for graduates this year, according to a survey by the New York Times, are nursing, elementary school teaching, pharmacy, health services, and psychology. "A wide-open field" is what Life magazine calls nursing, because the demand for nurses continues far ahead of the supply.

"If half of the 56,500 high school graduates in Michigan this year are girls," recently declared Miss Reddig, who is director of the University of Michigan School of Nursing," one out of 17 or 18 will find an opening in an approved school of nursing in this state next September. She may prepare in a university school, earning a degree as well as a diploma. She may enter a three-year hospital school of nursing. Or she may decide on the one-year course in practical nursing.

"If she wants to be a professional nurse, she should be in the upper third of her class. She should have had a college preparatory course, or its equivalent. She should have the personal qualities that make a good nurse. If she chooses her school of nursing wisely, she will be ready at graduation for a career that thousands of nurses have found satisfying and rewarding."

A leaflet describing the requirements for becoming a nurse, and listing all approved schools in the state of Michigan, is available to any inquirer. Requests should be sent to the Michigan Nursing Center Association, 750 East Main Street, Lansing 12, Michigan.

Hear! Hear!

He approached the judge with all kinds of politeness.

"Your lordship, I'd like to get out of jury duty," he said.

"For what reason?" asked the judge.

"I can only hear with one ear," was the excuse offered.

The judge smiled.

"It's all right," he said. "We only hear one side of a case at a time."

Hey! Listen!

Two laborers were working on a very tall building. Suddenly the one at the top leaned over and shouted down to his mate: "Hey, Jake! Come up here a minute and listen!"

Minutes passed as Jake toiled slowly up a series of ladders. At last, panting, he reached the top. "I can't hear anything," he said, after listening intently.

"No," the other agreed. "Ain't it quiet?"

Martha G. Kossey Weds Louis A. Rebattaro

Martha G. Kossey, daughter of Mr. and Mrs. Eugene Kossey, became the bride of Louis A. Rebattaro, son of Mr. and Mrs. Eugene Rebattaro, all of Rt. 1, during a beautiful wedding at St. Elizabeth's Catholic church, Saturday morning at nine o'clock. The Rev. Fr. Michael G. Collins read the double ring service. The altar was banked with palms and vases of white carnations and gladioli.

Frank Rosek and Donald Wykstra were the ushers and seated the guests as the organist, Mrs. Goheen, played a program of nuptial music. Anthony Sinelli was best man. Mrs. Anna Blesing was the soloist.

For her wedding the bride chose a gown of white slipper satin, styled with a bertha collar, fitted bodice, full gathered skirt over a hoop, ending in a court train. Her fingertip veil of net illusion fell from a tiara of seed pearls.

Betty Kossey was her sister's maid of honor and was gowned in peach net over taffeta, made with a hoop skirt and cap sleeves. The bridesmaids were Clara and Rena Rebattaro and their gowns were of pale green and pale orchid. All attendants wore matching mitts.

Both mothers wore simple navy blue dresses. Mrs. Kossey's was trimmed in pink and she had a corsage of pink roses. Mrs. Rebattaro wore red roses.

A wedding breakfast was served at the American Legion home immediately after the ceremony for 65 guests. Dinner for 150 was served at 2 o'clock and a reception was held for 300 guests between 7 and 10:30 when a buffet lunch was served.

The beautiful chapel wedding cake was cut by Mrs. Lavern Frederick of Monroe, sister of the groom, and served with ice cream. The cake was topped with a miniature bridal party wearing the same colors as were used in the wedding. Assisting in serving were Dola Lanning, Mary Dinse, Pat Craig, Mary Forgas, Arlene Wheyer, Ina Downing and Jane Darin.

Guests were from Detroit, Pennsylvania, Monroe, Northville, Britton and Royal Oak.

When the bride left on a motor trip through the eastern states, the bride was wearing a navy and white suit of rayon gabardine with navy accessories.

The bride has been employed at the M. A. Telephone Co. as an operator since her graduation from Tecumseh high school. The groom graduated from Macon high school, spent two years in the Army Air Force, with overseas duty in Italy. They will reside at the home of the bride.

Non-Partisan News Letter

(Special to The Herald)
By Gene Alleman

The "arsenal of democracy" for World War II is getting ready for World War III.

While hoping that Russia would not precipitate another world conflagration, Michigan government and civilian leaders are taking a practical viewpoint. IF war does break out, Michigan can expect aerial attack from the enemy for the first time in the commonwealth's history.

Governor G. Mennen Williams has asked mayors of 45 cities, all over 10,000 population, to appoint civilian defense directors at once.

A temporary air raid warning system will be placed into operation by Commissioner Donald Leonard, Michigan State Police. The governor was assured by Rep. Victor Knox, speaker of the House, that the legislature would convene promptly if, in the opinion of the governor, new legislation was needed to prepare Michigan for any emergency. The legislature is now technically in recess.

At the Soo locks the government closed the locks to visitors as a security precaution, labeled as a "10-day test."

The state police radio network is being alerted for possible emergency use.

In Detroit, where munitions were mass-produced during World War II at victorious volume, steps have been taken to notify the public if Russia attempts a sneak attack by air. Sirens have been silenced on police and fire equipment so that the sound of sirens, at any time, will mean just one thing: WAR! Augmenting the police-fire siren warnings will be the whistles of 140 factories.

Plans to evacuate industrial centers are being rushed, while first aid organization was being pushed to provide doctors, nurses and nurses' aides for bombed areas.

All of these hurried preparations reveal the extent to which Michigan citizens have been suffering from war jitters.

At Washington the Congress approved extension of the draft, empowering the president to draft needed manpower for the armed forces, now 635,000 men short. Michigan's selective service machinery is being kept on a standby basis for instant call.

Recently, at Lansing, all civilian defense coordinators met for a state-wide session.

Detroit's coordinator, Brig. Gen. Clyde E. Dougherty, gave this bit of advice, as publicized in the press:

"All I can say is be calm, don't get hysterical, get under cover, turn off the gas and lights, leave the radio on for advice, and have plenty of water available.

Washington advice is that an outbreak of war would automatically invoke the most drastic restrictions on food, transportation, and materials. Prices would be put under ceilings; wages probably frozen.

All of this disturbing preparation is likely, as long as the war clouds are on the horizon, to prompt apprensive housewives to "play safe" by purchasing a few extra pounds of sugar; families to take that year-planned vacation in the near future and perhaps to order a new automobile, television set, clothes and other commodities which might become scarce articles. Hoarding of this kind will have one inevitable result: An artificial shortage, thus created, will skyrocket prices unnecessarily.

And yet human nature may be expected to function, as it always does.

Michigan's big news-of-the-week is the hurried preparation to get under cover from Russian bombing plans if and when war breaks.

If war does not come, the preparations may be regarded as constructive for test training purposes.

If war does come, a lot of people fear that Michigan may be caught unprepared. The big industrial centers and the Soo locks offer ideal targets, and a few bombs, placed accurately, could become miniature "Pearl Harbors" to American security.

Miss Lorraine Tallman Bride of Russell Handy

Saturday afternoon, July 8, in the Tecumseh Baptist church, Miss Lorraine Tallman became the bride of Russell Handy. The double ring ceremony was read at four o'clock by the Rev. O. E. Priest before the altar which was banked with palms, two baskets of gladioli and baskets of garden flowers.

The daughter of Mr. and Mrs. Delbert Tallman of Clinton, the bride was given in marriage by her father. Mr. and Mrs. Fred Handy of Tipton are the bridegroom's parents.

Miss Betty Mae Handy, sister of the groom, preceded the bride to the altar wearing a pink taffeta gown, fashioned with a sweetheart neckline and full skirt with bustle back. Her nosegay was made of deep pink and white carnations.

The bride chose white moire taffeta for her gown. It was made with a fitted bodice with a net yoke, cap sleeves and a full skirt. She wore long mitts and her fingertip veil with lace edging was held in place with a band of fresh flowers. Her bridal bouquet was of white carnations with white feverfew and ivy streamers.

Before the ceremony Mrs. Murray Day sang "Because" and "The Lord's Prayer." Mrs. Kenton Hunt was the organist. George Downard attended the groom as best man and the ushers were Delbert Ronald Tallman, brother of the bride, and Robert Handy, brother of the groom.

Immediately following the ceremony a reception was held at the home of the bride's parents, 112 Locust, Clinton, for some 125 guests. Mrs. Tallman chose nylon navy sheer with white accessories and a pink rose corsage for her daughter's wedding. Mrs. Handy wore green crepe with white accessories and a pink rose corsage.

The four-tiered wedding cake was topped with the traditional miniature bride and groom. Those assisting with the serving were Miss Beverly Tirb of Clinton, Mrs. Allard Partain and Miss Evelyn Heimerdinger, both of Clinton.

When the couple left on a trip through northern Michigan, the bride was wearing a yellow crepe dress with brown accessories and a corsage of white carnations taken from her bridal bouquet. They will reside west of Clinton on US-112.

A graduate of Clinton high school with the class of 1949, the bride is employed at Ottawa Machine Products in Tecumseh. The groom is employed at the Clinton Machine Co.

CLINTON

Robert Schmidt has resumed his studies at the Minneapolis College of Engineering at Minneapolis, Wis.

A daughter, Donna Jean, was born to Mr. and Mrs. Donald Kaiser of Pontiac, June 2.

Mr. and Mrs. Sam Baird have sold their house on Coman street to Mrs. Celestia Ingraham and will move to Tecumseh.

Mr. and Mrs. Terry Merritt were in Berry, Ky., for a few days last week.

Mr. and Mrs. Clarence Keller were called to Newfane, N. Y., by the death of his mother, Mrs. Lillian Keller.

Mr. and Mrs. John Hembree and son John of Clarksville, Ind., were recent callers of Mr. and Mrs. W. W. Steele.

Mrs. Henry Williams and great-grandson of Glouster, Ohio, are visiting the former's daughter, Mrs. Chester Merritt.

James Merritt has been at the home of his grandparents, Mr. and Mrs. James Merritt of Elkhart, Ind., and attended a youth camp while there.

TIPTON

Mr. and Mrs. Howard Evans spent a few days with Mr. and Mrs. Ralph Miller and children at Capac. Mrs. Evans' mother, Mrs. Rose Slater, has gone to the home of another daughter, Mrs. Harold Dings at Berkey, Ohio.

Paul M. Arndt of Evanston, Ill., a brother-in-law of Mrs. Fred Davis, has been seriously ill at the Evanston hospital.

Mrs. William Dillon and son Eugene of Pittsburgh, Pa., have returned home after visiting Mr. and Mrs. Bedell Williams and family.

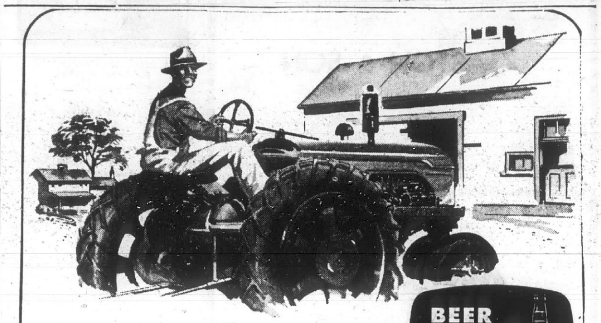
Mr. and Mrs. Raymond Platt entertained at dinner recently in honor of the birthday anniversary of Mrs. Wayne Camp. Guests included Mr. and Mrs. Richard Vollmer, Mr. and Mrs. Camp and Mr. and Mrs. Charles Driffill.

Recent guests of Mr. and Mrs. Arthur McElhiney and family were Mr. and Mrs. John Flesh and daughter of Swanton, Allen Edwards and daughter of Toledo, and Mr. and Mrs. Harry Edwards of Holloway.

A Long Job

Herbie—I'll count the days until I see you again.

Ethel—Well, I hope you have a good head for figures.



The American Way

BEER AMERICA'S BEVERAGE OF MODERATION

In Michigan, farming is a Number 1 activity especially during this time of the year. And to ease that tired feeling after a hard day in the fields "The American Way" is to enjoy a glass of cold, refreshing, Michigan brewed beer.

For beer is the kind of beverage Americans like. It belongs . . . to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs . . . to our own American heritage of personal freedom. *Beer Belongs . . . Enjoy It*

From where I sit ... *by* Joe Marsh

There it Was— Right in The Middle!

Easy Roberts mowed his lawn early last Saturday. Then he sat on the porch, and watched Handy Peterson cutting *his* grass.

The Roberts' property and the Peterson's border each other — with no hedge or fence between them. So, when Easy notices Handy had left about a four-foot strip unmowed along the boundary, he walks over and asks why.

"That's *your* land," says Handy. "Mine ends here. See, it lines up with that oak tree across the road!" Easy didn't think so, so they went up and down looking for the surveyor's marker. Where did they find it? Right in the middle of their "no man's land!"

Well, they both grin and take turns finishing the job and then retreat to Easy's for a friendly glass of beer together. From where I sit, a little searching around for the truth of the matter often shows that the other fellow is as much right as you are—at which point the whole thing doesn't seem as important anyway.

THE TECUMSEH HERALD

NINETY-NINTH YEAR—NUMBER FORTY-TWO | TECUMSEH, MICHIGAN, JULY 20, 1950 | FIVE CENTS A COPY

Lies To Police, Is Sent To Jail

ADMITS CAR THEFT STORY IS FALSE; DUNDEE YOUTH GETS 30-DAY SENTENCE

If you must tell "tall stories" to someone, you'd better not try them on members of the Tecumseh Police Department.

On July 8, Carl Breitner, 18, Dundee, reported to police here that his automobile had been stolen from the vicinity of the Hayden Mills. He said that a purse was in the car at the time it was taken, and that the cash had been removed from the wallet.

Police recovered the car a few hours later and they checked with Breitner about the theft. Chief M. E. Clark and Patrolman Wayne Schultz participated in the questioning and on July 14 decided that Breitner was not telling them everything about the affair. Some of his statements, they said, did not dovetail.

Breitner was brought in again for questioning on July 14 and it was then that he admitted that his car had not been taken, and that he told the yarn for the purpose of having some fun with the officers.

Police felt differently about the case. They had worked nearly a week to clear it up and that cost them money.

Breitner was taken into Justice John Lowe's court at Adrian last Friday, charged with falsely reporting a crime to police. Justice Lowe couldn't see the funny side of the case, either. He sentenced Breitner to spend 30 days in the county jail at Adrian to pay a fine of $50 and costs of $8.60 or, in default of the payment of the fine and costs, to serve an additional 30 days in jail.

"Crime doesn't pay, and neither does it pay to tell 'tall' stories to the officers," Chief Clark said.

Curfew Law Is Being Prepared

COUNCIL EXPECTED TO ENACT ORDINANCE AT EARLY MEETING IN AUGUST

The Village Council, probably at its meeting in early August, will enact a curfew law, now being prepared by James C. Beardsley, village attorney, at police request.

The curfew law would make it a misdemeanor for children under the age of 17 years to be on village streets later than 10 p.m., on school nights, and before 5 a.m., unless in the company of an adult. On Friday and Saturday nights the time limit would be extended to 11 p.m.

The council, meeting Monday evening, approved the report of engineers of the A & P Tea Company, to make the company's now private parking lot available for public use. This would be done by opening a fence surrounding the A & P. lot, which adjoins the village parking lot.

The request of Elsie Neitling and Charles Warner for a tavern and SDM license was approved.

Current bills were audited and ordered paid, and reports of committees and department heads were read and placed on file.

Corp. Donald E. Everhart Wins Award Certificate

Cpl. Donald E. Everhart, son of Mr. and Mrs. H. A. Everhart, left Toledo Friday noon for Fairfield Siusun, Air Force base in California, and arrived there Sunday evening. He had been home on furlough since June 21, after having completed a twelve weeks engineering course at Ft. Belvoir, Va., when he was awarded a certificate of achievement.

The following is the reading of the award: "This certificate is awarded to Cpl. Donald E. Everhart in recognition of his outstanding academic achievement. During the period of 27 March to 16 June Cpl. Everhart completed the Engineer Drafting course, attaining the highest academic standing of any member of his class. This superior performance evidencing exemplary devotion to duty, reflects great credit upon Cpl. Everhart and the military service. D. L. Weart, Major General U.S.A. Commandant."

TAX NOTICE

I will be at the United Savings Bank every Saturday through July and August, or every forenoon Monday through Friday at my home 219 So. Pearl, from 9 to 12 noon, for the collection of village taxes.

Ground Broken For Church

Photo shows the Rev. C. W. Scott, district superintendent, breaking the ground for the new Gospel Tabernacle of the Assembly of God on Bidwell street, just west of Pearl street, as the Rev. A. S. Dimbat, pastor, looks on. The service was held Sunday afternoon, and was attended by about 100 persons.

Local Scouts Awarded Honors At Campfire

Ten boys of troop 76, Tecumseh Boy Scouts, attended Camp Kanesatake, Washington Lake, last week. Jim Armstrong, Gary Cameron, Teddy Cornell, Robert Francouer, Glenn Haviland, Robert Martin, Warren Naugle, Donald Partridge, James Place, and Harold Robinson represented the troop with flying colors.

Each boy was presented with a first year camp award at the Achievement Ceremony and Campfire on Friday evening, July 14. This merit is given after a Scout has completed the following requirements: 1. Swim 20 feet, any stroke. 2. Attend demonstration on water front safety. 3. Participate in three of the following activities: axe yard, rope yard, nature trail, camp yard, archery range, rifle range. 4. Row a boat properly. 5. Do a camp "Good Turn." 6. Demonstrate good Scout spirit.

Four of the boys excelled and won recognition in rifle range activity. Donald Partridge, Robert Francouer, Robert Martin and Jim Armstrong were four of the total of eight boys at camp who won their pro-marksman awards.

Each Scout was enthusiastic in describing camp activities, the food he had eaten, the fun he had had, and all have decided to return next year. Eighty boys from various troops of the Monroe and Lenawee area attended camp at this time.

AUTOMOBILES COLLIDE, TWO TICKETS ISSUED

Two traffic tickets were issued by police here on Tuesday afternoon at 3:30 when cars driven by John T. Hearl of Milan and Louise Pritchett, Adrian, collided at the corner of Pottawatamie and South Maumee streets. No one was hurt. Property damage to the cars was estimated at $250.

Police said that they issued a ticket to Louise Pritchett because she did not possess an operator's license. The car she was driving was owned by Dennis Pace, 506 W. Pottawatamie street, and a ticket was issued to him. He was charged with permitting an unlicensed driver to operate his car.

FORMER RESIDENT DIES

George Zimmerman, 86, of Owosso, died Thursday and funeral services were held at the Jennings-Lyons chapel in that city, Saturday afternoon. Burial was in Detroit.

Mr. Zimmerman was a former resident of Tecumseh and had visited friends here in May. He transferred from Tecumseh I. O. O. F. lodge to the Owosso lodge. He is survived by a daughter, Mrs. Elsie Jenks, and a grandson in Detroit. His wife, Ella, and a sister, Mrs. Elmer Blesing, preceded him in death.

Merchants Team Loses To Vandercook Lake

The Tecumseh Merchants baseball team lost to Vandercook Lake on the winner's field last Sunday.

The second inning was the high spot for Vandercook Lake when they scored six runs. Tecumseh scored four runs in the fifth inning, one of which was a home run by center fielder Bill Marsh and one run in each of the sixth and eighth. The winners collected four more in the late innings with the final score being Vandercook Lake 10, Tecumseh 6.

Dave Murphy was on the mound for Tecumseh.

The Indians now have four wins and three loses in the Quad County League. They will play Brooklyn here July 23 at 2:30 p.m.

The box score:

	R	H	E
Tecumseh	6	11	1
Vandercook Lake	10	10	0

Three Sought On Rape Charge

19-YEAR-OLD GIRL OF NEAR TECUMSEH PREFERS CHARGES, FRIDAY EVENING

Three men, probably from Ohio, are being sought by Michigan State Police in connection with the reported raping of a 19-year-old girl who resides east of this village. The attack occurred about 11 p.m., Friday.

Police said that the girl, employed in a store in Adrian, worked there until closing time Saturday and then took a bus to Tecumseh. She attempted, she said, to contact her father by phone upon her arrival here but failed, and decided to walk to her home.

East of Tecumseh, as she was walking along M-50, three men in an old model blue car stopped and offered her a ride. When she refused, she told the officers, one of the men grabbed her and forced her into the car. The men then drove down side roads for nearly half an hour and then threatened to knock her unconscious unless she submitted to their demands. All three of the men raped her, she told the officers.

The girl was released by the men a short distance from her home and she immediately walked to her dwelling and notified her family. Local and state police were called, and the girl was given medical treatment at Herrick Memorial Hospital here.

State troopers are going on the theory that the men may have been the ones evicted from a carnival lot in Adrian after they had created a disturbance, late Friday afternoon. The carnival manager told officers that the men answered the description given by the girl, and that they drove an old model blue-colored car with an Ohio license attached.

State police were in Ohio on Monday and were continuing their investigation today.

REUNION AT LAKE

The annual VanValkenburg family reunion was held Sunday at the cottage of Mr. and Mrs. Leon VanValkenburg at Sand Lake. A potluck dinner was served at noon to 85 persons, who attended from Detroit, Washington, D. C., Bellevue, Britton, Clinton, Dearborn, Toledo and Adrian. During the business meeting Dalton VanValkenburg was elected president; Raynor VanValkenburg, vice president; and Mrs. Erma Munch, secretary and treasurer.

The annual picnic of the congregation of Grace Ev. Lutheran church will be held at Britton, Sunday, July 30. On that day there will be no Sunday school and services will begin at 9:30 a.m.

Work Started On New Church

GROUND-BREAKING CEREMONY AT GOSPEL TABERNACLE IS HELD, SUNDAY

Ground was broken Sunday afternoon for a new Gospel Tabernacle Assembly of God on Bidwell street, just west of Pearl street, and construction of the new building started immediately, according to the Rev. A. S. Dimbat, pastor.

The Rev. C. W. Scott, district superintendent, turned the first shovel of earth for the new building, at the service on Sunday which was attended by about 100 people. The new edifice will be of block construction, about 40 by 50 feet in size, and will accommodate about 250 people. At a later date, a permanent finish of sandstone or something similar will be applied.

Mrs. Harold Speer, formerly Miss Opal Berger, of Alpena, the first Assembly minister here, participated in Sunday's service, as did her husband, the Rev. Mr. Speer. Guests were present from Monroe, Detroit, Ypsilanti and Adrian.

The site for the new church recently was acquired. The lot is 75 feet by 132 feet and is located behind the present church building. This structure will be sold as soon as the new church is finished.

The Rev. and Mrs. Dimbat came to Tecumseh about a year ago. Since that time the church has outgrown the present building, necessitating the building program. The Gospel Tabernacle here joined the Assembly about 10 years ago.

WINDOW IS BROKEN

Police are investigating the breaking of a window in the Easton Service Station on July 13. The station is located at Pearl street and Chicago boulevard.

Cornerstone Is Laid

The cornerstone of St. Elizabeth's new Catholic church on N. Union street was laid, Sunday afternoon, by the Rt. Rev. Msgr. G. Warren Peek, of Ann Arbor, dean of the southwestern district of Michigan. Left to right, above, the Rev. Fr. Michael G. Collins, pastor of St. Elizabeth's; Msgr. Joseph V. Pfeffer, former pastor, Detroit; Msgr. Peek and the Rev. Fr. George Gaynor of Siena Heights College and St. Joseph's Academy, Adrian. The new edifice, costing about $75,000, is expected to be completed by Christmas.

Boys' Golf Tourney Delayed To July 24

The golf tournament for boys, scheduled for this week Monday at the Tecumseh Country Club, has been postponed until next Monday, July 24, at 9 a.m. The tournament will be in charge of Elven Duvall, who is to be contacted by any who wish to participate.

The ball games scheduled for this week at Recreation Center were also postponed until next week.

Racing Drivers Get Jail Terms

TWO FROM TECUMSEH GET 5-DAY SENTENCES PLUS FINES OF $50 AND COSTS

Five-day jail terms in addition to fines of $50 each and costs of $4.30 were meted out by Justice L. J. VanDeusen of Clinton, Saturday, when Seaton A. Wilson, Jr., 19, and Robert Hamilton, 27, both of Tecumseh, entered pleas of guilty to charges of reckless driving. The warrants were issued by Prosecutor Rex Martin on complaint of the Michigan State Police.

State police charged that a car driven by Wilson rolled over, injuring three persons, at 3:30 a.m., Saturday morning, on M-50 just west of Tecumseh. They said that Wilson and Hamilton were racing their cars, headed east on M-50. Wilson told the officers that when Hamilton's car started to go around him it cut sharply in front of him and he lost control. The car rolled over. Hamilton's car was not involved and was not damaged. He was not hurt and neither were two others in his car.

Wilson suffered cuts in face, arms and legs. He was treated at Herrick Memorial Hospital and then released. Harry Bush, 16, Tecumseh, a passenger in his car, was removed from the hospital here to University Hospital, Ann Arbor, Tuesday. He suffered a badly fractured left arm and internal injuries. Claude Clause, 23, Tecumseh, also in Wilson's car, suffered cuts on his back which were treated at the hospital.

During vacation period July 24 to August 21, the library will be closed from 5:30 to 6:30 daily.

300 At Laying Of Cornerstone

MSGR. G. WARREN PEEK, ANN ARBOR, OFFICIATES AT SERVICE HERE, SUNDAY

The Rt. Rev. Msgr. G. Warren Peek, dean of the southwestern district of Michigan and pastor of St. Thomas Church, Ann Arbor, officiated here Sunday afternoon at the laying of the cornerstone of the new St. Elizabeth's Catholic Church on North Union street. He was assisted by the Rt. Rev. Msgr. Joseph V. Pfeffer, pastor of St. Elizabeth's church, Detroit, the Rev. Fr. Michael Collins, pastor of St. Elizabeth's church here, and some 15 priests from neighboring parishes. Approximately 300 persons attended the ceremony at 3 p.m.

Following the cornerstone laying, Msgr. Pfeffer, a former pastor of St. Elizabeth's here, spoke briefly. He reviewed the history of the church in Tecumseh, when it was a part of a missionary parish with headquarters at Manchester, and told of the growth that has necessitated the building of two churches here in less than 30 years.

Fr. Collins presided at the service.

The new St. Elizabeth's church will replace the present church, located on East Chicago boulevard which has been outgrown. When the new edifice is completed, the old church will be used for a parish hall.

The new church is of brick, stone, steel and cement construction and will cost approximately $75,000. It is hoped that it can be completed in time to hold Christmas services there. The site on which the building is located was purchased several months ago by the church and comprises some 14 acres. Later it is planned to build a school on the site, as well as a rectory.

W. S. C. S. Plans To Hold Seminar In Britton Soon

The W. S. C. S. of the Methodist church met last week Wednesday afternoon at the church parlors. Mrs. Ellsworth Collins, vice president, presided in the absence of the president, Mrs. T. Rentschler.

Mrs. Edna Codling, program chairman, gave an interesting talk on the Jews of Israel in this country. During the business session it was voted to hold the annual bazaar and dinner Wednesday, October 18, and to have a cafeteria supper August 16, with Miss Vera Gilbert in charge.

Mrs. Charles Schoenholtz, secretary of supplies, read a letter urging the members to attend the seminar at Britton, July 2. Members are to meet at the church at 8:30 a.m., and transportation will be provided. The meeting closed with the benediction by Dr. Norman MacNaughton.

HAPPY HOME BUILDERS

The Happy Home Builders class of the Baptist Church School met at the church, Monday evening for a potluck picnic. The event, which was originally planned to take place at the state park at Wamplers Lake, was held inside because of rain. There were 48 present. After the program, several of the couples gathered at the home of Mr. and Mrs. C. O. Baily and played progressive canasta.

Would Restrict Gas For Heating

EXCEPTION FOR TECUMSEH IS ASKED; APPLICATIONS PRIOR TO JULY 17 O. K.

Heavy public demand for the use of natural gas for space heating has prompted the Consumers Power Company to petition the Public Service Commission for the right to reject applications for such service, effective as of July 17, it was announced today by Louis D. McDowell, manager of the company, in Adrian. A decision on the petition is expected to be handed down by the Commission on Friday.

Under the terms of the petition, residents of Tecumseh, Blissfield, Clinton and Manchester would be exempted from the ruling and would be given 30 days in which to make application for such service after gas has been connected to the mains in the four towns. Whether or not the Commission will agree to the exemption is problematical, Mr. McDowell said.

All restrictions limiting gas service to the public were removed by the company last January, McDowell said, and since that time some 23,000 connections have been made in the area served by Consumers. At the present time, he said, there are approximately 23,000 applications for service that await processing, and additional applications are arriving at the rate of about 1,000 a week. The company fears that unless it restricts its service, and continues to accept applications, its supply or gas will not be sufficient to meet public demands.

McDowell said that in any event, all persons locally or elsewhere who signed up with the company prior to July 17 for the use of gas for space heating will be served by the company. He said that he is hopeful that the Commission will grant Tecumseh and the other three towns permission to apply for service for 30 days after the mains are connected.

"We feel that that is only fair to the residents of the four towns, where gas is now being installed for the first time," McDowell said. Mains already have been laid in Blissfield, they are being laid here at the present time and then the crews go on to Clinton and Manchester.

The petition, McDowell said, applies only to the use of gas for space heating. Service applications for water heating and cooking will continue to be accepted.

The company is about two-thirds finished with the laying of gas mains locally, and it is expected that gas for heating will be available here for use in early September. McDowell said that he did not know how many residents of Tecumseh had asked for space heating service.

HISTORY OF TECUMSEH REVIEWED BY BRAZEE

Some highlights from Tecumseh's history were reviewed by the Rev. Alvin Brazee, former teacher and now pastor of the Iron Creek Church, when he spoke, Tuesday evening, following the Rotary Club dinner at Legion Memorial Home. The Rev. Mr. Brazee has compiled many facts concerning the early life of the village, and he presented them most interestingly.

Kenneth Swartz of Tipton, Tecumseh high school senior and president of the Student Council, who was Rotary's candidate to Boys State at East Lansing recently, also spoke to the club. He told of his experiences at the assembly, of his election to the "senate" and expressed appreciation to the club for making the trip possible. His father, Grover Swartz, also was a guest.

REMEMBER! IMPROPERLY CANNED FOODS MAY BE POISONOUS

Looks, Taste, Smell May Not Warn of Food Dangers

Here's some advice on safe home canning issued today by the Michigan Department of Health.

Improperly canned food can be poisonous when it neither looks, smells or tastes bad, the Department warned.

Can everything except tomatoes and fruit by the pressure cooker method, if it is at all possible. When non-acid food such as vegetables, meat and poultry are canned by any other method, the contents of each can must be boiled for at least 15 minutes before they are even tasted. Use boiling water bath for fruits and tomatoes only. Cold pack nothing except tomatoes. Never can lima beans or corn in anything larger than a pint jar. Even pressure cooking cannot make these vegetables safe in larger containers.

Never can in the oven. The danger of explosions and burns is too great, and then the product canned in the crowded oven may not be safe.

Get the latest government time tables and directions for any type of canning and follow them exactly. Use only those time tables and directions issued since 1947.

Can only fresh foods in the very best condition.

Be sure that all food for canning, hands, towels and all canning equipment including jars and lids, are immaculately clean. Read carefully and observe the manufacturer's instructions for the type of lid you are using.

Keep the pressure cooker's petcock and guage clean. Have the guage checked by its manufacturer.

Prepare only one load for the cooker at a time. Work quickly While one load is processing, prepare another. "Two hours from garden to can" is a good rule to follow. Be sure the pressure is completely down before you open the cooker.

Cool jars quickly, but out of any possible draft. Don't turn jars upside down—this breaks the seal. Tilt them gently to test for leaks.

If vacuum seal lids are used, remove the screw cap the following day to be certain that no inadequately sealed jars are stored. Store in a cool, dark, dry place.

Don't try to can the entire crop in one day. Give special care and attention to each step in home canning. Let other work go during canning hours. Pen the small child away from the canning area in the kitchen.

Reviewing your canning methods in the light of the latest government information on safe canning may save your life, the State Health Department said. Pamphlets containing government recommendations can be obtained from the county agricultural agent's office or from Michigan State College.

Too Many Traffic Deaths

The report of the Michigan State Police, summarizing all reported accidents in the State of Michigan for the month of May, has just been released. It is a most interesting report to study, and a most shocking one. It shows that 107 persons lost their lives during the thirty-one day period, (provisional Health Department figures say 118), that 3,331 were injured, and that there was a total of 10,836 reported accidents throughout the state.

It also is interesting to note that of the 107 persons killed only one of the number lost their lives in a town of less than 1,000 population. In communities of from 1,000 to 2,500 population there was not a single fatality. In the 2,500 to 20,000 population group there were three fatal accidents BUT in the cities of 20,000 population and over there were 20 fatalities. In the rural areas, on the wide-open highway, there were 83 traffic deaths, more than three times as many as there were in the urban areas.

Only one person was killed in an accident that involved a railroad train, no one lost his life in mishaps involving street cars or horse-drawn vehicles, and there were only three fatalities involving bicycles. However, 25 persons did lose their lives when their cars ran off the roadway, and four others were killed when their cars overturned.

Thus far this year, (as of the end of May), 511 persons have been killed in accidents in the state. Reported mishaps number 58,777. Last year, during the same period, there were 490 traffic deaths and 55,595 reported accidents. During the first five months of this year 15,099 persons have been injured as compared to 14,682 a year ago in the same period.

The figures show, then, that traffic deaths during the first five months of 1950 were about seven per cent greater than they were a year ago. About 21 persons are losing their lives monthly in traffic accidents, or more than 250 annually. Another seven per cent boost in the figure will bring the 1950 total to near the 300 mark.

When one looks over the State Police compilation and studies it for a moment or two he should be convinced that, in all probability, speed is the greatest killer. Of the 107 deaths during May, 83 of them occurred in rural areas, on open highways and on state and county roads. Many motorists fear city driving — they say it is too dangerous. The State Police report shows city driving to be three times as more safe as country driving.

But regardless of safety here, there or the other place, 107 deaths due to traffic in any 31 day month of the year is entirely too many. There are times, perhaps, where accidents are unavoidable. Cars are man made, they are mechanical monsters and sometimes, even with the best of care, they do go wrong, but not very often.

State Police estimate that during the first four months of the year 1950 motor cars and trucks in the state of Michigan traveled more than 6283 million miles. Today, the state and the nation are moving on wheels that are rubber tired. There was a six per cent increase in mileage traveled the first four months of this year over 1949. In all probability there will be an even greater increase for the year.

The increase in traffic deaths and mileage traveled places an added responsibility upon every person who sits behind a steering wheel. Motor car operators should remember that, with their hands on the wheel and their feet on the throttle, they have at their command an instrument far more dangerous than an Army rifle or a machine gun.

It is time—past time—for the State of Michigan to tighten its hold on the issuance of operator's licenses. More rigid tests should be given, and applicants should be more closely screened.

Also, there is a desperate need for a more rigid inspection of motor cars by police to determine whether or not they are safe to be on the highways. All too many motor vehicles lack proper brakes, proper head and tail lights, and proper windshields for vision.

The issuance of a driver's license should mean far more to the state than the $1.25 collected at the time of application. As we see it, the officer who permits, knowingly, an incompetent and incapable person to drive a motor car, or permits him to operate a vehicle in an unsafe condition, is just as much a killer as the operator himself.

***In this case* FEELING IS BELIEVING**

No, the eye does not tell everything—not in this instance.

True, it tells you ROADMASTER is smart. It tells you it's big. It shows, if you watch closely, that this brawny beauty rides level and unperturbed even when road-roughness has its wheels fairly dancing.

A glance may even indicate how much lolling comfort there is here—what wide-open freedom passengers and driver know in this gay traveler.

But how can the eye tell you how you feel touching off the great power that's under this broad bonnet?

How can it reveal the silken, swift-mounting surge of oil-cushioned take-off smooth, silky, unbroken, as Dynaflow Drive works its magic?

Even when you watch a ROADMASTER settle down to a long steep pull and crest the top going away, how can it tell *you* what thrill *your* spirits get from such ability?

And what can it say of the lift that's yours traveling in a beauty that catches all eyes, swivels passing heads, marks you by its very lines as traveling in as fine a car as any man can ask for?

No, these things you have to feel for yourself, and we're delighted to help you do so.

Your Buick dealer wants you to know about ROADMASTER first-hand—wants you to drive it, try it, feel it out.

It doesn't cost a cent to arrange such a trial. It can do a lot toward opening your eyes to the day's highest standard of fine-car feel and fine-car action—not to mention "why pay more?" prices.

How about seeing your dealer right away?

Only BUICK has Dynaflow Drive* and with it goes:

***HIGHER-COMPRESSION** Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • **NEW-PATTERN STYLING,** with **MULTI-GUARD** forefront, taper-through fenders, "double bubble" taillights • **WIDE-ANGLE VISIBILITY,** close-up road view both forward and back • **TRAFFIC-HANDY SIZE,** less over-all length for easier parking and garaging, short turning radius • **EXTRA-WIDE SEATS** cradled between the axles • **SOFT BUICK RIDE,** from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • **WIDE ARRAY OF MODELS** with Body by Fisher.*

**Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.*

FOUR-WAY FOREFRONT
This rugged front end (1) sets the style note, (2) saves on repair costs —vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

Non-Partisan News Letter

(Special to The Herald)
By Gene Alleman

From now until November election day, Michigan bi-partisan government will be somewhat of a farce. The governor's efficient press secretary, Paul Weber, is preparing a constant line of attack to run down Republicans claims and to promote the Williams campaign for re-election. You may safely expect plenty of righteous and angry statements from both sides. Remember, 1950 is an election year.

After vetoing the $10,380 Louis A. Kunzig salary from the civil service budget, Governor G. Mennen Williams staged a friendly rescue act for the civil service commission's full constitutional allowance. He vetoed a legislative cut of $40,500, explaining that the state constitution required one per cent of the state salary total for maintenance of the civil service department. The $40,500 reduction would have been unconstitutional, said Williams. The commission had previously agreed to the cut.

The governor signed the legislature's $271,000,000 omnibus appropriation bill quite reluctantly. He said he was forced to sign it to prevent "financial chaos" although the amount was $70,000,000 less than he asked for and $14,000,000 less than the the current year's total. Williams is disputing Republican claims of economy while legislative leaders are pointing to the record as a real achievement — the first check on rising government expenditures since 1933.

Operations and payrolls of Michigan's mental hospitals will have to be trimmed after July 1, according to Charles F. Wagg, state mental health director. New vacancies will remain unfilled to the extent of 200 to 250 jobs. While cutting $1,376,000 from the hospital budget, the legislature added $100,000 to hire additional psychiatrists and adjust pay of those already in service.

Legislative bills to remedy so-called waste of public funds in welfare administration were permitted by Governor Williams to become law without his signature. The senate committee on social aid and welfare, headed by Colen Smith, reported Jan. 12 that "millions of dollars have been wasted" due to lax administration, especially in Detroit. The state puts up 50 cents of each relief dollar expended. The legislative bills were aimed at a tightening of practices which have contributed to higher welfare expenditures.

Stewart-Woodfill, president of Mackinac Island's Grand Hotel, offers this bit of convincing logic why a bridge should be built at the Straits: Assuming that no federal aid should be used, the bridge would pay for itself on the $1,000,000 annual loss to the state due to ferry operation deficit, depreciation of ferry and dock equipment, and interest on invested funds lost to the state. In 1949 the ferry fleet lost $613,500. This amount, if used to finance the bridge, would retire the bridge bond issue and leave the crossing then toll-free. The legislature authorized a study commission.

Add to the list of total losses from the University or Michigan fire that destroyed Haven Hall, the results of months of research for the state reorganization study.

One of the 27 state government functions now being studied by experts are state agencies dealing with labor, workmen's compensation and unemployment compensation.

Assistant Provost John A. Perkins, former state controller who is director of the project, Robert S. Ford, who is head of the university's Bureau of Government and Gordon Gary of the Bureau of Government had just about completed their report when — poof! — it all went up in smoke.

Perkins, Ford and Gary are now trying to put down on paper as much as they can remember.

Michigan 45,000 dairymen are observing June Dairy Month by pointing to these facts. Cash receipts of milk products were neat $200 millions in 1949 for 30 per cent of Michigan's total farm income. The investment in production, processing and delivery exceeds a billion dollars.

Agricultural economists of Michigan State College forecast "slightly lower" farm produce prices in the second half of 1950, as compared with 1949. Farm income nationally is down 20 per cent from the 1948 peak.

Michigan automobile industry, and GM's five-year peace pact with CIO, is leading the nation's prosperity parade at present. Car output is forecast as seven million (including trucks). Retail trade is due to be better than 1949. However, consumers are still calling for reduction in prices, and the dependency of the 1950 boom on automobiles and housing has prompted several economists to recommend caution.

Marietta Jane Service Weds Herman F. Dick

The Rev. Alvin C. Brazee read the double ring service which united in marriage Marietta Jane Service, daughter of Mrs. Rose Service, and Herman Frank Dick, son of Mr. and Mrs. Herman Dick, all of Tecumseh. The ceremony took place Sunday afternoon at 3:30 o'clock in the Iron Creek church.

For her wedding, the bride chose the Swiss imported organdy gown first worn by her sister, Mrs. Earl C. Goetz. The bodice featured a high neckline and cap sleeves both edged with scalloped lace. The full gathered skirt was tucked at the hips and swept into a short train, which also was scalloped. She wore long mitts and her fingertip veil was held by a halo of lace. She carried a bouquet of roses with a detachable orchid corsage. A double strand of pearls was a gift of the groom.

Mrs. Junior A. Frear was her sister's matron of honor and was gowned in orchid organdy, made identical to the bridal gown except for the lace. It was complimented by a white ribbon sash, a hand crocheted picture hat with white ribbon streamers and short white mitts. As bridesmaid, Miss Vicki Johnson wore aqua organdy with a yellow sash and matching mitts, and picture hat with yellow streamers. Diane Socks, niece of the bride, wore yellow mitts, and a picture hat with orchid streamers. All three attendants wore a single strand of pearls and carried dainty straw baskets filled with daisies.

Little two-year-old Rosemarie Frear, flower girl, was in white organdy with matching sash and large bow, and poke bonnet and carried a tiny basket of daisies. As ringbearer, Ronnie D. Frear, carried the rings on a lace-trimmed heart-shaped pillow.

Serving Mr. Dick as best man was his brother, James Dick. The ushers were Earl C. Goetz of Blissfield, brother-in-law of the bride, and Fred Witt of Detroit, uncle of the bridegroom. Junior A. Frear of Adrian gave his sister-in-law in marriage.

The organist, Mrs. Fred C. Dickinson played a program of nuptial music and accompanied the Misses Marlys and Evelyn Arnold when they sang "I Love You Truly," "Because" and "The Lord's Prayer." The altar was decorated with gladioli and lighted candles.

The bridegroom's mother selected a brown and white sheer with which she wore a corsage of Talisman roses. His grandmother chose navy and white and a corsage of white carnations. The bride's mother was unable to attend because of illness.

After the ceremony a reception was held for 75 guests in the church parlors. Assisting with the serving were Mrs. Ormand Socks and Mrs. Goetz, sisters of the bride, Mrs. Barnie Schneider and Miss Patricia Long.

When the couple left on a southern trip, the bride was wearing navy organdy with white accessories and her orchid corsage. When they return they will make their home southwest of Tecumseh, where the groom is engaged in farming.

The bride graduated from Tecumseh high school in 1950 and the groom in 1948. She has been employed by the Michigan Associated Telephone Company.

Mrs. Socks entertained the wedding party at the rehearsal dinner, Friday evening. Sunday evening the bridegroom's parents served a buffet supper for the wedding party and out-of-town guests from Jackson, Port Huron, Dundee, Detroit, Carleton, Dearborn, Maybee, Grosse Pointe, Mancelona, Blissfield, Adrian, Britton, Clinton and Tecumseh.

Mr. and Mrs. James Hartsell and three sons spent the weekend in Mio.

Mr. and Mrs. Clyde Bailey and son, Robert, were forced to cut short their vacation in northern Michigan when Robert became ill on Sunday, when they were at Houghton. Robert was hospitalized there until Tuesday afternoon when he and Mrs. Bailey flew by plane to Detroit and he was removed from the airport to his home here by ambulance. Mr. Bailey drove the car home from the north.

The Meaning

Boy—Dad, what is meant when they say "beastly weather?"

Dad—It means it's raining cats and dogs.

Developed

She—When you married me you used to call me a little dear!

He—Perhaps I did, darling, but since then you've developed into a big expense.

About The Folk You Know

Last week Wednesday evening, a group of friends surprised Luther Wood at his home at 205 W. Chicago Blvd., to help him celebrate his birthday anniversary. A cooperative chicken supper was served on the lawn and the evening was spent informally with music and visiting. The guests included Mr. and Mrs. Harold Miller and daughter, Mr. and Mrs. Kenneth Powell, Mr. and Mrs. Owen Goods of Adrian, Mrs. Flora Wood, Mr. and Mrs. Raymond VanTuyle of Morenci, Mr. and Mrs. Robert Wood and two daughters of Grand Rapids, Mr. and Mrs. Henry Kempf and Mrs. Theodore Ehinger. Mr. Wood received several nice gifts.

* * * *

A surprise party by the pastors of this vicinity was given in honor of the Rev. A. Jeschke, pastor of the Grace Ev. Lutheran church, and his family, Friday evening. A potluck supper preceded a program of pleasant entertainment for the enjoyment of young and old, and a presentation of gifts, in which all participated. About 50 guests were in attendance.

Blue Cross Enrollment Campaign Ends July 22

Requests for applications from local residents show an increasing interest in the Blue Cross Community Enrollment drive, Thomas P. Oliver, Blue Cross manager, announced today.

The Blue Cross "Community Plan" drive now under way offers hospital and surgical protection on a prepaid basis to all county residents under 65.

Mr. Oliver said that the "enroll-by-mail" campaign will end July 22, 1950. He explained that the purpose of the campaign period is to eliminate physical examination or health statements from applicants and to enable Blue Cross to maintain its liberal policy on chronic and pre-existing conditions. He also explained that the "enrollment-by-mail" reduces campaign expenses and thus permits enrollment without a policy fee being charged to subscribers.

Mr. Oliver advised that applications and folders are available at the hospital; and that while the request for application must be made on or before July 22, 1950, subscribers who have received their application will have until September 1, 1950 to make the first quarterly payment for Blue Cross membership.

The local "enrollment-by-mail" campaign is a part of a state-wide program initiated by the Michigan State Medical Society and the Michigan Hospital Association to extend membership in the Blue Cross Plans to persons unable to enroll through regular group requirements.

Miss Joyce E. Zeigler Weds Stuart Costigan

In the home of her parents, Mr. and Mrs. John R. Zeigler, 209 North VanBuren Street, Joyce E. Zeigler became the bride of Stuart J. Costigan, in a single ring ceremony performed by the Rev. Gilbert A. Runkel, jr., of Adrian, Saturday afternoon at 2:30 o'clock. The couple exchanged their marriage vows in the living room before an improvised altar of baskets of white gladioli and palm fronds, with a mirror background. Used around the rooms were baskets of pink and white gladioli.

The bridegroom, the son of Mrs. W. S. Costigan, asked Ralph Haughey of Albion to serve as his best man. Ted Case, jr., of Blissfield was usher. Before and during the ceremony piano selections were played by Mrs. Wesley Proctor of Clinton.

A street length gown of white lace was worn by the bride, who was given in marriage by her father. It was designed with a fitted bodice, full skirt, and matching jacket with long sleeves and a Mandarin collar. Her Juliette cap was of white tulle with ivy and white rosebuds, and she carried a small hand bouquet of gardenias and white rosebuds.

As the bride's matron of honor, Mrs. Ted Case, jr., wore a gown identical to that of the bride in rose pink. She carried an arm bouquet of pink rosebuds and her headdress was of pink ostrich plumes with ivy and pink rosebuds.

After the wedding, a reception for 50 guests was held. Relatives were present from McVeytown, Pa., Perrysburg, Ohio, Bay City, Lansing, Harrison, Mt. Pleasant and Highland Park. On their return from a trip to Montreal, Canada, Mr. and Mrs. Costigan will reside at 406½ West Kilbuck street.

The bride graduated from Tecumseh high school in 1945 and later from Ohio Wesleyan University and is engaged as social studies teacher in the Britton public school. The groom graduated from Tecumseh high school in 1944 and attended Albion and Adrian colleges. He is a member of the Alpha Tau Omega fraternity and is employed at Tecumseh Products Co.

You're money ahead 4 ways with a new Chevrolet truck!

FIRST—Chevrolet's low purchase price means you're money ahead to start. **SECOND**—Chevrolet's great, action-packed Valve-in-Head engine plus the sensational new Power-Jet carburetor provides high-powered performance at low cost per mile. **THIRD**—there are rugged Advance-Design features that lower your maintenance costs by keeping Chevrolet trucks on the road and out of the shop! And **FOURTH**—because these value-loaded trucks are preferred over any other make, their resale value is right at the top. Yes, you really save all around on a Chevrolet truck. Come in and get the full facts. Let us prove that—whatever your hauling need—you'll be money ahead with a Chevrolet Advance-Design truck!

CHEVROLET
ADVANCE-DESIGN TRUCKS

Performance Leaders
Chevrolet's newest and most powerful trucks feature an improved 92-h.p. Thriftmaster Valve-in-Head engine and a brand-new 105-h.p. Loadmaster Valve-in-Head engine. Smooth, quick acceleration is provided by Chevrolet's new Power-Jet carburetor. Synchro-Mesh transmission enables the driver to shift with greater ease, smoothness and safety.

Payload Leaders
Chevrolet trucks deliver the goods at low cost per mile—and deliver them fast! Features like Chevrolet's Diaphragm Spring clutch for smooth engagement and Double-Articulated brakes for complete driver control enable you to meet the most demanding road schedules.

Popularity Leaders
Chevrolet Advance-Design trucks are America's biggest sellers! That's because users recognize the value of such Chevrolet features as Hypoid rear axles that are 5 times more durable than spiral bevel type, and Unit-Design cab and bodies that are precision-built for added strength and rigidity, and for longer life.

Price Leaders
Chevrolet's rock-bottom initial cost, economy of operation and upkeep, and high trade-in value add up to the lowest price for you. Compare values! Compare what you get for the price you pay. You'll find everything favors Chevrolet trucks.

Jasper Broiler Raiser
Sold On Hayden's Feed...

Mr. and Mrs. Leon Merrick, of Fairfield, RFD Jasper, are enthusiastic users of Hayden's Broiler Krumbles.

"We sure noticed a difference in our birds after switching to Hayden's Broiler Krumbles," said Mrs. Merrick.

"I think the Krumbles type of feed is more economical . . . the water fountains stay clean longer . . . and they don't waste nearly as much as when feeding mash," offered Mr. Merrick in supporting his wife's opinion.

Yuh Say Yur Old Hoss Has Got the Heeves?

Waal, We Got The Medicun To Make Her Like New, Again

Yep, we've had lots o Iron Hosses in our Hoss-pitul what have had the heeves, and had em bad, too. Fact is, some of um praktically died jist outside our door, that's how bad they was.

Waal, yuh jist kant skare our surgin-mechanics, cause they know that so long as the old hoss will wheeze she's got life in her. And they know all o the tricks, too, and how to apply the propur midicun. In a jiffy they have the old plug on her feet, rarin to go again.

Now, if yur Iron Hoss is wheezy, if she snorts and puffs, yud better bring her in for clinical examinashun. Chances are, yur payin more'n it would kost to make her well thru loss in gasoline. And it ain't no fun, either, drivin a wheezy hoss.

Course, if yuh want her to die on yuh right in the road, waal, we'll kum and git her, but it ain't very fair to the hoss or to yur-self, and besides it kosts more.

So, before she takes her last wheeze, we'll be lookin fur yuh.

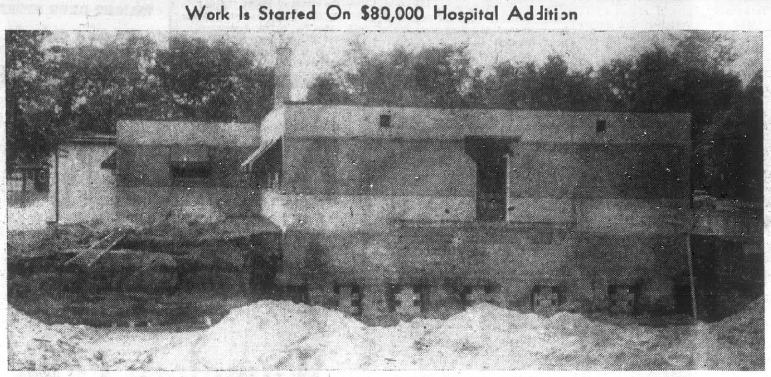
THE TECUMSEH HERALD

NINETY-NINTH YEAR— NUMBER FORTY-THREE | TECUMSEH, MICHIGAN, JULY 27, 1950 | FIVE CENTS A COPY

Work Is Started On $80,000 Hospital Addition



A fifty per cent increase in the number of bed accommodations at Herrick Memorial Hospital is expected about January 1 when the new $80,000 addition is completed. Photo above shows how excavating work is progressing, preparatory to the construction of the new wing, to the east and south. The $80,000 building program, $10,000 of which will go for equipment, is the gift of Mr. and Mrs. Ray W. Herrick.

A Battered Mass Of Wreckage

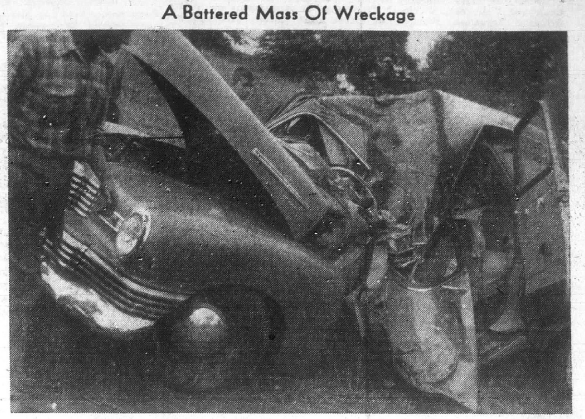


Photo above shows the battered wreckage of asedan driven by David Lauer, Tecumseh, after it had crashed into a tree on an M-50 curve just east of Tecumseh, last Thursday. Lauer was thrown 30 feet and suffered severe injuries, possibly internal. The imprint of the tree can be seen about the middle of the car, as it folded up like an envelope.

Addition To Add 17 Hospital Beds

CONSTRUCTION WORK NOW UNDER WAY ON $80,000 HERRICK HOSPITAL ENLARGEMENT

Construction work is now under way on the $80,000 enlargement program at Herrick Memorial Hospital which, when completed, will make the local institution the second largest hospital in Lenawee county. The cost of the improvement is made possible through a gift by Ray W. Herrick, president of Tecumseh Products Co., and Mrs. Herrick. Some $10,000 will be spent in equipping the new building.

The actual work of building the new hospital wing, on the south and east, was started last week by the Ellis Construction Company of Detroit. It is expected that construction program will be finished in December, making it possible to occupy the addition by about the first of 1951, according to Miss Gertrude Spaulding, superintendent.

The new addition will make possible a fifty per cent increase in the number of beds at the hospital, Miss Spaulding said. At the present time, the hospital has 34 beds, not including the nursery. The present steam plants at the institution will be ample to heat the new building, it was said.

The need for the hospital enlargement has been evident here for several years but the council has delayed an appropriation for such a purpose because of the lack of tax funds. Early this spring, Mr. and Mrs. Herrick, recognizing the crowded condtion of the present hospital, announced the gift that is making the addition possible.

The new wing is 98 feet in length and 49 feet in width, with a full basement. Miss Spaulding said that it would enable the hospital to add approximately 17 beds, and some additional private rooms. The basement space will be utilized also, with offices, laboratory rooms, etc.

Materials used in the new building will match the main section of the hospital, it was said. Only brick, steel and concrete are being used in the construction.

HUSBAND AND WIFE INJURED IN MISHAP

Mr. and Mrs. John McLain of Jackson, were treated for minor injuries at Herrick Memorial Hospital, shortly after noon, Monday, following an accident on M-50, West of Tipton.

According to reports, the McLain car hit a bump in the highway and skidded over an embankment during the noon-time thunderstorm.

Chamber Studies City Goverment

QUERIES SHOW OTHER TOWN MORE THAN SATISFIED; YEAR'S PROGRAM OUTLINED

A full schedule lies ahead of the Chamber of Commerce for the coming season, it was shown at a meeting of the board of directors, Tuesday night. In its first session since the Tecumseh-to-Tecumseh and Fourth of July promotions, the board reviewed the results of the long holiday.

Both events seem to be generally regarded as among the most successful of recent years. Satisfaction was reported that this Michigan town was able to more than repay the Canadians for the 1300 who visited here last year, over 2,000 having been in Ontario sometime during last July 1. The largest crowd in history was reported as witnessing the fireworks here on July 4, as well as partaking in the day's events. The Fourth of July promotion showed a profit which helped greatly to offset the expense of the Canadian trip, the long holiday celebrations costing the Chamber not much over a hundred dollars.

In the weeks ahead the Chamber will work on the project of con-

Brooklyn Is Defeated By Merchants, 7 to 1

The Tecumseh Merchants Baseball team whipped Brooklyn by a score of 7 to 1 here at Recreation Center last Sunday. It was a victory that brought many smiles because Brooklyn beat the Tecumseh boys several weeks ago and was the champion of the first round of the Quad County League series.

Ron Henkel pitched for Tecumseh and allowed only three hits. Leighty was the starting pitcher for Brooklyn but was relieved by Latham in the seventh inning. Brooklyn's only score was a home run by Latham.

The Indians will not play at home again for three weeks.

Register Now For Elections

IF YOU ARE NOT SURE YOU ARE A REGISTERED VOTER, CHECK WITH CLERK

If you would vote in the county, state and national primaries and elections to be held this fall, it is necessary that you be registered, it was pointed out today. Michigan law is very firm and clear regarding the registration of electors.

Under the law, Wednesday, August 23, is the last day to register for the primary election, and voters who were not absent from the precinct on that day or, because of illness, were unable to register, will find that they cannot cast their vote, it was said.

To qualify for registration, you must be 21 years of age, a citizen of the United States and a resident of the state for at least six months and of the precinct for at least 20 days prior to August 23.

"Many folk are confused about their registration," it was pointed out today at the office of the township clerk. "In such instances, residents should check with our office and determine whether or not they are correctly registered, not wait until election day and then discover that they are ineligible." In the past, many persons have desired to vote but discovered too late that they were not registered.

Registration in Tecumseh township is at the office of H. H. Hanna, township clerk. Mr. Hanna's office is located in the Strand Theatre building, with LeRoy H. Titley, supervisor. Veters may register there any day except Sunday until August 23, it was said.

ADRIAN LADS ARE HELD ON COMPLAINT OF GIRL

Jack Campbell and LeRoy Jones, both aged 18 years, of Adrian, were arraigned in Justice Robert French's court here Tuesday, charged with a statutory offense involving a 14-year-old Tecumseh girl. They entered pleas of not guilty and were bound over to the circuit court with bonds fixed at $1,000 each.

Complaint in the case, according to local police, was made by the girl. Officers also said that a 16-year-old Adrian lad will be taken into probate court in connection with the same complaint.

Harold Naser's Father Buried In Pittsburgh

Alfred J. Naser, 70, former secretary of the Pittsburgh Builders Supply Club and father of Harold F. Naser, N. Union street, Tecumseh, died last Friday at his home in Pittsburgh. Funeral services were held on Sunday from the T. D. Turner Funeral Home in Wilkinsburg, with burial in Union Dale Cemetery.

Mr. Naser was a life-long resident of Pittsburgh, having been in the builders supply business there for 50 years. He was a member of Highland Presbyterian Church, Milnor Lodge, F. & A. M., Pennsylvania Consistory and Syria Temple.

Surviving are his wife, Mattie Riddle Naser; four sons, Alfred R., Howard O. of Wilkinsburg; Harold of Tecumseh, and Dr. James E., dentist in the U. S. Navy; three sisters, Mrs. Alma Heck, Mrs. Harry W. Loos and Mrs. Fred Burdick, all of Pittsburgh; five grandchildren, and a great-grandchild.

Mr. and Mrs. Naser were in Pittsburg for the services.

30-Day Jail Sentence Is Appealed By Youth

Carl Breitner, 18, Dundee, who on July 14 was sentenced to serve a 30-day jail term for making a false report to police, is free on $100 bond, pending appeal of his sentence to the circuit court. Breitner was released from the county jail last week Wednesday.

Sentence was imposed by Justice John Lowe, Adrian, after the Dundee youth had pleaded guilty to a charge of falsely reporting the theft of his automobile to local police on July 14. He also told officers that a sum of money had been taken from a bill fold which was in the car. Justice Lowe held that in addition to the jail term, Breitner should pay a fine of $50 and costs of $8.60 and in default of payment he must serve an additional 30-day jail sentence.

CAR IS DAMAGED

A car belonging to A. S. Curtis, 210 Outer Drive, Herrick Park, was damaged to the extent of $75 when, in attempting to pass a parked truck operated by Russell Gilchrist and owned by the Taggart Construction Co., the door was opened, causing it to hit the Curtis car. Police investigated the accident on Saturday.

PLEADS NOT GUILTY

Margaret Karle of Evans Lake, pleaded not guilty when she was arraigned on Monday in Justice Robert French's court, charged with drunk driving. She was released on $100 bond pending trial. Tecumseh police made the arrest on Sunday morning.

Take It "Cool" During Summer

SUNSTROKE COMES EASILY FOR CERTAIN TYPES OF INDIVIDUALS

Take it easy; these are heat and sunstroke days, the Michigan Department of Health warned oldsters today.

People past their middle years, those with high blood pressure, diseases of the heart, circulatory system or kidneys, fat people and alcoholics are more in danger than others. Over-exertion, excessive sweating, over-eating, over-drinking, worry, fatigue, anger and lack of sleep add to the danger.

To avoid heat prostration or sunstroke, the Department recommends:

Avoid prolonged exposure to sun and excessive heat—this includes ball games, tent-shows, fair midways, streets, lawn, garden, beach, or boat.

Keep your head covered when exposed to direct sunlight. Wear loose, light, porus clothing. Stay where there is circulation of air.

Avoid over-exertion and fatigue. Take recreation such as golf, shuffleboard, rowing, hiking, swimming and tennis in small doses. Do your lawn mowing and light gardening in brief periods the cooler part of the day. Stop either work or play if you begin to feel ill effects from heat or sun.

Eat the same protective foods you eat the year around—milk, fruits, vegetables, meat, eggs — but cut down on fried foods, gravies, rich salad dressings and rich desserts. Cook less. Eat more raw vegetables and fruits. Dip your radishes, carrot sticks, celery and green onions in iodized salt to increase your salt intake. Have one hot food or beverage to make your meal more satisfying.

Drink eight to twelve glasses of liquid a day — this includes water, fruit juices, milk, soup, tea and coffee.

Get a good night's rest. Nap or rest in the early afternoon.

Keep a calm, pleasant attitude of mind. Save your worries for cooler days.

DRAWS FINE OF $15

Ernest Randall, 28, of Tecumseh, was arraigned on Friday before Justice Robert French, charged with being drunk. He entered a plea of guilty and was sentenced to pay a fine of $15 and costs of $8.60. The arrest was made by local police on July 20.

I will not be in my office from July 26 to August 9 inclusive.

Tecumseh's Celebrations Cost C. of C. $120.98

Tecumseh's good-will visit to Tecumseh, Ontario, and its 125th annual Fourth of July Celebration cost the Chamber of Commerce a total of $120.98, it was announced today by Charles O. Butler, president of the organization.

The total expense of the two projects was $1,386.49, Mr. Butler said, and total receipts amounted to $1,265.51, leaving the deficit which has been underwritten from the Chamber's treasury.

Mr. Butler explained that both events would have been self-sustaining had it not been for two things: First, the expense of moving the Tecumseh High School band and its instruments to Tecumseh, Ont., and: Second, the fact that the Chamber underwrote all tickets purchased by those who made the trip by bus in the amount of about 15 cents. This was done, he said, to stimulate attendance, believing that the $2.50 round-trip bus ticket to Tecumseh would prove popular. The fact that eight busses were filled for the excursion appeared to justify the stand.

Mrs. Caroline Beal, 68, Buried At Ridgeway

Mrs. Caroline Beal, aged 68, widow of the late Alonzo J. Beal, died early Sunday morning in her home at Macon where she had been critically ill for nearly six weeks. She had been in failing health for several years.

Mrs. Beal was born June 18, 1882, near Maybee, the daughter of the late Sebastian and Caroline Roesch Sielay. She was married to Mr. Beal in 1927 and had resided in Macon since that time.

Surviving her are one daughter, Mrs. Caroline E. Schanz of Macon, two grandchildren, two great-grandchildren, and one sister, Mrs. Lena Serrence of Adrian.

The funeral was held Wednesday afternoon at 2:30 p.m. at the Collins Funeral Home with the Rev. O. E. Priest officiating and the Rev. Vaughn Whited assisting. Burial was in Ridgeway cemetery. The bearers were Carl Thomas, Kenneth Ross, Elwyn Bugbee, Carl Bausman, Herbert Morden, and Glenn Crittenden.

LOCAL LAWYER TELLS OF HAWAIIAN ISLANDS

Some interesting highlights on the Hawaiian Islands and Honolulu were given to members of the Rotary Club, Tuesday evening, by James C. Beardsley, local attorney, who spent many months there as legal officer at Hickman Field. Mr. Beardsley was discharged from the service in 1948 with the rank of major.

The Islands, according to Mr. Beardsley, are truly a paradise. The weather is ideal, there is snow for those who desire it, and bathing the year around at the beaches.

The speaker also told many interesting things concerning his work at the air base, particularly as it brought him in contact with Communistic propaganda. He urged that America learn more about the Islands, inasmuch as they are racing with Alaska to become the 49th state of the Union.

Driver Is Hurt As Car Hits Tree

AUTO CATCHES FIRE FOLLOWING CRASH; TWO OTHERS INJURED IN MISHAPS

David Lauer, 505 W. Brown street, suffered a broken leg, an injured hand and possible internal injuries at about 6 o'clock last Thursday evening when the car he was driving went out of control and struck a tree on M-50, east of the Ford Mill. Lauer was removed by ambulance to Herrick Memorial Hospital and later was transferred to University Hospital, Ann Arbor.

The accident happened as the youth was driving west on the state highway, and as he was rounding a curve. The car, after leaving the highway, rammed a tree and Lauer was thrown some 30 feet from the vehicle, which was badly wrecked.

When police arrived the inside of the automobile was afire and it was necessary to call the department to extinguish the flames.

In an accident on the Raisin Center road, three miles south of Tecumseh, at 5:45 on Sunday afternoon, Gordon Yancer, 29, Tecumseh, suffered head injuries that necessitated treatment at Herrick Memorial Hospital.

State police say that Yancer was riding in a car driven by Forrest Schultz, 21, Adrian, and that the machine went out of control when it struck loose gravel and overturned. Schultz was given a ticket for failing to have an operator's license on his person and for reckless driving.

Russell D. Heller, 19, Adrian, was given a traffic summons for failing to have his car under control, following an accident just east of Billington's Corners on M-50, Friday morning.

According to state police from the Clinton post, Heller's car struck another driven by Samuel Wise of Cayce, So. Carolina, in the rear, as Wise's car came to a stop.

Wise was removed to Herrick Memorial Hospital and was released after treatment.

CAR HITS SHEEP

Angeline Modica, 19, of Kalamazoo, suffered minor injuries and shock, Saturday at about 2:30 p.m., when the car she was driving struck a sheep on M-50, west of Tipton. The car rolled over three times. Miss Modica was removed to Herrick Memorial Hospital by ambulance where she was treated and later released.

FARMER IS INJURED

Clarence Haughn, 50, of Sutton Road, southeast of here, suffered head and possible spinal injuries and shock, Monday morning, when he slipped and fell while repairing a combine at his farm. He was removed to Herrick Memorial Hospital by ambulance.

LEG IS INJURED

Hubert Case, 23, suffered an injured leg, Sunday, when he was "spiked" during a ball game at Recreation Center. He was treated at Herrick Memorial Hospital and then released.

CHURCH PICNIC

The annual picnic of the congregation of Grace Ev. Lutheran church will be held at Britton, Sunday, July 30. On that day there will be no Sunday school and services will begin at 9:30 a.m.

THERE'S AMPLE SUPPLIES FOR EVERYBODY, GOVERNMENT SAYS

Don't Hoard Unless You Still Want Much Higher Food Prices

WASHINGTON — The Korean crisis won't even "noticeably affect" food supplies for the American public, the government said today. There is plenty of food.

An official report said:

1—The nation will go right on eating at its high level diet.

2—In fact many may buy even more food as employment and earnings rise under impact of a stepped up defense program.

3—As for food prices, they are unlikely to rise this year more than 3 or 4 per cent above the July level. The year's retail average should be about the same as that of 1949.

All this comes from the Bureau of Agricultural Economics. It is the agency that keeps books on the nation's supplies of food and farm products.

In a special food report, the bureau sought to put the clincher on what President Truman and the Secretary of Agriculture, Charles Brannan have been trying to get across: Price boosts and hoarding are uncalled for.

The agency assured the public that food supplies are expected to stay at the high level of the past two years.

Even if the Korean situation increases military buying of food in coming months, civilian supplies "would not be noticeably affected," the report asserted. The Government has a lot of food stocks the military could use.

Hence, speculative buying and price increases that have been developed since fighting started in Korea are not warranted, the bureau observed.

The bureau's calm look at the food price future contrasted with some sharp advances even before the Korean campaign began.

The bureau of labor statistics said today that between May 15 and June 15, food costs leaped 2.1 per cent. Since the fighting started some prices have shot higher.

Retail prices in general advanced .9 of one per cent between May and June, the broadest increase in two years. It forecast somewhat lower prices for some foods, particularly meats during the fall and winter.

Sugar Supply Good

The sugar supply situation was described as "quite good." This is one of the commodities which consumers have been buying in heavy volume. Production in areas supplying the United States was larger this year than last and is likely to be even larger next year.

In addition, Cuba, a major supplier, has large reserves set aside for this country as well as other uncommitted stocks which this country could draw upon.

A Very Healthy Growth

Last week, the cornerstone was laid for a new church in Tecumseh and ground was broken for another one. Both of the new churches, it is expected, will be completed by mid-December, when dedication services will be held.

The largest of the two churches under construction is St. Elizabeth's Catholic church, replacing the present one on East Chicago boulevard. The old church has served the community for about 30 years but, because of a steadily growing congregation, the building has long been too small. When the new edifice is finished, it has been announced that the old church will be used as a parish hall. At some later date, it also has been announced that St. Elizabeth's plans to build a school and a rectory on the 14-acre church site on North Union street.

The other church under construction is the Gospel Tabernacle Assembly of God on Bidwell Street, just west of Pearl Street. This building, too, will replace a smaller one now being used by the Tabernacle congregation and which has been outgrown. The old Gospel church is too small to meet the increasing numbers attending both church and Sunday school, its pastor has announced, and the expansion program is imperative.

The fact that two more of Tecumseh's churches are feeling the pinch of increased congregations is, indeed, a healthy sign. It was only a few months ago that the Friends dedicated an addition to their church that nearly doubled its size. Recently, the Presbyterians enlarged their facilities through a $25,000 improvement program, and the Baptists, likewise, have expanded their Sunday school rooms. St. Peter's Episcopal is making use of its parish house for Sunday school, and the Methodists have commodious Sunday school rooms at the first floor level. It was only a few years ago that the Grace Ev. Lutheran congregation built a fine new church on North Maumee street.

Tecumseh, of course, is a fast-growing community, in fact it is the most rapidly growing town in all of Lenawee county. It now has a greater-Tecumseh population in excess of 5,000, and it is in the center of one of the wealthiest farming and industrial areas in Southern Michigan.

It is fine for a community to grow, to add houses, store buildings and industrial property but even more pleasing is the fact that its churches are keeping pace with the growth. There is far more to a community than its physical properties. The spiritual side must not be neglected because houses built upon the sands cannot long endure.

The fact that Tecumseh's churches are attracting greater and greater congregations is a good sign. It is indicative of healthy community progress.

Even in this atomic age it is still profoundly true that the words uttered by Christ in the Sermon on the Mount, "Seek ye first the Kingdom of God, and His righteousness, and all these things shall be added unto you," (Mat. 6:33), need to be applied today.

Car Racing Must Stop

Last week, in Adrian, Justice John Lowe sentenced two Tecumseh men to jail terms for reckless driving. The charges, lodged by Michigan State Police, alleged that the men were racing their cars on M-50 west of here, on one of the most dangerous sections of the highway between Tecumseh and the County Seat town. As a result of the racing episode, three persons were taken to the hospital, one of them seriously hurt.

It is indeed fortunate that only the two racing cars were involved in the accident. Had another car suddenly appeared on the highway an entirely different report of the accident might have been written.

Detroit, in recent weeks, has discovered that jail terms for traffic violations have reduced accidents and deaths materially in that area. A fine of $50 or $100 is easily paid today, but when someone is suddenly deprived of his liberty for a few days, that's a different story.

When the courts on a state-wide level get sufficiently disgusted with speeding and accidents to impose more and more jail terms it probably will be safer for sane drivers to drive.

Friday evening Mrs. Wanda Cavin of Tecumseh entertained the ladies of the Church of the Nazarene at a pink and blue shower in honor of Mrs. Harold Keasel and baby son. Gifts for Douglas Owen were arranged on a table centered with an arrangement representing "The Old Lady Who Lived in A Shoe." Baby bibs further decorated the house. The hostess assisted by Mrs. Mabel Cavin and Mrs. Hazel Spohr served refreshments.

Rev. and Mrs. Hubbard of Kingston were in town Sunday. Rev. Hubbard filled the pulpit in the Church of the Nazarene in the absence of Rev. Bearinger who is on vacation.

Mrs. Evert Netcher and daughters, Kathryn and Shirlie of Onsted, called in town Friday.

Mr. and Mrs. Walter Towler of Saline were guests of Mr. and Mrs. George Bishop Sunday evening.

Mr. and Mrs. Wm. Fletcher were guests Sunday of Mr. and Mrs. Kenneth Fletcher of Jackson.

Guests Saturday of Mr. and Mrs. W. E. Allen were Mr. and Mrs. Don M. Peters and son Tom, and Miss Joan Boylan, Mr. and Mrs. James Scott, Mr. and Mrs. Jack Scott and little Dick and Beverly, all of Detroit. A potluck dinner was served in a Tecumseh park.

Mrs. Annie Pocklington was taken to Herrick Memorial Hospital, Wedensday, for X-ray. It was found that she had two broken ribs.

Mr. and Mrs. Myrl Murray of Milan called on Mr. and Mrs. Elmer Linn, Sunday.

Mr. and Mrs. Homer Baker of Vandercook Lake were Sunday guests of his father, W. H. Baker.

At a recent meeting of the school board the following officers were elected: President, Earl Pennington; vice president, Clifford Southard; treasurer, Dale Dean; secretary, Robert Ries.

Mr. and Mrs. Clare Pocklington and three children of Detroit were guests of Mr. and Mrs. E. T. Pocklington over the weekend.

Saturday guests of Mr. and Mrs. Smith Pocklington were Mr. and Mrs. Fred Passow and Ed Egnash of Ann Arbor and Kenneth Rice.

Sunday, Ted Wilson and Mr. and Mrs. Pocklington spent the day in Detroit. Mr. Mack returned home with them for a few days stay.

Ernest Wright and John Frayer were on a trip to Huntington, Va., the past week.

COMMUNICATIONS

Food For Thought

Is it fair for veteran organizations or any organizations to promote illicit carnival shows, obscene movies, and literature, when it is endangering the women and little children of a community by exposing them to the ravages of so-called sex-maniacs? If the state is trying to rehabilitate these maladjusted patients, then it doesn't seem right to expose them to certain kinds of entertainment meant in fun for normal people, but unnessarily tragic for the abnormal. It seems that intelligent, educated leaders of such organizations should be able to manage a more suitable way of raising money than to encourage certain unhuman weakness and lust.

It is an insult to the servicemen who died for a worthy cause, when veterans' halls and monuments are erected in their honor when they are paid for at the expense of some innocent victim. Even a small monument costs a lot of money. Most veterans and their wives and any good mother could not see the advantage of them if it means some child will suffer. How does the average man feel about this when the next victim might be his own wife or mother, sister or daughter? Sometimes it is easy to forget we are not made for ourselves, alone. The safety of others should be considered, the weak should be protected from the evil, not exposed to this growing problem of our generation.

Have you an opinion?

409 W. Brown Street,
Tecumseh.

Wifely Advice

It was 2 o'clock in the morning. The writer looked haggard and worn. For 24 hours, without a pause he had been working on his new novel.

"Darling," asked his wife, "are you coming to bed?"

"No," muttered the busy author. "I've got the pretty girl in the clutches of the villian and I want to get her out."

"How old is the girl?" asked the wife.

"Twenty-two," replied the writer.

"Then put out the lights and get to bed," snapped the wife. "She's old enough to take care of herself."

Drive home the facts...

Step into a POWERGlide* Chevrolet and enjoy the big driving thrill of the day

... smooth, effortless, no-shift driving at lowest cost!

SET THE LEVER IN "DRIVE" AND GO!
Sit in a Powerglide Chevrolet and enjoy finest no-shift driving at lowest cost. All you have to do is: Set the lever in "DRIVE"—press on the accelerator—and go!

NO CLUTCH PEDAL—NO GEARSHIFTING!
You'll move smoothly, silently, effortlessly from standstill to top speed, and back to standstill again, depending on the pressure of your foot on the accelerator.

3 DRIVING OPERATIONS INSTEAD OF 15!
Start the engine . . . set the control lever . . . press the accelerator . . . and that's all there is to it! With Powerglide Automatic Transmission, you steer, accelerate and brake as desired with no clutch to touch!

SMOOTH POWER-FLOW AT ALL SPEEDS!
You'll enjoy an absolutely *smooth* flow of power at all speeds. You'll have unlimited flexibility and change of pace from 1 m.p.h. to top driving speed, without any lag, drag or roughness.

MUCH FASTER ACCELERATION, TOO!
The traffic light says "Go" . . . you press on the accelerator . . . and you're away in a flash on a smooth, ever-mounting wave of power, while others are shifting gears.

LEVELS HILLS—MULTIPLIES THRILLS!
You have a 105-h.p. Valve-in-Head Engine* under that hood—most *powerful* in its field. It flattens hills and boosts thrills, while Powerglide adds safety and ease!

MORE EFFICIENT ON ICE OR SNOW!
Yes, you can rock out of snow or icy ruts with *this* automatic drive, changing from forward to reverse instantly, without clashing. Other advantages include Emergency Low for extra braking-power.

SO MUCH SIMPLER—SO MUCH SAFER!
What *ease*—and what *safety*—compared with other drives! Your left foot has nothing to do. Your right foot operates accelerator or brake pedal, as desired. Both hands are free to steer!

FULL CHEVROLET THRIFT IN OVER-ALL DRIVING!
In addition to all these advantages, the new Chevrolet with Powerglide Automatic Transmission brings you traditional Chevrolet economy in over-all motoring. It's extremely thrifty to operate and maintain.

CUTS DRIVER FATIGUE—INCREASES CAR LIFE!
You'll be much more relaxed on both long and short trips. Powerglide makes driving easier than ever before. Moreover, it greatly reduces car wear and greatly increases car life!

*Combination of Powerglide Automatic Transmission & 105-h.p. engine optional on De Luxe models at extra cost.

Come in . . . drive a Chevrolet . . . and you'll understand why It's FIRST . . . AND FINEST . . . AT LOWEST COST!

Announcement is made of the marriage of Barbara Lou Johnson, daughter of Mr. and Mrs. Frank Johnson, and Frank D. Jacque, son of Mr. and Mrs. Dowell Jacque of Rome township.

The Whist Club will meet August 3 at the home of Mrs. L. F. Townsend, with Mrs. Harriette Hardcastle assisting.

Miss Josephine Kerr and Kathleen and Barbara Kerr have arrived home from a trip to Toronto, Canada.

A son, Dennie Roman, was born to Mr. and Mrs. Ramon Merx, at Addison Community hospital.

Mr. and Mrs. Kenneth Kline and children of Columbus, Ohio, called on friends in town last week.

CLINTON

Duane Deming of East Lansing is at the home of his father while working a few months with Dr. William Britton of Tecumseh. Duane is taking a veterinarian's course at Michigan State College.

Miss Betty Johnson of Ann Arbor spent last week at the home of her parents, Mr. and Mrs. Elmer B. Johnson. Another daughter, Mrs. Maryetta Rafferty and son David of Fremont, Ohio, are spending the summer there.

Mark Hoyt spent last week with his uncle and aunt, Mr. and Mrs. Norbert Taylor of Toledo at Big Wolf lake.

Mrs. Nettie Canfield, accompanied by a niece and two other ladies of Caro, are traveling through the western states for a month.

Mr. and Mrs. S. J. Hartman and family spent two weeks at a lake near Grayling.

What a stepper!

V-8 or "Six" she steps out like no other low-priced car. Yet you can own a V-8 for hundreds less than most "Sixes"—a Ford "Six" for even less.

What a stopper!

Ford's 35% easier-acting King-Size Brakes use car momentum to help you stop. Like Ford's extra-rugged "Lifeguard" Body, they give you the kind of protection you'd expect only of costliest cars. And for added safety and comfort, there's the low and level "Mid Ship" Ride—you're cradled between the wheels.

What a looker!

Ford's the "Fashion Car of the Year." And Fords *stay* good looking with baked-on finish "made to live outdoors." That means high resale value which, with Ford's low running costs, spells real savings.

Janice Darby of Willow Run is visiting her friend, Lenore Jordan.

Mr. and Mrs. Lloyd Clark of Ann Arbor attended services at the Methodist church Sunday and spent the day with friends here.

Mr. and Mrs. Dewey Thomas of Detroit were callers Saturday of Will Camburn.

Mr. and Mrs. Lamont Camburn returned the first of the week from a trip to the Upper Peninsula. They went as far north as Copper Harbor.

Miss Ada Ganoung and Mr. and Mrs. Harold Briggs called Sunday on Mrs. Carrie Payne and Mrs. Marian Spitler.

John and Harry DeLodder and Robert Camburn spent the weekend at the former's cottage at Huron Lake.

Mr. and Mrs. H. F. Moore and sons attended a union picnic held at the Dexter Huron Park, Sunday.

102 AT CLUB LUNCHEON

The Ladies Day luncheon at the Tecumseh Country Club on Wednesday, July 19, was attended by 102 women, the Tecumseh Club having as their guests 50 women of the Lenawee Country Club. Mrs. G. A. Rathbun acted as hostess with Mrs. Vincent Haight in charge of golf and Mrs. A. W. Porter in charge of cards. Mrs. D. D. Walper was unable to act as hostess because of illness.

For reservations for the luncheon on Wednesday, August 2, call Mrs. Chester Beach, 207-R, and Mrs. D. D. Walper, 241.

The pressure of world politics is leading free nations to combine their resources for joint defense of common freedoms.

Miss Dorothy G. Schumm Weds Robert H. Osburn

Dorothy G. Schumm, daughter of Mr. and Mrs. George A. Schumm, of Tecumseh, and Robert H. Osburn, son of Mr. and Mrs. Garland Osburn of Macon, were united in marriage Saturday evening at seven o'clock in a double ring ceremony performed in the Baptist parsonage by the Rev. B. O. Bashore. They were attended by Mrs. Roland Goltz of Saline, sister of the bride, and William Osburn of Route 2, Britton, brother of the groom. Later refreshments were served at the home of the bride to members of the immediate families who attended the wedding.

The bride chose a navy blue dress with pink and white accessories and a corsage of white roses. Mrs. Goltz wore a brown print with white accessories and yellow roses.

Mr. and Mrs. Osburn will reside in their newly-purchased home in Tipton. A graduate of Tecumseh high school, the bride was employed in the office of The Herald for three years. The groom is an employee of the Tecumseh Products Company.

BRIDE-TO-BE HONORED

The Misses Louise Wilson and Dorothy Jean Brandt entertained a group of friends Thursday evening in the Wilson home at a prenuptial shower for Miss Shirlie Moore who will be married July 29. The guests were seated at small tables attractively decorated in pink, green, and yellow, with an umbrella nut cup marking each place. Dessert was served, and later games were enjoyed, with prizes being won by the Misses Patricia Wilson, Martha Jane Hanna, and Jane Gritzmaker. Miss Marlou Gilman, also a bride-elect, was unable to attend because of illness, and was presented a gift by the hostesses.

By trade, St. Paul was a tentmaker.

Farm Accidents Are On Upgrade

AGRICULTURE IS CONSIDERED ONE OF MOST DANGEROUS OCCUPATIONS

Farming is one of Michigan's most dangerous occupations. One-fourth of all who are killed at work are killed on farms.

"Use National Farm Safety Week, July 23-29 to eliminate the known safety hazards and unsafe practices on your farm," the Michigan Department of Health is urging Michigan farmers.

"If every Michigan farm person will eliminate just one known hazard, just one unsafe practice during Farm Safety Week, hundreds of Michigan people may be saved from accidental death and thousands of others can be saved from being scarred, maimed or crippled for life or from spending needed money for prolonged and costly treatment," the Department said.

Fires, falls, machinery and livestock cause nine out of ten fatal accidents on Michigan farms. Most of these accidents are preventable or avoidable.

Fire fatalities can be prevented by disposing of rubbish before it can accumulate, by keeping brush cut back from buildings; by having spark screens on chimneys and fireproof roofing; by never starting a fire with kerosene; by keeping matches far out of reach of children; by replacing frayed wiring and defective electrical equipment; by never refueling a heated tractor; by having a fire extinguisher and the fire department number handy; and by never leaving your children at home alone.

Falls can be prevented by keeping stairs in good repair, well-lighted, uncluttered, and protected by handrails; by keeping ladders in good repair and seeing that they have secure footing and a good slope; by putting guards around open chutes or stairs; by making sure that porch rails are strong and window screens securely fastened; by putting non-skids on little rugs; by wiping up liquids or grease from the floor as soon as they are spilled; by building racks for farm and garden tools and having places for brooms, mops and dust-pans, and seeing that they are kept in their places.

Machinery fatalities can be prevented by keeping the tractor and machinery in the best repair; by keeping a watchful eye on combines, threshing machines, corn pickers and shredders, cutting equipment, shafting, belting and gears and seeing that their guards are in place; by never wearing torn, loose or floppy clothing while operating revolving machinery; by oiling, adjusting or cleaning out clogged machinery only when it is entirely shut down; by never letting your small child ride on the tractor and by keeping him away from all harvesting machinery.

Livestock accidents can be prevented by getting rid of temperamental and unruly horses and bulls; by approaching even the gentlest farm animal with care, a pat and a reassuring word and using special care around animals with young; by building a strong bull pen; and by making sure that harnesses, whiffle-trees and all horse-drawn equipment are in good repair.

Traffic kills or mains many farm people. Cut down the brush that obscures your view of the roadway, use care in entering highways and observe all traffic signs. Be sure that all equipment you take onto the highways during hours of darkness or at dawn or dusk is properly and plainly lighted. Transport your slow-moving farm machinery at the hours of least traffic and give speedy passenger cars plenty of room in which to pass.

You are less apt to be hurt by accident when you are physically and mentally alert. Get a good night's rest every night. Plan your farm work to avoid tensions. Don't work until you are exhausted. Get some rest and recreation. Eat three good regular meals a day. Cover your head when you are in the sun. Drink plenty of cool, not cold, water. Tired people, hurried, irritated, nervous people, hungry people and faint people are the ones to whom most accidents occur, the State Health Department said.

BRIDE-ELECT HONORED

A party honoring Miss Beth Ripley and her approaching marriage to Donald LaBounty on August 5, was given by Mrs. Jack Curtiss last Thursday evening. After dessert was served at a table centered with a miniature bride and groom, games were played with prizes awarded being presented to the bride-elect. Miss Ripley was also presented with a lovely gift from the group and a shower of washcloths.

Chamber Studies

(Continued from page 1)

verting Tecumseh from a village to a city. A survey has been made of some two dozen Michigan towns which have made the change in recent years. The replies to the survey are now being studied and the answers will be published, with the originals on file at the Chamber of Commerce where they will be available for public inspection.

The Chamber has received an inquiry from the Onsted Woman's Club concerning spending a day in Tecumseh. The Onsted club makes a trip each year, and the publicity given Tecumseh lately has made them believe that this year's trip might profitably be made here. The Chamber has replied that they would be delighted to set up a day's program for the visiting ladies, with visits to the new high school, Country Club, housing developments, and a trip through the Quaker Oats factory.

Plans will be made immediately for a Business-Education Day. This event was originally set for last Spring, but a number of local activities plus graduation activities made it necessary to postpone the event until after school reopens. Business-Education Days are becoming increasingly popular all over the United States as a part of a program to make the operating of American business better understood.

Also being considered is a retail training program in cooperation with the Michigan Retailers Association and Michigan State College. These events have been held in a large number of Michigan towns with universal approval on the part of the retailers. Working as clinics, these programs are designed to deal with local problems from actual study, rather than the convention form in which groups from different cities discuss problems of retailers in general.

The Chamber will also promote Tecumseh's annual high school band festival. This program brings a large number of bands to Tecumseh for a colorful sight along with excellent music. Tecumseh is the only city in this section to hold such an annual festival and it is becoming increasingly popular. Attempts will be made to hold the event earlier this year to assure the spectators of a comfortable evening.

And although this is still the middle of the summer, the Chamber points out that Hallowe'en and Christmas will be with us before too long, and that Tecumseh will as usual stage outstanding promotions for both of these seasons.

Mrs. Harold Clark, who suffered a broken nose and bruises in an automobile accident last Thursday near Dundee, is recovering satisfactorily.

A Pledge to the American People

by

The Great Atlantic & Pacific Tea Company

We will resist all unwarranted price rises with all our might.

We will make every effort to hold our inventories at the lowest point consistent with good service to our customers, because hoarding, whether by wholesalers, retailers or consumers, will cause higher prices.

We will continue to maintain the lowest profit rate generally prevailing in the entire retail industry. Our net profit now is less than one cent on each dollar of sales.

We will continue to strive for more efficient distribution.

We will fight waste of food, or time, or money all along the line so as to narrow the spread between wholesale and retail prices.

We will devote all our energies to giving you the most good food for your money every day of the week.

We will strive always to do what is honest, fair, sincere and in the best interest of our country and our customers.

As most of you know, this company and the low cost, low profit policies that built it are under attack.

We are defending ourselves against a suit brought by the anti-trust lawyers to put A&P out of business.

But the greater conflict in which our country is now engaged takes precedence over all else.

Today, with our boys fighting in Korea, we believe that all citizens and all businesses, big and little, should devote themselves wholeheartedly to the public interest.

We promise the American people that we will cooperate unhesitatingly with our national government in the present crisis.

We promise you that we will continue to do everything in our power to put more buying power in your food dollar and more good food on your dinner table.

Michigan Mirror

Non-Partisan News Letter

(Special to The Herald)
By Gene Alleman

Selection of the Upper Peninsula as the location of the 1950 National Convention of the Outdoor Writers Association of America is a timely reminder that this region of approximately 16,000 square miles, larger in area than any New England state except Maine, is perhaps better appreciated by out-state travelers than by many native sons and daughters of Michigan.

This observation is prompted by an enthusiastic letter written by Clay Perry, author of Cheshire, Massachusetts, Perry, a native of Wisconsin and a long time resident of Massachusetts, has made five trips to the "Fabulous Upper Peninsula." He wrote an article for the Saturday Evening Post in 1941 entitled, "As Easy As Falling Off A Log," dealing with the log-birling event at Gladstone, held annually around the Fourth of July.

Perry writes: "I doubt that there is a similar sportsman's paradise in the middle of the United States that can compare with the Fabulous Upper Peninsula. Nowhere I ever have visited in this country and Canada is there so much to offer as Michigan's Upper Peninsula.

"There is fishing unequaled anywhere else in its variety for inland waters. Trout, bass, lake trout, wall-eyed pike, pickerel, perch and etc.

"You can find more deer in the Upper Peninsula than almost anywhere else in the United States. As for scenery there are the seven wonders of the Upper Peninsula to see. Among them is the famous Big Spring, Kitchitikippi, near Manistique, the Pictured Rocks at Munising, all of the beautiful shores of Lake Superior and Michigan, Mackinac Island—historic, scenic, luxurious as to its Grand Hotel, no automobiles allowed, only horse-drawn carriages and bicycles."

Evidently the Outdoor Writers Association agreed with the enthusiasm of Clay Perry as they accepted an invitation of the Escanaba Chamber of Commerce to hold the 1951 National Convention at Escanaba, central headquarters for the Upper Peninsula.

The writer of the "Michigan Mirror" is also not a native son of Michigan. We have traveled extensively throughout Michigan, particularly in the Upper Peninsula, and we frankly share Mr. Perry's spirit of friendliness to this vast North Country region of Michigan. If you have not visited this region in many years, or possibly not at all, we would like to suggest that you begin your travel through this "Fabulous Upper Peninsula" by a visit to historic Mackinac Island, thence north to Sault Ste. Marie to take a glance or two at the Canal and Locks whose Centennial will be observed in 1955.

Your trip west should include a day to visit the Tahquanemon River falls near Newberry, accessible either by boat from Soo Junction or by highway. At Munising be sure to take a boat ride to the Pictured Rocks. Thence west to Marquette for a view of the hugh ore loading docks. Iron deposits were discovered in 1844 near Negaunee by William R. Burt. North of Marquette are the Huron Mountains, undeveloped as a future scenic center, similar to the Porcupine Mountains.

Continuing west you arrive at L'Anse and Houghton, entrance to the picturesque Copper Country. This is the land of the beautiful Keweenaw Peninsula and the one-time center (1889) of the greatest copper producing region in the United States. The Calumet and Hecla Company financed with $10 million capital, produced over $169 millions in dividends from the most productive and richest mine in America.

Drive out the Keweenaw Peninsula to Eagle Harbor, take the Brockway Mountain Scenic Drive to Copper Harbor, visit Fort Wilkins State Park, and return by the central route back to Houghton. Thence to Ontonagon and Silver City where you can drive to the Porcupine Mountain State Park and climb by easy trail to an escarpment giving a breath-taking view of the Lake Of The Clouds. If time permits, continue west to Ironwood and visit the falls along Lake Superior. Otherwise, you can go southward to U.S. 2 and go back eastward to the iron ranges at Iron River, Crystal Falls, and Iron Mountain.

On your way back be sure to visit the Big Spring, Kitchitikippi near Manistique at Indian Lake. Thence eastward over the U.S. 2 Shore Drive to St. Ignace. This stretch of pavement is new and it affords one of the most beautiful views of Lake Michigan in the enire Upper Peninsula.

We would not suggest that you attempt such a circle tour in only one week's time, two weeks would be ideal. We will guarantee that having made the circle, from the Sault to the Copper Country and thence southward by way of Escanaba to St. Ignace, that you will join Clay Perry in an acclaim for Michigan's vast North Country, beyond the Straits of Mackinac.

BRIDGE ON COUNTY ROAD CROSSING THE RAISIN RIVER 3 MILES NORTHWEST OF TECUMSEH, LENAWEE COUNTY.

PROJECT: M BI of 46-4-11, C1

Net classification required for this project is 4-Fa.

Sealed proposals for the construction of this project located in Clinton Township, Lenawee County, will be received from the contractors having 1950 Michigan State Highway Department prequalifications, in the Veterans' Memorial Building, 213 South Capitol Avenue, Lansing, Michigan, until 11:00 A.M., Eastern Standard Time on Thursday, August 3, 1950, and will then and there be publicly opened and read. Proposals may be mailed to Room 424, State Office Building, Lansing, Michigan.

The work will consist of the removal of the remains of the existing structure, the construction of a new bridge, and incidental work.

Completion date for entire project December 15, 1950.

The Department's Standard Specifications (1950 Edition), its current Soils Manual, the plans for this project; the special provisions governing subletting and assigning the contract and the employment and use of labor, and the proposal blanks (all of which are essential parts of the contract) may be examined at the district office of the Department at Redford, Michigan, and at the Michigan Road Builders Association, Lansing, Michigan, but may be obtained only at the office of the Contract-Estimate Engineer, Room 424, State Office Building, Lansing, Michigan, up to 5 P.M. of the day preceding the opening of bids. A fee of three dollars will be charged for furnishing plans or proposal blanks, which will not be refunded.

Full cooperation in carrying out the special provisions will be required. Minimum wage paid to labor employed on this contract shall be as follows for Zone 2: Skilled labor $1.90 per hour, Intermediate labor $1.40 per hour, Unskilled labor $1.275 per hour. Other rates as listed in the proposal.

A certified or cashier's check on an open, solvent bank, in the sum of $2000.00, payable to Charles M. Ziegler, State Hoghway Commissioner, must accompany each proposal. All such checks will be returned promptly after the bidding, except that of the lowest bidder will not be returned until execution and delivery of the contract to the State Highway Department.

The right is reserved to reject any or all proposals.

From where I sit ... *by* Joe Marsh

Take Your Choice

Sitting around last Friday evening, the talk turned to the best way of getting to sleep when it seems you just can't. "The way I always do," says Sandy Johnson, "is to breathe deep and make believe I weigh a ton."

"Just throw away the pillow—it works every time," says Buzz Ellis. When counting sheep came up, right away was the question: What *kind* of sheep?

From where I sit, you could argue 'til Doomsday and never get complete agreement on a lot of things. Now, take me. I'm all for having a glass of beer or ale on occasion. *Your* "sociable beverage" may be a "Coke"—or buttermilk or maybe a cup of hot coffee.

But enjoying our preferences is a *right* in this country and each of us is entitled to his own. The important thing is to respect that right in the true democratic spirit of understanding! As a matter of fact, what a tiresome old world this would be if we all did have the same likes and dislikes!

THE TECUMSEH HERALD

NINETY-NINTH YEAR—NUMBER FORTY-FOUR — TECUMSEH, MICHIGAN, AUGUST 3, 1950 — FIVE CENTS A COPY

Village Faces State Citation

COMMISSION WOULD FORCE TECUMSEH TO BUILD SEWAGE TREATMENT PLANT

Will the Village of Tecumseh be forced by the Michigan Water Resources Commission and the Michigan Department of Health to install a sewage disposal plant immediately at a cost of $300,000 to $400,000?

And, if such an order is issued by the state, how will the Village finance the building of such a plant?

Those two questions faced members of the local government today as Tecumseh was cited to appear on Friday, August 11, at a hearing in Ann Arbor to answer to a charge of failing to comply with previous instructions by the Commission, namely to have the disposal plant under construction not later than June 1, 1950.

The fact that Tecumseh does not have a disposal plant under construction at the present time is due, largely, it was said, to the village's inability to see its way clear to levy taxes to meet such an expenditure. In the past, the village has, it was said, "had all that it could do" to live within its tax income, and at the same time carry on improvements needed to keep pace with its rapidly growing population.

The order, calling local officials to Ann Arbor, was issued following a meeting of the Water Resources Commission on July 26. At that time citations were issued against Tecumseh, Muskegon Heights and Negaunee. All three of the communities were charged with failing to carry out committments they had made regarding the building of sewage treatment plants.

The state has, for several years, been insisting that Tecumseh build a treatment plant, instead of dumping its sewage into the River Raisin as has been the practice always in this 125-year-old town. Prior to World War II, the state began to push its construction order, but the pressure of the war delayed action. Since the war, in fact a year ago, the village agreed to get the plant under construction not later than June of this year, but to date no such move has been made.

Mayor J. Floyd Elliott, discussing the state's citation for August 11, said this week that he did not know whether Tecumseh would be forced immediately to construct the plant. He said that he knew that previous committments had been made by the village, but he also said that he was well aware of the lack of tax funds with which to do the work.

"How will such a plant be paid for, in the event the state forces us to build?" the mayor asked. "There is only one way that I can see, and that is through the issuance of revenue bonds."

If such bonds were issued, every water user in the village would probably be forced to pay a certain tax on water bills, and the money thus collected would go into a special fund to retire the building bonds. A 20-year program, it was said, might be necessary to make the plant available.

Mayor Elliott said that he did not know, exactly, how much a treatment plant would cost. Previous estimates, when costs were much more moderate than they are now, fixed the price at around $250,000. Today, the mayor said, he believed that Tecumseh would be fortunate to be able to carry out the state's order for much less than $400,000.

Elliott said that he had not been advised, personally, of the citation by the Commission. However, he said that he knew that the village engineer had been informed. He said that Tecumseh would be represented at the hearing, but what steps would be taken after that time would depend upon further state orders.

In Adrian, recently, the state forced that city to build a disposal plant through a court order. Revenue bonds, carrying a special tax on water bills, will finance the project.

Warning Is Issued To Youth of Draft Age

A warning was issued today by Sgt. James Mandrell of Adrian, recruiting officer for the Army in this area, that all 1-A personnel, (boys of draft age) who receive their pre-induction notices cannot, after that date, volunteer for enlistment.

Sgt. Mandrell declared that young men who desire to select the branch of service in which they care to serve should not, if they feel that they are about to be drafted, delay too long in making their preference known. Once the pre-induction order is issued, he said, voluntary enlistment cannot be accepted, and no choice can be made.

The recruiting office in Adrian, located in the Chamber of Commerce building, is open seven days weekly, from 8 a.m. to 9 p.m.

Two Are Injured In Speed Mishap

DRIVER OF CAR IS GIVEN SUMMONS; AUTO GOES OUT OF CONTROL ON M-52

Jerry Murphy, 20, 206 E. Pottawatamie street, suffered leg and head injuries, and Dermont Poley, 412 So. Maiden Lane, was injured about the face when the car in which they were riding, driven by Murphy, was involved in an accident on Mill street (M-52) near St. Peter's Episcopal church. Donald Aebersold also of Tecumseh, a passenger in the car, was not hurt. The accident happened at 3 p.m., Saturday.

According to police, Murphy was driving south on Mill street when, at the cement bridge, a car crowded him in passing and the rear tire of his car struck the bridge, causing it to go out of control. It was raining at the time. Murphy's car struck an embankment near the church and he was thrown out. The driverless machine then continued southward and Poley was thrown out. The car finally stopped near Bug's Super-Service, after it had struck a car driven by Harold A. Wilson, 35, of 17 E. Brown street. Wilson was not hurt.

Police gave Murphy a ticket for operating his car at an excessive speed.

Pythian Lodges Enjoy Picnic at Saline Valley

The first annual joint picnic of the lodges in District Nos. 16 and 17 was held Sunday at the Saline Valley picnic grounds south of Saline. Around 125 Pythians, Pythian Sisters, their families and friends were present and enjoyed a bountiful potluck dinner served at 1:30 p.m. Lodges represented were: Ypsilanti, Ann Arbor, Plymouth, Adrian, Tecumseh and Milan.

Glen Davis of Plymouth and Henry Kemp, Tecumseh, (district deputies) were co-chairmen.

A fine program of races and stunts were planned for the youngsters with prizes for all winners.

A very spirited soft ball game was played between the districts with District 16 winning by the score of 13 to 7.

The tug of war was won by District 17, but the men were assisted by several of their wives when the pull was needed.

District 17 also won the horseshoe tournament with John Cake of Grand Rapids and Ann Arbor and Main Miller, a guest, throwing for District 17.

Several enjoyed swimming at the beach nearby.

It was voted to hold the picnic next year at the same place.

Raymond Hicks of Macon Is Buried In Ridgeway

Raymond Hicks, 42 years old, died at 3 a.m. July 27, at the home of his father, David Hicks, in Macon township. Mr. Hicks had been in failing health for several months.

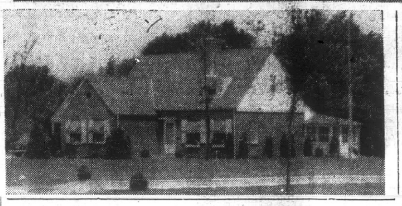
For the last seven years he had lived in Macon township and before that north of Britton. Besides his father, Mr. Hicks is survived by five sisters and two brothers. He was preceded in death by his mother, Mary Hicks, seven years ago.

The funeral services were held Saturday at 2 p.m. at the Niblack Funeral Home in Britton. Burial was at the Ridgeway cemetery.

"GOD IS MY LANDLORD" PRODUCER IS KILLED

Wendell McHenry of Chicago, who produced the film "God Is My Landlord" for the Dynamic Kernals Foundation of Tecumseh, was killed in an automobile accident early Sunday morning. Funeral services will be held in Glen Ellyn, Ill., Wednesday morning at 10 o'clock at St. Mark's Methodist church. Perry Hayden attended the service.

Building Is Brisk In New Subdivisions



Upper photo shows eight of the new houses now under construction in Tecumseh Acres, where 50 dwellings already have been built and 120 more are scheduled. Second photo, construction in Herrick Park. The house on the right is the home of Mr. and Mrs. Carl Fosbender on Outer Drive. This house was recently finished. To the left is the new house of the Paul Breitenwischers, under construction. Britton Church Host To Seminar

175 WOMEN ATTEND EDUCATIONAL MEET AT NEIGHBORING METHODIST CHURCH

Britton Methodist church was host to the Fifth Annual Educational Seminar of Missions and Christian Service of the Ann Arbor District Woman's Society of Christian Service, all day Thursday.

The morning session opened with meditation with Mrs. F. B. Clifford at the piano. Mrs. Leo Burnor of Adrian, district president, presided. Mrs. Merle Crutchfield, local secretary of spiritual life gave the morning prayer and Mrs. Edward Kanous gave the welcome. The study programs were explained by Mrs. Roy Gladstone of Gregory, district secretary of missions and service. Approved studies were highlighted by Mrs. Harold Rohrback of Blissfield; Mrs. Lawrence Ward of Milan, Mrs. Lloyd Harr of Munith, and Mrs. Gladstone. A message relating to literature was given by Mrs. Herbert Sayre of Ann Arbor. Mrs. Percy Cadmus, local secretary of missionary education, conducted noon-tide worship.

About 152 women were served at luncheon by women of the church, the girls assisting. The afternoon session was attended by nearly 175 women.

The program of the afternoon included a hymn sing with Mrs. Ward as leader; roll call by Mrs. Lloyd Carr of Munith; shower for National College, directed by Mrs. Peter Brender of Wayne; assembly echoes by Mrs. W. R. Mayer of Munith; "Wouldn't You Like To Go," playlet by Mrs. E. C. Stringer of Ann Arbor and Mrs. Alex Cameron of Brighton.

Benediction was by the pastor of Manchester Methodist church. Other meetings in the Ann Arbor district were held at Dexter, July 20, and at Inkster, July 25.

Subdivisions Busy Places

17 HOUSES UNDER CONSTRUCTION IN HERRICK PARK; TECUMSEH ACRES ACTIVE

Tecumseh's two rapidly growing subdivisions—Herrick Park and Tecumseh Acres — are teeming with activity as ground is broken in the two sections for dozens of new houses.

In Herrick Park, 17 houses are now under construction, and still more will be built during the late fall and winter, it was said. There are about 80 houses at the present time in the Park, and there are ample lots for as many more. It is not unlikely that the 100-house mark will have been reached by January 1.

Herrick Park is located at the eastern end of Brown street.

Tecumseh Acres Subdivision, west of Adrian street and north of Russell Road, is now the home of some 50 families and a dozen more houses are under construction there.

Glenn H. Kohler, who is handling the sales in this subdivision, said today that nine of the 12 houses complete a block of 30, and as quickly as they are finished, he said, another 30 houses would be started.

There are 179 lots in the subdivision, and construction work will be continued throughout the winter months, Mr. Kohler said.

Mrs. Mary A. Hoxie, Clinton Resident, Dies

Mrs. Mary A. Hoxie, 84 years old, died at 3 p.m. Wednesday, July 26, at her home at 402 Jackson Road, Clinton. Mrs. Hoxie was a member of the Pythian Sisters at Tipton and the Clinton Methodist church.

She is survived by one brother, Edward Furgason of Tecumseh; two grandsons, Edgar Hoxie of Bayfield, Colo., and Maynard Hoxie of Lansing; and three great grandchildren. She was preceded in death by her husband, Edgar, and one daughter and son.

Services were held at 2 p.m. Saturday at the Hause Funeral Home in Clinton. Burial services were at the Tipton cemetery with Rev. Vaughn Whited officiating.

Melville B. Hotrum Buried In Brookside

Funeral services were held Thursday at 2:30 p.m. at the Green Funeral Home for Melville B. Hotrum. The Rev. Leclare Reed officiated.

The Misses Marlys and Evelyn Arnold sang hymns during the service. The bearers were Gene and Elwyn Sell of Clinton, William Sell of Adrian, John Otto and Bert Lutz of Ypsilanti, and Jesse Arnold of Tecumseh. Burial was in Brookside cemetery. Friends and relatives attended from Toledo, Eaton Rapids, Lansing, Leslie, Ypsilanti, Blissfield, Adrian, Clinton, Macon and Tecumseh.

Shorten Tests For Car Drivers

MOTORISTS RENEWING LICENSES STILL, HOWEVER, MUST UNDERGO EXAM

Licensed drivers in Michigan will hereafter not be required to submit to written and oral examinations when renewing their operator or chauffeur permits, under a change in procedure authorized by State Police Commissioner Donald S. Leonard.

The change will enable driver license examiners to devote more time to beginner drivers as well as eliminate the provision under which licensed drivers repeated tests which they had once passed successfully. Drivers renewing licenses, however, will still have to pass vision, color and hearing tests.

Persons seeking their first license will, of course, have to pass all of the tests as in the past.

When initiated the purpose of the present system was to make certain that no driver was licensed who did not have the necessary knowledge and skill to drive properly.

"We feel now that the benefits from that procedure have been accomplished to the point where we can simplify renewals," Leonard said. "This will also permit giving more time to beginners to see that they get off to a good start as safe drivers."

Of the 847,886 persons who took driver license examinations in Michigan last year more than 90 per cent were renewing their applications. The total also represents an average of more than 4000 examinations for each driver license examiner. There is an equivalent of 187 full time examiners in the state.

Only six of 43 states reporting to the National Safety Council in a special poll have any form of examination for renewing driver licenses. In addition, with the exception of Michigan the six states have required only partial examinations.

The abbreviation of renewal tests in Michigan will not affect the suspension, revocation or restriction of licenses of drivers who accumulate bad driving records. This will follow the same procedure as in the past.

Merchant's Team Downs Napoleon; Score 16 To 10

The Tecumseh Merchant's baseball team whipped Napoleon in a high scoring game on their field last Sunday. The fifth and seventh innings proved to be the most profitable for the Indians when they scored 5 and 4 runs, respectively. The final score was Tecumseh 16, Napoleon 10.

Dave Murphy was the winning pitcher and Fuller hurled for the losers.

The Indians will be traveling to other towns for the next two Sundays.

Box score:

Tecumseh	16	12	3
Napoleon	10	14	6

Motorist Given 7 Day Jail Term

POLICE OVERTAKE DRIVER EARLY ON SUNDAY AFTER 100-MILE AN HOUR CHASE

John Harvey, 25, of Rt. 1, Tecumseh, discovered, at 1:15 a.m., Sunday, that the Tecumseh police scout car can travel at a speed in excess of 100 miles an hour. And so that he might think it over, Justice Robert French sentenced him to spend seven days in the county jail, to pay a fine of $50, and costs of $8.60, when he pleaded guilty to a reckless driving charge, on Monday.

Harvey, according to police, was driving recklessly in the downtown district when they first observed him. After he had "run" a couple of stop signals police ordered him to stop. Instead, he speeded up and officers gave chase. On West Chicago boulevard he was clocked at a speed varying from 70 to 100 miles an hour. He continued west on M-50, but traffic was heavy and police were unable to halt him. He turned at Billington's Corners and continued south toward Adrian with the scout car in pursuit. At Ives Road he attempted to turn left but was going too fast and struck a tree and then a building. The car was not badly damaged.

The officer's report says that when local police came along side the car they discovered a 14-months-old child, lying on the floor in the rear. It was not hurt, but crying. Harvey did not possess a driver's license.

Police say that the car was owned by John's brother, Tom, of Hudson. He did not know that John had the car, and neither did he know that the youngster was in the car. The car, officers say, was taken without Tom's permission.

John Harvey was arrested by the officers, and arraigned in French's court on Monday.

Police Are Searching For Jackson "Salesmen"

Chief of Police M. E. Clark said today that complaints had been made to his department and also to the Adrian Chamber of Commerce regarding the solicitation of work by representatives of a contracting firm, and the failure on the part of the firm to carry out its agreements.

On July 7, Chief Clark said, three representatives of the firm, supposedly located in Jackson, contacted certain local residents regarding house remodeling and construction. In one instance, he said, a down payment on work proposed was accepted. It is now past time to start the work, but the local householder has not heard from the firm.

Clark and the Chamber now are wondering whether the men were authorized agents of the firm. They are asking that anyone else who may have had contact with the men advise either the police or the Chamber, that a further check-up may be made.

Greater Appreciation For American Life Needed

The need for greater appreciation of the American way of life was stressed by Dr. Edwin Babbitt, vice-president of Adrian College, when he spoke Tuesday evening, to the Rotary Club, following dinner at the Legion Memorial Home. Dr. Babbitt was the guest of Mel Partridge.

Using as his subject, "Fences," Dr. Babbitt declared that it is possible to trace civilization throughout the world. Today, he said, in the modern age, electric fences are used, denoting the ease to control as compared to the wide-open range of the early day. He declared, however, that there still is need for ruggedness and individualism if national character is to be built. Making it too easy for youth is a mistake, he said.

The speaker pointed out that medical science, early is making great progress in lengthening life's span, but he warned that the two greatest killers, heart disease and emotional diseases, still are out of control. To remain emotionally stable, he said, in this fast-moving world is important if one is to live out his life's span of 70 years. Anger, greed and selfishness should have no place in the healthy mind, the speaker indicated.

JURY DISAGREES IN DRUNK-DRIVING CASE

A jury in Justice Robert French's court on Saturday failed to reach an agreement in the case of Jeffory Goodman, Tecumseh, on a charge of drunk driving. Goodman was arrested by local police on July 24. He was released after the trial, pending the date of a new hearing.

I will be absent from my office July 26 through September 4, inclusive. Office open for collections and refills.

THE HEAVENS WILL BE BEAUTIFUL DURING MONTH OF AUGUST

Shower of Meteors to Highlight Astronomical Display This Month

ANN ARBOR — August's skies will bring a shower of meteors to highlight the astronomical display for the month.

Watch the northeastern sky around 10 p.m. from August 9 to 13 and you should see plenty of shooting stars, according to Dr. Hazel M. Losh, assistant professor of astronomy at the University of Michigan. The shower should be at its best on August 11.

This will be the annual Perseid meteor shower, she reports, which is considered the most conspicuous and dependable of this year's displays. Last year, a full moon dimmed the view but Dr. Losh says that won't happen this time since the moon reaches a new phase on August 13.

"Around this date, the Earth in its annual circuit around the Sun crosses the path of this swarm of meteors," she explains. "Consequently, many of the meteors find their way into the Earth's atmosphere. The resulting friction sets them on fire and they become visible."

Since the meteors dart and flit across the sky from a point in the general diction of the constellation Perseus, the meteor shower has been named the Perseids. Dr. Losh says these meteors must be distributed in a nearly uniform ring along their orbit since they appear almost as numerous every year.

"All meteors have certain family resemblances," Dr. Losh reports. "The Perseids are yellow and move with medium velocity. This particular shower is believed to have some connection with a comet that appeared in 1862, although records show observations of these meteors as early as 811 A.D. They are often referred to as the tears of St. Lawrence."

While the meteors provide the spectacular feature, August skies also will present other attractions. Consult any good astronomical map and you'll be able to look directly south and overhead and trace out two giant constellations, Ophiuchus and Hercules, Dr. Losh says. Two fairly bright stars are the heads of these star pictures with the brighter marking a starting point for Ophiuchus, the Serpent Charmer.

No maps will be needed to check on two of the planets which will be conspicuous objects during the month. After sunset and until midnight Mars will be in the western sky near the horizon. Bright Jupiter, rising in the southeast soon after sunset, will be an increasingly conspicuous object as the month progresses. By August 25, Jupiter will reach the meridian, the highest point of its path across the sky, by midnight and remain above the horizon all night long. August 27 will see the full moon pass just one degree south of Jupiter to provide another interesting spectacle for August sky watchers.

The other planets will not be so co-operative. Saturn will be difficult to observe in the western sky just at twilight while Mercury will make a brief appearance in the same spot and at the same time for a few days around August 21. Venus will be a bright spot in the eastern sky but won't appear until two hours before sunrise.

A Change Long Past Due

The Board of Directors of the Chamber of Commerce, following its July meeting last week, renewed its intent to carry on a program to change the form of government in Tecumseh from a village to a city. This is a foreward step that is long past due and one which, as we have said before, is a move in the right direction.

The Chamber of Commerce is not proposing this change in government without first giving the plan careful study. Over three years ago, when the present Chamber was organized, those who were sponsoring the formation of the C. of C. had high on their list of proposed activities a plan to make Tecumseh a city. For three years the program has been studied by the Chamber, and it now appears that the board is satisfied that the change should be made for the benefit of the community.

The board also will propose, we understand, that, at the time the vote is taken on the change, Tecumseh annex certain portions of its so-called "fringe area" on the west and south. There are rapidly growing subdivisions in these areas and some industrial property. In all probability, Tecumseh would add $1,500,000 or more to its assessed valuation. At the present time this so-called "fringe" property lies within the township and is assessed by the township rather than the village.

In our opinion it would be well to bring these areas inside the boundries of the new corporation. The last census estimate showed that Tecumseh, within the present village boundaries, had a population of about 4,000 BUT greater-Tecumseh (which includes the so-called fringe areas) had a population of more than 5,000. The proposed annexation program, then, would, aside from increasing the assessed valuation of the city, also add about 1,000 to its population.

To all intents and purposes, Tecumseh's "fringe areas" are a part of Tecumseh. These subdivisions would not have been developed were it not for Tecumseh's steady growth and, in all probability, they would be inside Tecumseh today had the village's borders been large enough to contain them. However, Tecumseh has literally "grown out of its britches" in the past 10 years, and the end is not yet. Once a community hits the 5,000 mark in population its growth generally is steady. If Tecumseh continues to grow as much in the coming 10 years as it has in the last decade, a greater population figure of 7,000 or more can certainly be expected.

Census figures show that Tecumseh was the fastest growing town in all of Lenawee county in the period between 1940 and 1950. It added more than 1,000 in population inside the corporation, and at least another 1,000 outside. The fact that its "outside" or fringe-area population kept pace with the growth of the village proper should be sufficient proof to convince most anyone that some form of annexation program is needed, and that its boundaries are too small.

The fact that Tecumseh is considering a change in its form of government should not seriously disturb even the most skeptical. The sun will rise in the east and set in the west, just as it does now, regardless of what form of government the town adopts. By and large, there will be no noticeable change in the physical make-up of the community. But there should be a distinct change in government service to residents. For example, there would only be one place to register for elections and one place to pay taxes, eliminating confusion. All over-lapping government functions would be eliminated.

And, greatest of all, Tecumseh would be entitled to more representation on the county board of supervisors, and would, as a result, have a greater voice in county affairs. This would be as it should be. After all, Tecumseh is the second largest community in the county, its assessed valuation is constantly growing, and, because of these facts, its voice should be louder in Lenawee policy.

We sincerely hope that when the issue to change Tecumseh's form of government is submitted to electors that the proposal to annex new areas and extend boundaries will be included. It would be foolish to make one change without the other. They should be made simultaneously.

15 Broilers at 12 Weeks
Weight 73 Pounds...

Leo Snyder, Jr., of Napoleon, Ohio, places high in N. W. Ohio "Chicken of Tomorrow Contest."

On June 9, his best 15 birds dressed out 73 pounds. His second lot were close, with 70 pounds of meat. Such were the amazing results achieved by Mr. Snyder using Hayden "Krumbles" feeds, and a small amount of grain.

"I started these birds, 102 of them, on Hayden's Starter & Grower Krumbles, and then on Hayden's Broiler Krumbles. I feel that the Krumbles go further with less waste," said Mr. Snyder.

Even Wiser than He Seems

PLAINLY, here travels a man wise in the ways of fine motorcars.

You know that, by the four Ventiports and the rich sweep of chrome which mark his car as a ROADMASTER.

You know it, should you trail him on the highway, by the smooth lift of the big Fireball power plant at his toe's command, by the obvious levelness of the ride he enjoys, the swift ease with which Dynaflow Drive solves his traffic problems.

What is not so plain from what you see is that here also is a man very wise in what today's dollar should buy!

FOR this man has all that a fine-car owner can ask for—brilliant performance, a ride without equal for gentle softness, finger-easy handling, abundant room all around him, styling that is easily the most distinguished on the highway.

Yet he paid considerably less than comparable merit costs elsewhere.

He found fewer extra charges in his delivered price, with such things as Dynaflow Drive, foam rubber cushions, windshield washers, electric clock, even non-glare rear-view mirror included in the price.

If you know fine cars, it won't take fifteen minutes behind a ROADMASTER wheel to see that here is one of the finest.

If you have inquired about prices, a single glance at the delivered figures establishes this as the big buy of the field.

Why not make both checks—especially since your Buick dealer will be glad to arrange a trial run in a ROADMASTER any time you care to call on him?

Only BUICK has Dynaflow DRIVE* and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New P-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Your Key to Greater Value

Alice Louise Claus Is Bride of Harry Travis

At a wedding ceremony of lovely simplicity Sunday afternoon at 2:30 p.m., Miss Alice Louise Claus of Tipton became the bride of Harry L. Travis of Omaha, Nebraska, at the home of the bride's mother, Mrs. Burtsel Claus of Tipton.

The vows were spoken in front of the fireplace, decorated with arrangements of gladoli and white candles. The single ring ceremony was performed by the Rev. B. O. Bashore of the Tecumseh Baptist Church.

As the Lohengrin wedding march was being played by Mrs. Eugene Fisher, the bridal party took their places.

The bride, given in marriage by her uncle, John Ruesink, was lovely in a gown of toast lace, with a corsage of white roses.

Mrs. Helen Carter, matron of honor and sister of the bride, chose a gown of aqua crepe and a corsage of sunburst roses.

The bride's mother wore a silk print dress with a red rose corsage.

At the reception immediately following the ceremony, the lace covered table was attractively decorated with white tapers in crystal holders with a centerpiece of pink roses and white asters. The three-tiered wedding cake was topped with a miniature bride and groom and white wedding bells. Mrs. Glenn Fisher and Mrs. James Douglas, cousins of the bride, and Mrs. Harold Graumann helped with serving.

Before leaving on their wedding trip, Mrs. Travis changed into a white suit trimmed in navy, with a shoulder corsage.

Mr. and Mrs. Travis will make their home in Arlington Heights, Illinois.

The bride is a graduate of Tecumseh High School and attended the Art Institute of Chicago, Ill. The groom is a graduate of Omaha High School and attended Omaha College.

Out of town guests were Mr. and Mrs. Harold Graumann, Mr. and Mrs. Charles Crooks, and Miss Vincy Leone of Chicago; Mr. and Mrs. James Douglas of Chatham, Ontario; Mrs. C. J. Morton of Akron, Ohio; Miss Marleta Bailey and Mr. A. McCabe of Lansing, Mich. Other relatives and friends attended from Tipton and Tecumseh.

Miss Delpha R. Cox Weds Chas. D. Mosher

On Sunday afternoon at 3:30 p.m. at the Tecumseh Friends Church, Miss Delpha R. Cox, daughter of Mr. and Mrs. Carl C. Cox, of Tecumseh, became the bride of Charles D. Mosher, son of Mr. and Mrs. Harold Mosher of Mt. Gilead, Ohio. The single ring ceremony was performed by the bride's uncle, the Rev. Lawrence Cox.

Organ selections were played before and during the service by Mrs. Charles Bancroft of Cleveland, Ohio. Mrs. Betty Koelker of Cleveland and Ronald Mosher, soloists, sang "Because," "O Promise Me," and "I Love You Truly." As the bridal couple knelt during the service, they also sang as a duet "Savior Like A Shepherd Lead Us."

The bride's gown was of sheer marquisette over white satin with a lace yoke and bustle and long sleeves pointing over the hands. She carried a fan-shaped bouquet of white roses and baby breath.

Mrs. Carol Griffith of Indianapolis, attended her sister as matron of honor with Mrs. Elizabeth Bryant of Danville, Indiana, and Miss Rosellen Mosher, sister of the groom as bridesmaids. The attendants wore identical gowns of white marquisette over pink, green and lilac faille, and carried arm bouquets of gladioli.

Both the mother of the bride and the mother of the groom chose pink dresses with white accessories and wore rose corsages.

After the ceremony, a reception was held at the home of the bride with the traditional wedding cake being served to the guests.

The bride and groom left on a week's trip through northern Michigan and upon their return will make their home in Cleveland.

The bride is a graduate of Tecumseh High School in 1948 and attended Cleveland Bible College. Mr. Mosher is a student at Cleveland Bible College, where he is studying for the ministry.

Miss Bonnie Beasley Bride of Harold Meade

Miss Bonnie Beasley, daughter of Mr. and Mrs. Richard Beasley, and Harold Meade, son of Mr. and Mrs. Walter Meade, both of Tecumseh, were married Wednesday afternoon, July 26, by Rev. Glenn Lester Utterbach at his home in Angola, Indiana. They were attended by Mr. and Mrs. Robert George of Tecumseh.

For her wedding Miss Beasley wore a white suit with grey accessories and a corsage of red roses. Mrs. George wore a pink suit with white accessories and a corsage of yellow roses.

The bride graduated from Tecumseh High School in June and is employed on the swithchboard at the Tecumseh Products. Mr. Meade graduated from Tecumseh High School in 1945 and also is employed at the Tecumseh Products Company.

A reception in their honor was held Wednesday at Wamplers Lake where the Beasleys were vacationing. Mr. and Mrs. Meade left later for northern Michigan. They will make their home in Tecumseh.

HOSTESSES NAMED

Canasta and bridge were the main diversions following the luncheon at Tecumseh Country Club Ladies Day, last Wedensday. Twenty-three ladies attended the luncheon. Honors at bridge were awarded to Mrs. Joseph Rohweder; at canasta to Mrs. A. A. Musch and Mrs. J. P. Ammer. Mrs. Frank Rice and Mrs. W. D. Hite were hostesses. For the August 9th luncheon, reservations may be made with Mrs. J. F. Furry, Macon phone and Mrs. C. M. Brown, phone 57, by Tuesday noon.

I have filed by nominating petitions as a Republican candidate for Congress.

Nobody asked me to.

There was no popular demand.

I have not had my ear to the ground listening for the call.

I have been busy minding my business as a lawyer.

But, when I look around as plain John Citizen, and find—

Our national debt reaching 256 thousand million dollars, or enough to provide a brand new $6,000.00 home for every family in the Country;

Nearly 6 million people (or 1 out of every 25 of the population) on the public payroll;

The average citizen now working about 1 week in every month to pay his taxes;

Congress stalling on the Hoover reorganization plan to cut government waste;

A bureaucracy destroying food to create scarcity to make people pay more for it;

Coddling communism in Washington while waging war against it in Korea.

I think, if I were in Congress, I would try to do something about these things.

And so I am a candidate for Congress, and if you feel as I do and hope to see some action, your support will be appreciated.
Sincerely,

PHILLIP C. KELLY

Miss Shirlie Moore Weds Richard Fielder

Miss Shirlie Anne Moore, daughter of Mr. and Mrs. Robert H. Moore and Richard L. Fielder, son of Mr. and Mrs. William B. Fielder, both of Tecumseh, were united in marriage Saturday afternoon at 4 p.m. in the Tecumseh Baptist church.

The Rev. B. O. Bashore read the double ring service before an altar decorated with white gladoli, palms and laurels, and centered with a white cross. The front of the church, too, was a profusion of flowers and palms, the sidewalls were festooned with laurel roping, and baskets of white gladoli were suspended at intervals in the v-shaped festoons. White runners covered the aisles, and white satin bows and ribbons and gladoli marked the pews.

Mrs. Richard Fielder

The bride entered the church on the arm of her father, to the strains of the Lohengrin wedding march, played by Mrs. Herbert W. Dillon, aunt of the bride. Miss Martha Hayden sang "Because" and "The Lord's Prayer." Mr. Moore gave his daughter in marriage.

The bride's gown was of white satin and chantilly lace and featured an off-the-shoulder neckline, with long sleeves and illusion veil. The skirt swept into a full train. She carried white carnations. Her only jewelry was a strand of pearls, the gift of the bridegroom.

As maid of honor, Miss Jane Hanna was gowned in pale green taffeta with matching mitts and head band. The bridesmaids, Grace Moore and Sherry Fielder, sisters of the bride and groom, wore orchid and pink taffeta, respectively. They all carried heart shaped bouquets of pink rosebuds and stephanotis. The flower girl, Jane Dillon, cousin of the bride, wore blue taffeta and a poke bonnet. She carried a small colonial bouquet of pink rosebuds.

The groom was assisted by his father. The ushers were Robert Moore III, Richard Colson, Roger Williams and Don Maves.

Mrs. Moore, the bride's mother, wore lime green crepe with an orchid net floral hat. Pinned to her orchid purse was a green orchid. The groom's mother wore beige lace and chifton with a matching hat and a pink rose corsage.

Mrs. R. S. Moore, grandmother of the bride, wore peach linen with matching feather headdress and purple orchid corsage. Mrs. Mae Dillon, maternal grandmother of the bride, chose a gown of blue shadow marquisette with verizated maline headdress and a corsage of tubrum lilies.

Immediately after the ceremony a reception for 250 persons was held at the Country Club, with Mr. and Mrs. H. H. Hanna and Mr. and Mrs. J. H. Rohweder assisting in the reception line. The guest book was in charge of Mrs. Robert D. Moore.

The bride's cake, four-tiered, was topped with gardenias and sweetheart roses encircled the base. Bridegroom's cakes were at either side. The beautifully decorated table was in front of the fireplace and the mantle was banked with mums and gladoli and lighted tapers. Serving tables were centered with sweetheart roses and silver candelabra, with silver coffee services at either end. Miss Marilou Gilman cut the cake and those who assisted in serving, and presided at the tables were Louise Wilson, Betty Joe Hanna, Dorothy Jean Brandt, Pat Hammack, Patty Brooks and Frances Aluto, Mrs. Jens Touborg, Mrs. Frank Purcell, Mrs. C. O. Butler, Mrs. Frank K. Smith, Mrs. M. R. Blanden and Mrs. Dale Bowen.

Mr. and Mrs. Fielder left after the reception on a trip through northern Michigan. For traveling the bride wore an aqua suit, with white accessories. Her corsage was of white roses.

The bride graduated from Tecumseh high school in 1949 and attended Michigan State Normal College. Mr. Fielder attended school in Clinton and Tecumseh and was overseas in the Navy. At present he is in the Naval Reserve and is employed at the Tecumseh Products Company.

The bride and groom are building a new house in Herrick Park and until its completion will reside at Sand Lake.

Wedding guests from out of town were registered from Detroit, Ann Arbor, Toledo, Jackson, Midland, Manchester, Clinton, Adrian, Chicago, Hillsdale, Fowlerville, Ypsilanti and Fayette, Ohio. A few of the out-of-town guests included: Mr. and Mrs. George Faber of Chicago; Mr. and Mrs. Howard Reece of Midland; Mr. and Mrs. John O. Munn and daughters Mary and Nancy and Mr. and Mrs. Rex Crisp of Toledo; Mr. and Mrs. DeArman Gathman, Mr. and Mrs. Todd Faulkner, Mr. and Mrs. John Larsen and daughter RaeNita of Jackson; Mr. and Mrs. Clinton O'Jibway of Lansing; Mr. and Mrs. Jack Larsen of Ann Arbor; Mr. and Mrs. R. N. Gamble and Dr. and Mrs. Edwin Williamson of Kalamazoo; Mr. and Mrs. Robert Sack, Mrs. E. T. Armstrong and Mrs. Ann Veazey of Adrian.

Mr. and Mrs. R. H. Moore entertained Thursday evening at the Tecumseh Country Club at a rehearsal dinner for the Fielder-Moore wedding. At this time the attendants and ushers were presented with gifts.

Mrs. C. O. Butler and Mrs. Karl Schneider entertained in the Butler home at a one o'clock luncheon for Miss Shirley Moore on July 14. A social time was enjoyed and Miss Moore was presented with a miscellaneous shower.

Vacationists Warned Not To Use Raw Milk

Don't buy or use raw milk or homemade butter, ice cream, or cheese, the Michigan Department of Health urged vacationists this week.

City-dwellers accustomed to the pasteurized milk supply required by law in the state often do not know that farm-fresh milk and milk products can be dangerous, the Department said.

Michigan's state laws require that all milk sold over the counter as well as the milk, skim milk, cream and other dairy products used in the commercial manufacture of butter, cheese, cottage cheese and ice cream be pasteurized. These laws, however, do not cover milk and dairy products sold or used at the farms where they are produced. (Unfortunately, too, the law requiring the pasteurization of milk is not effective in five communities of the state which have removed themselves from the protection of the law).

The state pasteurization laws were passed to protect Michigan residents and vacationists, alike, from milk borne infections such as undulant fever, typhoid fever, diphtheria, scarlet fever, septic sore throat and other illnesses.

To protect your health use only pasteurized milk products, the Department advised. If vacationists are going into an area where pasteurized products may not be available, they should provide themselves with canned milk, and avoid buying homemade butter or cottage cheese.

If they must use milk directly from the farm it can be pasteurized at the cottage or camp by bringing the milk just to the boiling point and then cooling it rapidly while stirring. Detailed instructions on pasteurization methods more satisfactory from the taste standpoint, can be obtained from the local health department, the Michigan Department of Health, Lansing 4, Michigan or from the county agricultural agent.

TELL-TALE MARKS OF DRUG ADDICT . . . An unidentified victim of narcotics exposes an arm scarred by needle at the offices of the Pennsylvania boxing commission. Examining the tell-tale marks are (left to right) Dr. Joseph L. Levy, commission physician; O. DaGrosa, commission chairman; and Joseph Bransky, federal narcotics chief in Philadelphia. DaGrosa, state athletic commissioner, announced that he has launched a "complete investigation" to determine whether the narcotics racket has harmed the fight game in Pennsylvania. The announcement came after a meeting with Bransky, who is heading the current drive against Philadelphia drug peddlers.

"CHIEF" JUSTICE . . . Although he still hasn't decided whether or not he'll play professional football, North Carolina's all-American halfback, Charlie Justice, is trying on Indian headdress with the help of Max Reed (left), line coach of the Washington Redskins, and Herman Ball, head coach for the team. Justice conferred with Redskin officials for several hours recently, but it was announced that no decision had been reached by the gridiron ace.

Fly-Free Fairs Possible, It's Up To Management

Michigan residents can enjoy fly free fairs this summer. It's up to the fair boards.

Good fairgrounds sanitation and Lindane, a new insecticide which destroys even DDT-resistant flies, are all that is required according to John Hepler, Director of the Division of Engineering of the Michigan Department of Health.

Fairs come at the height of the fly season, Hepler said. Unless fair boards undertake fly control measures the insects will annoy fair patrons, harass valuable animals, and spread disease when they transfer filth from the open toilet vault, the manure pile, the stock barns, garbage, and other refuse to the food concessions and picnic tables.

Good sanitation, the engineer said, is the first requirement of fly control. Outdoor toilets on the fairground should have earth vaults and be so constructed and maintained that they are fly tight. Arrangements must be made for manure to be hauled away from stockbarns regularly before and during the fair. It should not be allowed to accumulate for more than two or three days. Watertight garbage cans with fly-tight covers should be provided food concessions and arrangements should be made for the garbage to be hauled away or buried daily or oftener.

Toilets and barns, stables, sheds pens and tents where animals are quartered or exhibited should be sprayed with Lindane solution the day before the fair opens. Food concessions should be treated on the day the fair opens.

Lindane should be sprayed on surfaces such as inside walls, ceilings, and sheltered overhanging roofs, which are for the most part untouched and which are frequented by flies. The surfaces would be thoroughly wetted with a fine droplet spray. An orchard sprayer can be used. Screens and screen doors should be painted with the insecticide.

Warning: Care should be used not to breathe the fumes of Lindane and all skin contact with Lindane should be avoided. Before food concessions are sprayed, all food and work surfaces should be thoroughly covered so that none of the mist can reach them. Lindane should not be sprayed directly on dairy animals, their food or water, or the equipment used in feeding or watering.

Picnic Food Poisoning Can Be Prevented

Picnic food poisoning can be prevented, the Michigan Department of Health said today.

All that is required is **cleanliness** and **carefulness** in preparation and **coldness** from the time the food is prepared until it is eaten.

Food poisoning is caused by the growth of germs in food. The germs get into food from unclean hands, unclean sandwich or meat boards, unclean towels, unclean dishes, unclean meat grinders from flies, mice or roaches, or from coughs or sneezes in the kitchen.

These germs multiply so fast at room temperature that an unrefrigerated dish of food or a slice of meat may become deadly in one hour's time, without any change in appearance or taste.

Among foods which are particularly dangerous when not refrigerated are any soft foods made with milk, eggs or gelatin, any foods made with mayonnaise or salad dressings, all meats and fish. They are dangerous because germs multiply readily in them.

Once the food has become contaminated, heating it or refrigerating it will not make it safe. Heat or refrigeration may kill the germs but they will not destroy the poison on which the germs have created in the food.

Be sure that hands, utensils and containers which touch food are scrupulously clean.

Keep picnic foods at temperatures below 50 degrees, from the time they are brought from the store or cooked in the home until they are eaten.

You don't need an expensive picnic hamper. If you thoroughly chill fried chicken, sandwich spreads, cold meats, baked beans or potato salad in your refrigerator and then pack them in sterilized quart or two quart cans and set them in a tub of cracked ice, insulated with newspapers, you can keep them cool for several hours. Once these foods have been set on the picnic table and have become warm, do not try to save them for another meal.

Food poisoning is always unpleasant and it may be violent or even fatal.

State Sounds Polio Warning

COMPULSORY REST PERIOD FOR CHILDREN IS IMPORTANT, DOCTORS SAY

Every Michigan child should have a compulsory rest period every afternoon and his swimming should be limited to short intervals which will not tire or chill him, the Michigan Department of Health warned today in announcing poliomyelitis precautions for Michigan parents and children.

Accumulated evidence indicates that there is marked relationship between becoming over-tired or really chilled and the amount of crippling resulting from poliomyelitis, Dr. F. S. Leeder, director of the Division of Disease Control of the Department pointed out.

When there are poliomyelitis cases in a community, a great many children have light cases of the disease with no symptoms or with symptoms no more severe than those of a common cold. These children may become seriously ill and crippling may result if they are allowed to become overtired or chilled during the first few days of their illness, he explained.

Michigan parents and children should carefully observe all the precautions prescribed by the National Foundation for Infantile Paralysis, Dr. Leeder, said. They are:

Keep children with their own friends. Keep them away from people they have not been with right along, especially in close daily living. Many people have polio infection without showing signs of sickness. Without knowing it, they can pass the infection on to others.

Try not to get over-tired by work, hard play or travel. If you already have the polio infection in your body, being very tired may bring on serious polio.

Keep from getting chilled. Don't bathe or swim too long in cold water. Take off wet clothes at once. Chilling can lessen your body's protection against polio.

Keep clean. Wash hands carefully before eating and always after using the toilet. Hands may carry polio infection into the body thru the mouth. Also keep food clean and covered.

Watch for early signs of sickness. Polio starts in different ways —with headache, sore throat, upset stomach, sore muscles or fever.

Persons coming down with polio may also feel nervous, cross or dizzy. They may have trouble in swallowing or breathing. Often there is a stiff neck and back.

Call your doctor at once. Until he comes, keep the patient quiet and in bed, away from others. Don't let the patient know you are worried. Your doctor will tell you what to do. Usually polio patients are cared for in hospitals, but some with light attacks can be cared for at home.

Dr. Leeder concluded with an encouraging note. "More than half of all people who get the disease recover completely without any crippling" he said. "Observing these precautions can increase that percentage."

New Rat Killer Hailed As Safest For Humans

Madison, Wis.—A new rat and mouse killer—hailed as one of the safest from the human standpoint and one which holds promise of wiping out rodent colonies completely and permanently—is now available to the general public, it has been announced by the Wisconsin Alumni Research foundation (WARF).

Warfarin, the new death-dealing substance, developed at the University of Wisconsin in the laboratories of Prof. Karl Paul Link, is now available to rodenticide manufacturers, reported Ward Ross, WARF general manager.

Warfarin's effectiveness will make it of great value for use on farms and in restaurants, warehouses, and manufacturing establishments. Other poisons kill so rapidly that dead and dying rats serve as a warning to the rest of the colony. Tasteless and odorless Warfarin, however, is slow-acting and relies upon the cumulative effects of small quantities consumed over a period of days.

Poisoned rats show no immediate effects. They eventually become drowsy, and begin to walk with a slow and measured gait. Finally, without suffering, they die of internal hemorrhage. Other rats are not warned of the poison —there is no dash for water, there are no convulsions—and the bait then remains to keep stray rats from again populating the area.

One major advantage of Warfarin rodenticides is their relative safety. Since they rely upon cumulative doses for results, there is little chance that enough bait will be taken by humans, pets, or domestic animals to cause adverse effects. Out of the several hundred nation-wide tests made on Warfarin, no case of accidental human poisoning was reported.

Non-Partisan News Letter

(Special to The Herald)
By Gene Alleman

Let's write to Stalin!

This suggestion is made by Carl M. Saunders, editor of the Jackson Citizen-Patriot who won the Pulitzer prize for the most outstanding newspaper editorial in 1949. We quote:

All over America Communists and gullible stooges are circulating "peace petitions."

The petitions are phony because they assume to ask for outlawing the atomic bomb, although it was Russia which has blocked efforts of the United Nations to set up an honest program for control of atomic weapons.

They are phony also because they pretend to have the backing of the United Nations and Trygve Lie, secretary, although both the UN and Mr. Lie have condemned the North Korean invasion of South Korea.

A few people actuated only by a dread of war and an honest desire for peace have signed these petitions.

That's where Red propaganda scores.

Why not offset that score?

We Americans believe in peace. We didn't want to go into Korea. In fact, we got out once.

We are fighting today under direction of the United Nations and under the flag of that world-wide organization.

Why not say so? Why not tell the chief of all the Russians that we're for peace and ask him to cooperate?

Let's write to Joseph Stalin, premier of the Union of Socialist Soviet Republics, telling him that we're for peace and asking him to cut out the dirty work and join up.

Isn't that a good idea?

Each of us write a postcard to:

"Premier Joseph Stalin, care of the Russian Embassy, Washington, D. C."

On that postcard we could say something like this:

"Dear Mr. Premier:

"Communists in this country say you want peace.

"So do we — really! Fake peace petitions don't fool us. The way to peace is to call your Red friends out of South Korea and quit bullying small non-Communist nations.

"We'll get out of South Korea as soon as your gang does.

"Also we'll outlaw the atom bomb if you'll permit constant surveillance of all laboratories and factories which might produce the bomb.

"Don't let your agents mislead you. We lambaste President Truman on home affairs; but so far as Korea or any other threat from outside the U.S. we're back of the President all the way.

"Sincerely,"

Probably you can write a better postcard note than that. You can say that you don't want your boy or your neighbor's boy to have to fight; but you want Stalin to know that they will fight if needed and if they do it's really peace they're fighting for.

But anyway, let's write to Joe. Let's get it off our chests.

Buy your postcard and send it along, and urge others in your family to do the same. A postcard costs only one cent.

This may sound silly; but it isn't. We know that Russia gets a great lot of misleading information from its agents in this country just as did Hitler, who thought we wouldn't fight. We know also that the Russian embassy reports to Moscow even little things which show trends.

It's just possible that, if the postcard shower spreads, Russia might decide reports of disunity in America aren't true.

Let's do it! Write a postcard to Joe Stalin!

NERVOUS RUN DOWN WOMAN FINDS HELP

Mrs. Mary E. Price writes from Detroit that before using O-JIB-WA BITTERS, she suffered continually with gas, indigestion, nervousness and felt all run down and weak.

MRS. PRICE

The letter which is printed below was written by Mrs. Price of her own free will, because she is so grateful for what O-JIB-WA BITTERS has done for her. It is printed here so that other sufferers of indigestion, gas, heartburn, nervousness and other conditions associated with stomach disorders may try O-JIB-WA BITTERS with confidence.

Detroit, Michigan
June 20, 1950

O-Jib-Wa Medicine Company,

Dear Sirs:

I am writing in regards to your fine medicine. I feel like a million dollars since I started taking it. Before I started to use this fine and wonderful tonic, I was nervous, run down and had no energy at all. I suffered continually with stomach distress.

By the time I had taken the medicine seven days, I began to feel like myself. I have taken one pint bottle to date, and intend to get another one tomorrow. You can bet I have been telling all my friends how O-Jib-Wa has helped me. My nerves were so bad that loud noises or a rough word around me made me cry like a child. Now, this is all gone and I sleep fine at night without my usual trouble of getting to sleep.

I have no stomach trouble at all and my skin is like a child's, thanks to you and your wonderful medicine. I have told my sister, and all of my friends about your medicine, and many of them have decided to try it, and I am sure they will like it too.

You can print this letter in the newspaper if you care to, for every word is true. I am

Sincerely,
Mrs. Mary E. Price

O-Jib-Wa Bitters Can Help You Also

O-JIB-WA BITTERS is an all herb medicine, containing no dope or harmful drugs. This great medicine acts to uproot and drive out the causes of most common stomach ills. O-JIB-WA is like taking "5 medicines in 1" as it stimulates the digestive organs, stopping gas, indigestion and heartburn. It helps to clear the blood of poisons and waste that foster dizzy spells, headaches and rheumatism. O-JIB-WA stimulates weak sluggish kidneys to relieve backaches, night rising and restless sleep. It is truly an amazing medicine and much more could be said for it, however, the proof is in the use. We urge every sufferer to try this medicine. YOU WILL NOT BE DISAPPOINTED. O-JIB-WA BITTERS is not expensive. It is available in three economical sizes and sold in all leading drug stores in Michigan, being especially recommended by:

PLANE KILLS BUILDER

Kilgore, Tex.—A single-passenger plane, resembling a reconnaissance plane used by artillery men during World War II, and built by Donald Dwight Crawford, 26, was the cause of its builder's death. The plane stalled at about 500 feet as it turned apparently to begin landing. It flashed past a house, missed electric wires stretching across the yard, hit a two-wheeled trailer and smashed into the ground 10 feet from a crowded highway.

NO MORE BIRTHDAYS

Los Angeles—As far as Jack Curran is concerned, he has celebrated his last birthday. On his forty-second birthday, which occurred on May 17th, he started off by leaving his job in a real estate and loan business. Then he had a spat with his girl friend and that ended their romance. His mother ppersuaded him to take her to Santa Anita, where he bet on six races. He lost six bets, Starting home, he wrecked his automobile in a crash.

Hoardin's Jist Helpin Joe Stalin's Commies

Don't Git Sceered, We Says, And Force Prices to Sky-Rocket

Yep, we've heered already of some peepul who are skeered of shortages and who are tryin to buy up everything ahead of the hoarders. Waal, we says, that's jist the best way we knows to help Joe Stalin's Commies, and we means it.

Hoardin is the WORST thing we can do. Hoarders only hurt themselves, and their families, and their neighbors. Hoardin is always stupid because it disrupts our ekonomy, and its doubly stupid today.

We says, buy what yuh need or really want. But don't be stampeeded into buyin what yuh don't need. That jist forces prices to rise, makes goods skarce, and then we're all hurt. If the struggle in Korea's not kontained there, and there's a general war, waal, we're all in it. Let's not make it any ruffer by hoardin and drivin prices upward. Let's keep our heads, buy as usual and profit by experience.

Hoardin, we says again, jist helps Joe Stalin. We're against helpin him in any way. And we know you are, too, if you'll jist stop and konsider that anything that disrupts our ekonomy boosts the Commies' stock.

CHAMBER OF COMMERCE ISSUES WARNING ON DOOR-TO-DOOR SALESMEN

The recent apparent victimizing of local citizens by a crew of itinerant repair and alteration men has lead the Chamber of Commerce to repeat its warning to the public about being cautious when dealing with persons unknown.

"The position and activity of the Chamber of Commerce is rather simple," states Ronald Harris, Chamber secretary, "but we find that there is always misunderstanding and that we need to repeat our warnings frequently."

The Chamber asks that the public keep a few things constantly in mind. As a service organization supported by local business, it naturally does not care for itinerant enterprises. Nevertheless, these persons are generally making an honest living, and the Chamber has neither the legal nor moral right to stop them.

"We are frequently called by local citizens asking that we stop some door to door salesmen from operating," says Mr. Harris, "and this we cannot do. We do have the right, however," he continued, "to protect our people from fraud and misrepresentation. The local Chamber of Commerce performs some of the functions of the Better Business Bureau in larger cities, and we are members of the National Better Business Bureau which gives us advance warnings on many of the current rackets flourishing in the country. We also work very closely and harmoniously with the Tecumseh police."

Itinerant salesmen who go from door to door are requested to register at the Chamber of Commerce. "There is no law which compels them to do so," stated Harris, "but we find that the honest salesman is only too glad to do so. The shady character is generally afraid to put his name and address down and give other pertinent facts, and fades out of town.

"Therefore, we ask people simply to do this when called upon by the unknown salesman: Ask him if he is registered with the Chamber of Commerce, or better still, call 259 and ask us if we have ever heard of the person or concern. If we have no information concerning him, refuse to do business until he has registered with us.

"Remember," Harris emphasized, "the Chamber of Commerce will not give an endorsement. We shall merely do our best to protect you, should you wish to do business with him.

"We urge that all of our people constantly heed the slogan of the Better Business Bureau: BEFORE YOU INVEST — INVESTIGATE!"

Mrs. Bertha Hall, 50, Dies of Heart Attack

Mrs. Bertha Hall, 50, of Saline township, died suddenly at 5:30 Monday afternoon in Ann Arbor, the victim of a heart attack.

Mrs. Hall, a practical nurse, had been working in Ann Arbor and had driven her patient to a doctor's office, later stopping at a store. She died at the wheel of her automobile.

Born May 5, 1900, in Newaygo county, Mrs. Hall was the daughter of the late Mr. and Mrs. John Brees of Manitou Beach. She was a member of the Ladies Auxiliary of the Eagles of Tecumseh, of the Rebekah lodge of Tecumseh, and president of the Macon Woman's Club.

Surviving are her husband, Leon Hall, three daughters, Mrs. Dorothy Donahue at home, Mrs. Anita Van Nest of Clinton, and Mrs. Doris Cammet of Saline; also, three grandchildren, two brothers, James Brees of Manitou Beach, and Max Brees of North Adams; two sisters, Mrs. Phoebe Furstenberg of Monroe and Mrs. Bernice Case, her twin sister, of Adrian. An aunt, uncle and several cousins, nieces and nephews also survive.

Funeral services will be held today, Thursday, at 2:30 p.m. at the Collins Funeral Home, the Rev. Donald C. Wilson of the Presbyterian church officiating. Burial will be in Macon cemetery.

$30 FIRE DAMAGE

The fire department was called to the Don Curtiss home, 401 So. Adrian street, last Friday at 4:35 p.m., to extinguish a fire that had started when an oil cook stove blew up. The damage, according to the department, was estibated at $30.

High School Band Invited To Play At State Fair

Clare Camburn, Tecumseh High School Band director, has been notified that the Tecumseh band will play at the Harvest Festival at Bilssfield, August 16. Several other bands in Michigan will participate.

On Friday, September 1, the Tecumseh High School band has been invited to participate in a concert at the Michigan State Fair. This day will be known as "Grand Opening Day" and the band will give about a thirty minute program. The daily fair grounds parade will be at 6:45 p.m., and the Tecumseh Band has been asked to take part.

BB Guns Cause $400 Damage

POLICE ON LOOKOUT FOR AIR RIFLE OPERATORS WHO SHATTERED DOWNTOWN WINDOW

Tecumseh police today issued a warning to users of BB guns, and to the parents of such youths, after $400 damage had been done to a window in the Morris Bakery on East Chicago boulevard. The shots hit the window in several places, police said, and the glass will have to be replaced.

"We have received several complaints in the past week from residents about boys who shoot wildly with BB guns," Chief M. E. Clark said. "We also have been informed that several street lights have been broken, and that some damage was done to vases at Brookside Cemetery. Windows in some houses also have been broken.

"We doubt that parents realize their responsibility in connection with the use of air guns," Chief Clark said. "The facts are that the responsibility rests entirely with the parents, and that 'papa must pay' for the damage done by his children with such guns."

Police have been directed to make a thorough investigation not only of the bakery incident but of others reported, and in all probability some parents will, in the near future, be invited to pay the cost of such damage, it was said.

In the meantime, officers said, the best place for an air gun is outside the village limits or in the clothes press at home or down in the basement.

Aten Slaps At U.S. Spending

SAYS ITS TIME TO DUST OFF CONSTITUTION AND LIVE UNDER ITS PROGRAM

Murl K. Aten of Jackson, auditor general of the State of Michigan and Republican candidate for representative from the Second Congressional District, was the speaker at the regular dinner meeting of the Rotary Club, Tuesday evening at Legion Memorial Home.

"It is time," Mr. Aten said, "that the Constitution of the United States be taken off the shelves, where it has been gathering dust for 18 or 20 years, and we begin to function under its dictates. Our forefathers, the men who wrote the Constitution and who became heroes as a result of attaching their signatures, had a pretty clear-cut idea of free government. They had lived under tyranny, they sought freedom. I, for one, am willing to stake everything that I have to retain that liberty."

Aten reviewed briefly the tax program, both state and federal, and pointed out that federal taxes are rising dangerously fast. He also declared that Michigan's contribution to federal taxes, annually in the billions, is returned only in the millions through federal grants.

Touching briefly on the Korean war situation, Aten warned that it is time for serious and sober thinking.

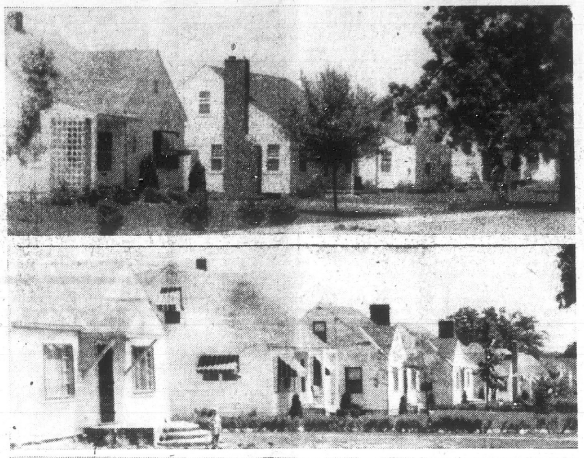
Guests included the Rev. E. Thomas Rodda, former rector of St. Peter's Episcopal church, now of Rock Springs, Wyoming, and Ellsworth A. Collins.

PLEADS NOT GUILTY TO INTOXICATION CHARGE

Charged with driving an automobile while intoxicated and also with disorderly conduct, Ernest Horvath, 29, Tecumseh, pleaded not guilty when arraigned before Justice Robert French on Monday. He failed to post a $100 bond and was committed to the county jail.

Horvath was arrested by local police early on Sunday. He also faces a hearing in Justice French's court on August 17 to answer to a disorderly conduct charge. His arrest for this offense occurred some weeks ago.

New Homes In The Brown-Union Street Area



While a major portion of Tecumseh's residential growth in the past year has been in two of the larger subdivisions, Herrick Park and Tecumseh Acres, building by no means has been inactive in other sections of the village. Pictured above are some of the new houses on North Union street and West Brown street, where about 100 new homes have been constructed in the past three years. The land upon which the houses shown above were built was, five years ago, outlying farm acreage. Today, the Union-Brown street section is rapidly becoming one of the town's show-places for new home construction.

Real Estate Values Climb

HOME BUILDING HAS PUSHED UP ASSESSMENTS OVER $1,031,000 IN 3 YEARS

While Tecumseh is making rapid strides in its program to house more and more of the hundreds of workers employed here but who, because of a lack of houses, do not live here, there is every indication that it will be five years or more before it can attain its goal.

Tecumseh, between 1940 and 1950, showed the fastest population gain in Lenawee county. The village now has a population of 4,006, and the greater-Tecumseh population, including the fringe areas, is over 5,000. The over-all growth in 10 years is estimated at more than 2,000.

Tecumseh and its immediate area have been building houses in the last three years at the rate of more than 100 a year. This year, it was said, will not be an exception. Since 1947, the value of real estate within the village has increased $1,031,800. There also has been a sharp increase in township valuations.

At the present time, it is estimated that more than 2,000 persons employed here reside in other parts of the county, some of them driving from a distance as great as 60 miles.

Township Warns Of Permit Code

AUTHORITY NEEDED FOR BOTH BUILDING AND SEPTIC TANK INSTALLATIONS

The Tecumseh Township Zoning Board, following its regular meeting on Tuesday evening, declared that there seems to be some misunderstanding among residents of the township regarding zoning regulations governing new building construction, and the installation of septic tanks, and a warning was issued that in the future the zoning code will be rigidly enforced.

The township zoning law required that in instances of new building construction, or where septic tanks are being laid, permits to do the work must first be obtained from Lester Rogers, building inspector. These permits should be asked for at least 10 days prior to the beginning of the work, it was said, and in cases of construction, should include plans and specifications. For the installation of a septic tank, three sets of plans should be presented with the application.

The only exception to the regulation, it was said, is in the case of farmers who are building outbuildings on their own land. In such instances, it was said, a permit is

September Term Jurors Chosen

CIRCUIT COURT TERM WILL OPEN ON SEPTEMBER 11; JURY REPORTS ON 19TH

Jurors for the September term of the circuit court in Lenawee county were chosen last week by Justices John K. Lowe and Samuel Quigley and Sheriff Wade Willet. The court term opens on Monday, September 11, and the jury will report for duty on Tuesday, September 19.

Mrs. Mabel Hanna and Avery Milan were named as jurors from Tecumseh township. Six were chosen from the city of Adrian as follows: Edwin C. Andrews, L. H. Harris, Estella J. Hawes, Eleanor J. Matteson, E. J. Reed and Howard Swift.

Others selected are:

Mrs. George Crofts and Kate Knight, both of Route 3, Adrian and Ethel Richards of Route 2, Adrian; Mrs. Forrest Bailey and Mrs. Bettis Ward, both of Blissfield; Arthur Walper of Blissfield, Route 1; George Aldrich and Helen Aldrich, both of Clayton; Isabelle Briggs, Cement City; T. B. King, Route 1, Blissfield; Thomas Measures and Hazel Poucher, Clinton; Ethel Anderson and Clara Cadoo both of Sand Creek; George Buehrer, Palmyra; Mrs. Francis M. Burke, Tipton; Ada Dibble, Britton; Otis Garrison, Medina township; James Goodrich, Onsted; Wayne Hansen, Hudson; Hazel Hawkins, Cambridge township; Muriel Kennedy, Morenci; Burton Miller and Ida Schwab, both of Deerfield; W. A. Peebles, Rollin township; Herman Sweet, Clayton; Mrs. Millard Waldron, Fairfield township; and Leon Yeutter of Route 2, Clayton.

Lenawee Has 11 Polio Cases

TWO MORE ARE NOW AT ANN ARBOR UNDER OBSERVATION, HEALTH DEPT. SAYS

There are now 11 cases of infantile paralysis in Lenawee county, one of them in Tecumseh, and two more patients were sent to Ann Arbor on Tuesday for observation.

Tecumseh's polio victim is James Duncan, seven years old, of 405 South Pearl street. The youngster was taken to University Hospital on July 29 for treatment and his case now has been diagnosed definitely as polio.

Seven of the 11 reported cases are in Adrian, according to Dr. E. Freeman Hersey, director of the Lenawee County Health Unit. Two of the Adrian victims are adults, Mrs. Beatrice Mone, 39, and Mrs. Harriett Ward, 34. Both are in University Hospital.

The two suspected cases of polio sent to the University on Tuesday are Michael Hoben, 4, of Adrian, and Charles Sayre, 22, of Blissfield. Dr. Hersey said that he had not had a report from the hospital regarding the clinical diagnosis in these cases.

Dr. Hersey said that in all probability many, many people have had polio and did not suspect that they were victims of the disease. Last year, he said, of 1,800 cases of the disease discovered in the East, only 53% developed paralysis. This year, he said, the number of cases of polio reported is only about one-third of that reported a year ago. However, he warned that August is likely to be the peak month for new cases.

The symptoms of the disease, Dr. Hersey said, are vomiting, headache, stiff neck and tiredness.

Mrs. Emma Mize, 85, Buried In Brookside

Mrs. Emma Mize, aged 85 years, widow of the late C. Burt Mize, died Saturday, August 5, at Ypsilanti state hospital where she had been a patient for several years. Mrs. Mize was the daughter of the late Mr. and Mrs. James Graham and was born in Napoleon, May 10, 1865. On January 10, 1888 she was married to Mr. Mize, who died June 16, 1934. With the exception of two years spent in Addison, and the time in the hospital, she spent 60 years in Tecumseh. She was a life member of Tecumseh chapter No. 51, Order of Eastern tSar.

Survivors are one brother, George Graham, of Seattle, Wash., and a cousin, William Crego of Brooklyn. The body was brought to the Green Funeral Home where services were held Tuesday at 3 p.m. The Rev. Donald C. Wilson officiated and burial was in Brookside cemtery.

The pall bearers were Clarence Gilmore, Lester Rogers, Ed Heilman, Floyd Elliott, Ross Drury and Marion Drury. Relatives and friends attended from Saline, Toledo and Tecumseh.

HOW MUCH MORE INFLATION CAN OUR SOCIETY STAND?

Military Defeat and Inflation Greatest Threats to U. S. Democracy

By Gene Alleman
(Special To The Herald)

Illustrating the A-1 problem of Michigan governments since Pearl Harbor is this personal story of how this writer in 1940 invested $75 to buy a $100 U. S. Defense Bond.

That was ten years ago. The bond will come due next month — September. In ten years the value of the investment will have increased 33 1/3 per cent, or about 3 1/3 per cent each year. Our profit in terms of 1940 dollars will be $25.

But what has happened to the purchasing power of the 1940 dollar?

No secret about that. It is worth about 60 cents, probably a bit less.

The loss is $40. Thus, ladies and gentlemen, is what inflation has done to Michigan governments and Michigan citizens in the past ten years. By constantly driving down the purchasing power of the dollar, inflation causes a perpetual off-balance. As cost of living goes up, wages must be increased. As wages go higher, prices must go up. It's a senseless merry-go-round at the best.

Our purpose in calling attention to our 1940 investment is not to criticize the buying of government bonds. Our intangible return from that 1940 bond was the priceless right of freedom, our American heritage which you and I would have lost if Germany and Japan had won World War II.

We would like to emphasize one point: The postwar inflation problems of Michigan governments and Michigan people will become WORSE, not better, unless our government at Washington acts immediately to avoid the tragic mistakes of World War II.

Every now and then a voice is heard at Washington which courageously forewarns against the needless price of inflation.

Bernard Baruch, chairman of the 1918 War Industries Board during World War I, has been advisor to two presidents through two world wars. Recently he appeared before the Senate Banking and Currency Committee at Washington. He condemned the Truman plan for priorities over production (without price and wage controls) as an open invitation to more inflation.

Here is a quotation: "It may be argued that the menace of inflation is not so frightful today, since we are not yet at war. Actually, the danger is greater. Today our economy already is operating at full blast, with little or no slack. Our national debt is about 257 billion dollars, about six times what it was when Hitler invaded Poland. Living costs have climbed so high that serious hardship already is being inflicted on many, particularly those with low or fixed incomes.

"Everywhere cities and states searching desperately for the means of raising the salaries of teachers, firemen, policemen, nurses and others whose real wages have been so cruelly slashed by the inflation of the last 10 years. How much further can our cities and states go and still avoid disaster?

"The inflation of the last 10 years has undermined the stability of all our colleges, churches, hospitals and other institutions, shrinking the value of endowment funds while raising operating costs.

"It is forcing the reorganization of health insurance and hospitalization plans, raising the cost beyond the capacity of many to pay.

"It is cheapening the real worth of all insurance, all annuities, all savings.

"How much more inflation can our society stand?

"Price and other controls are often opposed out of fear that such measures will concentrate power in the government and threaten our freedoms. By inclination, I, too, am opposed to government controls. But the gravest threats to the preservation of the American system today are not government controls. They are military defeat abroad and further inflation at home."

Mr. Baruch pointed out that the Congressional price control bill of 1942 "legalized inflation" by permitting "wages to run free and farm prices to rise to 110 per cent of parity." The result: "A terrible price" paid by inflation which "added a hundred billions to the cost of the war, needlessly prolonging the conflict, unnecessarily increasing the toll of dead and wounded."

That's why our $75 bond of 1940 paid off with only $60.

Speed Doesn't Pay, Either

Justice Robert French cracked down on another speeding motorist last week, imposing a seven-day jail sentence in addition to a $50 fine and court costs. It was the second jail term to be handed out by justices in this area in the past few weeks in connection with speeding and reckless driving offenses.

The most recent offender, according to police, was driving his car within the Tecumseh village limits at a speed ranging from 70 to 100 miles an hour. Officers were forced to chase him for nearly five miles before they succeeded in making the arrest, and to their surprise, on the floor in the rear of the car was a crying, 14-months-old baby. Fortunately, the child was unharmed, and doubly fortunate was the fact that local officers did not attempt to use their guns in halting the racing car.

It is refreshing to observe that justices are finally handing out some jail sentences for traffic law violations. We have said before, and we say again that fines of $10 or $100 will not slow down racing cars, and reckless drivers. Today, many people have more money than brains. They feel, with a few dollars in their pockets, they can do as they please, and if they should be caught violating traffic regulations they have the cash to bail themselves out of the trouble.

However, it is an entirely different story when the judge says five days or ten days, and we hope, if that isn't long enough and does not have the desired effect, that judges soon will be saying 30 and 60 days. Something, surely, must be done to control reckless driving, and we know of no better way than jail sentences.

There are, perhaps, those who feel that imposing a jail sentence for speeding or reckless driving is rather harsh for so "minor" a violation of the law. To those folk, let us say that a motor car in the hands of a speed maniac is far more dangerous than a machine gun in similar hands. The sooner public sentiment — if it already has not done so — swings in favor of such sentences, and so expresses itself publicly, the safer the highways will be for the sensible car driver.

A Chance For Argument

The Village of Tecumseh is being taken before the Michigan Water Resources Commission and the State Health Department to answer to charges of polluting the River Raisin. If the State has its way, Tecumseh would be forced to build a sewage treatment plant, at a cost of perhaps $400,000, and levy some form of taxation upon its residents to pay for the construction.

The threat by the State in connection with the stream pollution charge is an old one. It has been talked, back and forth, for more than a dozen years and, in the past, Tecumseh has always begged off, pleading poverty and promising "to be good" and to install a treatment plant "when funds were available." Tecumseh's last promise was to have been fulfilled not later than the first of last June.

There is not doubt but that Tecumseh is dumping its sewage into the River Raisin, a practice, we suspect, that has been going on here for about 125 years. Of course, 40 or 60 or 100 years ago, such a practice was considered quite all right. But today, it seems, we have learned to do differently, and now it must be stopped.

Perhaps the building of a treatment plant is the thing to do, both from a health standpoint and a social standpoint. We're not engineers, so we really can't argue the point. However, we've never heard of anyone contracting any kind of disease as a result of Tecumseh's pollution of the river, and neither have we ever smelled any offensive odor from the river.

If it is to protect the fish in the river, if that is why the state would force us to spend $400,000, we can't see that argument, either. We doubt if all of the fish in the River Raisin, from its source to its mouth, are worth half of the estimated cost of the treatment plant.

Times change, to be sure, but before Tecumseh spends $400,000 for a treatment plant we'd like to see some samples of river water tested and determine, definitely, just how seriously local sewage is polluting the stream.

CLINTON

Married on Saturday

At a wedding of charming simplicity, Saturday afternoon at St. Dominic's Catholic church here, Cecelia G. Nocerini of Iron Mountain became the bride of Floyd D Johnson, son of Mr. and Mrs. E. B. Johnson of Clinton. The ceremony was performed by the Rev. Fr. Emery Petho at the side altar of the church, which was decorated with baskets of white and pink flowers.

Miss Virginia Nocerini of Iron Mountain, sister of the bride, acted as maid of honor and Richard Nocerini, the bride's brother, was the best man.

A reception was held at the Johnson home north of Clinton from 2 to 4 p.m.

The newlyweds will be at his parents home after a two weeks' trip through the New England states. Mr. and Mrs. Johnson are building a new home on Allen Road.

Farmer's Contribution

Bridgeton, N. J.—In order to convince merchants of the contribution their workers made to the economic life of their community, the Seabrook Farms, a vegetable-packing and frosted-food firm paid its employees in silver dollars — a total of $150,000 of them. Citizens and business men will recognize the cartwheels as farm workers' dollars as they "roll" into local stores and shops.

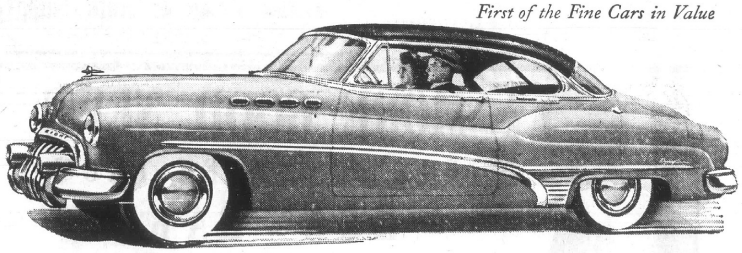
It says SUCCESS-with SPIRIT

First of the Fine Cars in Value



YOU can see this man has made his mark in life, and while his heart's still young.

You can tell he likes action for his money—that he knows a fine car needn't be the most expensive to give the greatest value.

Yes, such are the things you know of any man, when you note that his car is a ROADMASTER.

Follow him on his spirited way as he pilots this lively motorcar through traffic. Even the lightweights are no match for this road-steady husky—not with the 152-horsepower straight-eight Fireball engine that purrs beneath its bonnet.

Maneuver beside him at the next stop light. Then just try to get away as smoothly, swiftly and silently as Dynaflow Drive gets his ROADMASTER going—and keeps it rolling without shifting, even automatically.

But don't waste time merely envying the man in this great car! *Why not emulate him?*

With all its outsize room, interior luxury and exterior grace—with all its front-rank prestige, rare performance and matchless ride—a ROADMASTER can be yours for less than some smaller cars cost.

In fact, even if you had a fortune to spend, you couldn't make a more fortunate buy in the fine-car field.

So we suggest you try a few minutes behind the wheel. We're confident they will convince you that ROADMASTER has everything you could ever ask for in any motorcar—although your Buick dealer asks a good bit less for ROADMASTER than you might pay for other top-line cars.

Miss Florine Lidster Weds Donald Baker

Miss Florine Lidster, daughter of Mr. and Mrs. Arland Lidster of Blissfield, and Donald Baker, son of Mr. and Mrs. George Baker of Tecumseh, were married Tuesday, August 1, at 8 p.m., in the Ridgeway Church of the Nazarene. The church was beautifully decorated with lighted candles in branched candelabra and hampers of white and yellow gladioli.

The ceremony was performed by an uncle of the bridegroom, the Rev. George Reader of Georgetown, Ill., assisted by the Rev. C. A. Bearinger, pastor of the church.

Preceding the ceremony, Mrs. Foster Hardesty, aunt of the bridegroom, played nuptial music and accompanied Mrs. Loren Avery and Mrs. Lee Spohr as they sang "Just Because of You" and I Love You Truly."

The bride, given in marriage by her father, wore a gown of white brocaded satin. The bodice came to a point in front and the sweetheart neckline was accented by two rhinestone clips, a gift of the bridegroom. The long tight-fitting sleeves ended in points over the hands. The apron effect skirt fell in full flares around the bottom, the full long train starting from the tiny covered buttons which extended from the neck to just below the waistline. The skirt, train and the neckline were edged with nylon lace. Her lace trimmed double tiered veil of filmy illusion was caught to a tiara matching her dress and was accented by five clusters of orange blossoms. She carried a bouquet of white carnations centered with an orchid.

The bride's sister was maid of honor, and her bridesmaids were Alice Lawhead of Britton, Shirley Baker of Tipton, Phyllis Sill of Briston, Ind., and Rhea Mae Eisenmann of Riga. Their dresses were of embossed taffeta with sweetheart necklines, short sleeves and floor length skirts. The maid of honor was in blue, and the bridesmaids in orchid, pink, aqua and yellow, respectively. They all wore shoulder-length veils with matching mitts and carried colonial bouquets. They also wore whinestone clips, gifts of the bride. The flower girls were Beth Lidster and Crystal Hawley. They wore nile green embossed taffeta floor length dresses and carried flowers in baskets matching their gowns.

The bridegroom was attended by his brother, Merle Baker. Seating the guests were Cloyce Lidster, Harold Baker of Clayton, Jack Sill of Bristol, Ind., and Floyd Sill of Thompson, Iowa.

Mrs. Lidster greeted the guests in a pink sheer dress with pink and white accessories and wore a corsage of pink rosebuds and lilies. Mrs. Baker wore a beige rose dress with brown accessories and wore a corsage of pink rosebuds and lilies.

A reception was held on the lawn at the home of the bride's parents near Blissfield for 275 guests. Guests were served from linen covered tables decorated with garden flowers and lighted candles in crystal candelabra. A six-tiered wedding cake decorated with hearts and roses and topped with a miniature bridal couple, was on the bridal table.

The cake was cut by Mrs. Paul Sill and Gertrude Baker, aunts of the bridegroom. Jeannette Lidster and Marilyn Baker served the cake.

Mr. and Mrs. Baker left on a trip through northern Michigan. For traveling the bride wore navy blue linen with pink accessories, and an orchid from her wedding bouquet. On their return they will reside in their newly furnished apartment on Smith Road.

The bride graduated from Blissfield high school in 1947 and the County Normal. She has been teaching in Lenawee County schools. Mr. Baker graduated from Ford high school at Macon and attended Michigan State College. He is engaged in farming.

Ernest Peters

Appointment of Ernest Peters, jr. as store manager of the Kroger store in Adrian, was announced today by Carl Fuller, branch manager of the Toledo Branch of the Kroger Company. Betty — No, but I'll let you one of the rooms for 10 cents a week.

Rhode Island was the first state in the Union to build its own airport.

Michigan Farms Are Important To Kroger

"Michigan's importance as a source of supply for the Kroger company has increased in recent years," Carl Fuller head of the Toledo Branch said. Last year Kroger purchases in Michigan amounted to more than $80,000,000.

"Since we must first buy our products before we can sell them, increases in our sales have resulted in increased purchases from farm producers, many of them in Michigan," he said. Fuller also pointed out "that virtually all products sold in Kroger stores are either products of the farm or are processed agricultural products.

In addition to its merchandise purchases, Fuller pointed out that Michigan residents received $12,000,000 in wages and salaries from Kroger last year and that the company paid approximately $5,000,000 in taxes within the state.

Other expenditures in the state included $900,000 for the rental of its stores and warehouses and $700,000 for advertising in Michigan newspapers.

Many of Kroger's purchases from Michigan are shipped to the company's 2100 stores located in 19 midwestern and southern states. This is especially true of beet sugar and paper products, Fuller said.

Bethany M. Ripley Is Bride of Donald LaBounty

Bethany M. Ripley, daughter of Mrs. Lenora J. Costigan, and the late W. S. Costigan, and Donald C. LaBounty, son of Mr. and Mrs. T. C. LaBounty, were united in marriage at a simple home wedding Saturday evening at 7 o'clock at the home of the bride at 510 West Chicago Boulevard. The double ring ceremony was performed by the Rev. Donald C. Wilson.

The bride, given in marriage by her brother Stuart J. Costigan, was attended by her sister, Mrs. June A. Green as matron of honor. Gregg Aebersold was Mr. LaBounty's best man.

The bride chose for her wedding a light beige suit with navy accessories and a deep purple orchid corsage. Her sister wore a fuschia suit with navy accessories and a white and yellow glad-rose corsage. The rooms were decorated with bowls of flowers and large baskets of gladioli at the archways. Mrs. Costigan chose for her daughter's wedding a mint green suit with black accessories and a corsage of pink rosebuds. Mrs. LaBounty was in a wine colored suit with matching accessories and rubrum lily corsage. Only the immediate families were present.

After the ceremony a reception for 100 guests was held at the Legion Memorial Home with guests present from Lansing, Gladwin, Adrian, Britton, Clinton, Tecumseh and Ypsilanti. Mr. and Mrs. Raymond Puffer, jr., were host and hostess. Mrs. Jack Curtiss was in charge of the guest book and Mrs. Alfred Pope presided at the punch bowl. Mrs. Stuart J. Costigan served the ice cream, with Mrs. Raymond LaBounty cutting the three-tiered cake, topped with wedding bells. Mrs. Gregg Aebersold was at the coffee service. Three baskets of gladioli, one pure white and the other two pink and white mixed were placed on either side of the stage. The bride's table was centered with a floral piece and lighted tapers in tiered crystal holders.

Mr. and Mrs. LaBounty left later on a week's trip in northern Michigan and on their return will reside in their new home at 523 Outer Drive in Herrick Park.

Mrs. LaBounty is a graduate of Hillsdale high school and has been employed in the Wright Drug Store. Mr. LaBounty graduated from Tecumseh high school and also attended Ferris Institute at Big Rapids. He served nearly four years in the Navy during World War II and is now employed in the production office at Tecumseh Products Company.

Mr. LaBounty and his bride-to-be entertained a group of friends Thursday evening in Mrs. Ripley's home. The evening was spent socially and members of the group who assisted at the wedding reception were presented with gifts. The group includd Mr. and Mrs. Jack Curtiss, Mr. and Mrs. Raymond Puffer, Mr. and Mrs. Gregg Aebersold, Mr. and Mrs. Alfred Pope, Mrs. June Green and Mrs. Stuart J. Costigan.

Golembiewski—Marks

The North Blissfield Lutheran church was the scene of a very lovely summer wedding Sunday evening at 7 p.m., when Miss Marian Marks, daughter of Mr. and Mrs. August Marks became the bride of Arthur Golembiewski, son of Mrs. Mary Golembiewski of Adrian in a double ring ceremony performed by the Rev. William Weinlander before an altar decorated with white candles in tall candelabra and bampers of white flowers.

Preceding the ceremony, Richard Wagner played nuptial music and accompanied Lawrence Marks, brother of the bride, as he sang, "Because" as his mother entered the church, and "O, Perfect Love," during the wedding. At the close of the ceremony he chose "The Lord's Prayer." The bride entered the church on the arm of her father and wore a gown of egg-shell bridal satin, designed and made by Mrs. Leslie Marks. The bodice formed the long train and the sweetheart neckline was accented by a double string of pearls, a gift of the bridegroom. The long tight-fitting sleeves ended in points over the hands. Her headdress was of satin with tiny seed pearls forming a crown from which fell a long veil of illusion bordered with wide lace. She carried a white Bible covered with white roses and long streamers of satin.

The bride chose her cousin, Miss Ruth Nagel as the maid of honor and her dress was of aqua taffeta with a net covered shirt. She wore matching mitts and hat and carried a colonial bouquet of mixed flowers. The four bridesmaids were Mrs. Leslie Marks, Mrs. Robert Marks, Mrs. George North and Miss Marlene Golembiewski. The first two chose lavendar taffeta and the last two were in yellow taffeta each with hats and mitts to match and carried colonial bouquets.

Little Ann Marks and Carol Marks, cousins of the bride, acted as flower girls and wore floor length dresses of pink organdy and carried flower baskets of sweet peas. Janet Marks and Arnold Golembiewski carried the rings on a white satin heart-shaped pillows and were miniature bride and groom. Janet wearing a dress to match the bride's and Arnold in a white suit.

Mr. Golembiewski was attended by his brother, Alfred, of Adrian. The ushers were George North, Leslie, Kenneth and Robert Marks.

Mrs. August Marks chose for her daughter's wedding a dress of soft grey crepe with white accessories and Mrs. Golembiewski wore a dress of navy blue crepe. Each mother wore matching accessories and corsages of white. The bridal couple's two grandmothers were present for the ceremony and each was presented with white corsages.

The reception was held immediately following the ceremony in the church basement and refreshments were served to 200 guests. The three-tiered wedding cake was topped with the miniature bride and groom and centered the white linen covered table. Tall white candles and gladioli were arranged on each side of the cake. The bride asked Miss Julia Gayhart to cut the cake and Mrs. Kenneth Marks was in charge of the guest book.

The bride graduated from Adrian high school in 1946 and is now employed at the A and P. Store in Adrian. The groom spent four years in the Pacific with the Army and is employed at the Kewanee Manufacturing Company in Adrian.

After the reception Mr. and Mrs. Arthur Golembiewski left on a short wedding trip, the bride traveling in a pink summer suit with white accessories. After August 15, the bridal couple will be at their new home on the Adrian-Deerfield Road.

Guests were registered from Wayne, Detroit, Plymouth, Saginaw, Adrian, Cadmus, Blissfield, Riga and Holloway and vicinity.

esting speech on the U. E. movement. Long will his speech be remembered by us for its frank comments, specific points, and an experts' view of the Marshall Plan.

"From Holland to Cologne, the city that was 90% destroyed by the Allies, then to Bonn. At Bonn the new German parliament permitted the group to visit while they discussed the labor-management bill. After the session, Prof. Eckhart, German minister of economics, and members of the various political parties, permitted us to quiz them on the problems confronting the nation and their parties. It is most interesting to get both sides' opinions at once, but they all have a desire to make the democratic form of government work.

"It was a big thrill for us to be greeted by a band, a special group of German students who spoke English, and half of the 7,000 population, as we arrived in town. Later that evening we gathered in the center of the town and sang songs to show our appreciation.

"The group will attend the Passion Play tomorrow night and then move on to Austria and the Swiss Alps."

Hadley left here July 20, sailing from Quebec. He expects to return to the United States about September 15. This fall he will enroll at the University of Florida at Gainsville, where he will major in government economics and business administration.

The local youth is the only boy from Lenawee county making the trip with the Youth Abroad. He was chosen because of his high scholastic standing.

Township Warns

(Continued from page 1)

not needed, but in the event the farmer desires to build a dwelling or remodel a dwelling, then such a permit is necessary.

The zoning regulations have been in effect for several years, the board pointed out, but recently some violations have been called to its attention. The board feels that the violations were not intentional, rather that they were committed through an ignorance of the regulation. However, now that the ruling has been publicized, the board feels that it is free to enforce the code to the letter.

The township does not make any charge for the issuance of the permit. Its purpose is to control new construction and the installation of septic tanks, for the protection of residents.

Violations of the regulation are punishable by a fine of not exceeding $100, or a jail sentence not exceeding 90 days, or both such fine and jail sentence, in the discretion of the court.

Harris Will Be Host At National Institute

Ronald Harris, secretary of the Chamber of Commerce, is leaving this weekend to attend the 27th annual session of the National Institute at Northwestern University, Evanston, Illinois.

National Institute is a summer school for Chamber of Commerce and trade association executives sponsored by the United States Chamber of Commerce, Northwestern University, American Chamber of Commerce executives, and American Trade Association executives. A full week of classes and seminars is presented in which those in attendance learn of the latest trends in the field, and contribute their experience for the benefit of others in the profession.

Mr. Harris has been asked by Jesse Jones, of the National Candy Wholesalers Association, Washington, D. C., president of the student council at the National Institute, to be one of the eighteen hosts who serve the five hundred members who attend.

COUNTRY CLUB DANCE

Saturday evening, August 5, about 98 members attended the dance at the Tecumseh Country Club. Driscoll's Orchestra furnished the music for dancing from 10 until 1. Mr. and Mrs. Charles Mensing were chairmen of the dance and the following assisted, Mr. and Mrs. Robert Fuller, Mr and Mrs. Laine Holden, Mr. and Mrs. Victor Humble and Mr. and Mrs. Kenneth Hall. Lunch was served after the dance.

HONORS SON

Mrs. Lester Handy entertained Monday afternoon eight boy friends of her son, Max, for his birthday anniversary. Various games were played. Lunch was served and each received a favor. Max received many nice gifts.

Thieves Use Ingenuity.

Omaha, Nev. — To be sure they wouldn't be disturbed while they robbed a grocery store, the burglars got flares from a nearby construction job and used them to close off a driveway and parking spaces around the store. Then made off with about $3,000 in cash and checks.

Merlyn Wagner Home From State FFA Tour

Merlyn Wagner, a member of the local Future Farmers of America Chapter, recently returned from the State FFA Co-op. Tour. The three-day tour of the state on July 27, 28 and 29, was sponsored by the Michigan Association of Farmer Cooperatives. Mr. Wagner received this trip as an award for winning first place twice and second place once in the FFA public speaking contest.

He visited various cooperatives in Lansing, Grand Rapids, Cadillac, and Traverse City. The highlight of the tour was a visit to the Cherry Growers, Inc., Traverse City, which firm processes more than half of the cherry crop of Michigan. Mr. Wagner was one of the four boys in the state to win the trip. He is also the reporter of Chapter 15 of the local FFA.

ALGER VISITS TECUMSEH

Fred M. Alger, jr., Michigan's secretary of state and candidate for governor in the Republican primary next month, spoke briefly to a group of party leaders at the Legion Memorial Home here, last Friday. Later, Mr. Alger and his party were entertained at a luncheon at the Country Club.

Alger was accompanied by his manager, Harry Whiteley of Lansing, and L. B. Hammond and Budd Goodwin of Adrian.

Thomas Toy, Hudson.

The Rally Meeting at Tecumseh on August 15 will be convened by Charles Patterson. Present will be representatives from each of the townships in Lenawee county. Perry Satterthwaite will represent Tecumseh.

Sisters Meet After 16 Years

Nashville, Tenn. — Katherine Copley, 17, was annoyed when she noticed a waitress staring at her and irritated when the waitress asked her name. She was downright irked when the girl asked: "Is that your real name, or were you adopted?" She was glad, later, however, when the waitress's curiosity resulted in a reunion with a sister and a brother, from whom Katherine had been separated since she was a year old and whom she did not know existed. The children had been placed in a children's home in 1934. The older brother and sister had been adopted by one family and Katherine by another. The sisters lived in the same city all the time.

No Wonder!

Kansas City, Mo.—When two young brothers, passengers in a "hot-rod" motor car fell out and were injured, police decided the boys had "stripped down" the car too much. It had no body, no lights, no floorboards, no rear fenders, and the only seat cushion was not fastened to the frame.

Live as the young folks do and you'll stay young, says a doctor. The only trouble will be to get the old folks to settle down that much.

Child's Immunization Important, State Warns

Check up on your child's immunization, the Michigan Department of Health urged Michigan parents today.

Give special attention to the immunization status of the five-year-old who will enter school next month, but do not neglect the immunization of his younger brothers and sisters, the Department said.

Every Michigan child should be immunized against whooping cough, diphtheria, tetanus and smallpox by the time he is one year of age. His immunization treatments should be underway by the time he is six months of age.

If your child has not been immunized, make arrangements with his doctor for the treatments at once, the Department warned.

Each child who has been immunized in infancy should have booster shots for whooping cough, diphtheria and tetanus by the time he is three years of age, and again when he is five, before he enters school. At age five he should also be revaccinated against smallpox.

While immunization at any age is a life-saving measure, the immunization of the five-year-old who is about to associate with many children in the school is especially important at this time, the Department said.

Too Smart

The captain was examining youths for promotion. Stepping up to one bright young man he asked, "What must an officer be before he can have a full naval burial."

Young Man — "Dead, sir."

Congress and the Korean War

59 countries make up the membership of the United Nations, and 47 of them voted to support South Korea in the Korean war. What have they done to back up their votes? England and Canada have sent some ships — Australia has sent a few airmen and planes—the Netherlands have sent one ship —the rest have sent a blue and white flag.

But, under this flag, down in the mud and blood, doing the fighting and dying, are the soldiers of only one nation—the United States. Congress is the voice of the people.

Congress should demand, on behalf of the American people, that the other United Nations get in the fight, or that the United States get out!

Non-Partisan News Letter

(Special to The Herald)
By Gene Alleman

"An Anti-Governor Williams move is afoot in the state," reports the Grand Rapids Press.

Basis for the conclusion was an attack made by Charles F. Edgecomb of Detroit, president of the Michigan Truman clubs and Wayne county auditor, against the Americans for Democratic Action limit in the state. Speaking at a Grand Rapids Democratic rally, Edgecomb assailed the Michigan ADA segment of the Democratic party as being "Marxist missionaries."

We quote the Press: "Edgecomb asserted the ADA has taken over the Democratic machinery in Michigan, Minnesota and Connecticut and that it has 'unduly influenced the executive branch of our state government.'

"The speaker, former housing director of Detroit, declared the ADA, in Michigan led by Hicks Griffiths, former state chairman of the Democratic party, had tried to defeat President Truman in his bid for the Democratic nomination in 1948 and in the state 'has left nothing undone to weaken, supersede, circumvent and in effect destroy the position of authority of our national committeeman, George Fitzgerald.' Fitzgerald was elected national committeeman at the 1948 convention.

"Praising President Truman as an 'average American selling an American program,' Edgecomb likened Lt. Gov. John W. Connolly to the president.

"'One breath of political fresh air you get as you pass through Lansing enroute to Grand Rapids is the honesty and the integrity of Connolly and Roth (Attorney General Stephen J. Roth) and a few others who have studiously avoided entanglements with intellectual phonies,' declared Edgecomb.

"'Because of the impossibility of working as Democrats under Griffiths in Michigan, a large group under the leadership of our national committeeman friend the Truman Democratic club of Michigan,' the speaker added.

"It was then that Edgecomb made it clear that as long as Governor Williams associates with the ADA, he would be opposed by a segment of Michigan Democrats.

"The Wayne County auditor declared, 'We as Democrats must be re-elected. But we as Democrats must also unload our fifth column. The only way we can do this constructively is to demand that any candidate running under the Democratic banner run as a Democrat, that he denounce or renounce any affiliation, indorsement or association with the ADA. Failing to do this, we must consider these candidates regardless of how high the office, as tools using the Democratic party for ulterior purposes . . . There is no room in this party for those who wear political cloaks that are labeled Democrat but which cover up a Marxist philosophy.'"

The reporter for the Grand Rapids newspaper then related how William H. Carpenter, state central committeeman, took the floor to "defend the name of our governor." Carpenter was quoted as follows:

"I'll defend the ADA if I have to give Gov. Williams full credit. When the speaker omitted the governor's name in mentioning the breath of political fresh air, he meant the governor creates a bad smell and a stench, didn't he?

"Gov. Williams is the inheritor of the policies of Frank Murphy and is the only Democrat to trade blows with the Republicans. My sympathies are with Edgecomb who came here instructed in what to say by George Fitzgerald, our national committeeman."

The Grand Rapids newspaper reporter then added this interpretation: "Observers reviewing Edgecomb's speech pointed out the Detroiter left Democrats three choices in the coming election. Edgewood implied, they declared, that Democrats can vote for Williams, vote for a Republican or 'sit tight' and not cast a vote for governor.

"They pointed out that Edgecomb and his group probably prefer the third method of combatting Williams if the governor does not come around to their line of thinking."

The above news story from Grand Rapids is quoted as proof that Michigan Democrats, like Michigan Republicans, have their own internal family rows. It is interesting to observe, however, that the charges by Edgecomb—as president of Michigan Truman clubs—were also made by Republicans in the 1949 state campaign for state highway commissioner and state superintendent of public instruction.

We have a hunch that Edgecomb's attack on the ADA will intensify the Republican assault against Williams on the grounds that he is "unduly" influenced by "fifth column" socialists who pose as Democrats. The Detroit Democrat has furnished new ammunition.

Disposal Plant Hearing, Aug. 22

RESOURCES COMMISSION MAY FORCE VILLAGE TO BUILD SEWAGE TREATMENT PLANT

The Village of Tecumseh, through its attorney and engineer, will appear before the Water Resources Commission at Lansing next Tuesday, August 22, at a hearing on the state's charge that the village is polluting the River Raisin. The hearing was scheduled for last week in Ann Arbor, but because of a crowded calendar it was delayed until next week.

The state charges that the village is dumping its sewage into the Raisin, a practice that has been frowned upon by Lansing officials for a dozen or more years. A year ago Tecumseh was given until June 1 of this year to construct a sewage disposal and treatment plant but, because of a lack of finances, such a plant has not been built. The state now would force its construction.

A. G. Leitch, engineer, and J. C. Beardsley, attorney, will attend the Lansing hearing. Mr. Leitch said that he did not know whether or not the Commission would hand down an immediate decision.

Mayor J. Floyd Elliott, discussing the state's order a week ago, said that in the event Tecumseh was forced to build the treatment plant it would have to be financed through revenue bonds. Such bonds would be retired by funds raised through a tax on water bills.

Eight years ago, it was estimated that the cost of a treatment plant here would amount to about $250,000. At today's prices, however, the estimate has been changed to nearly $400,000.

In communities where the Commission has met local opposition to such construction the municipalities have been taken into court and forced, through court order, to build treatment plants. Such an order was issued recently affecting the city of Adrian.

Clinton Plans For Homecoming

ANNUAL CELEBRATION—"BETTER THAN EVER"—SLATED FOR FRIDAY THRU SUNDAY

Clinton's annual Homecoming Celebration, billed as "better and bigger than ever," is scheduled to get under way on Friday and continue throughout Sunday.

The observance gets under way tomorrow afternoon with a parade by the high school band, and a special matinee will be held at the carnival grounds during the afternoon.

Friday evening the Homecoming Queen will be crowned, and at 7:15 the finals of the Raisin Valley Softball championship will be played at Athletic Field.

On Saturday, the day-long program will begin with a parade at 1:30 p.m., with high school bands participating as well as 4-H Club and F.F.A. groups with prize stock, implement and automobile dealers, and other displays.

At 2:30 a very interesting Farm Youth program will be held at the Athletic Field, supervised by local 4-H and F.F.A. boys. These groups from several nearby towns will take part in a very interesting program.

In the evening beginning at 7:30 a program of high class free acts will be offered featuring radio and TV talent from Ann Arbor and Detroit. The winner of the cake baking contest sponsored by the Rotary Club will be announced at this time.

On Sunday the midway will open at 1:00 p.m., with a balloon ascension and parachute jump scheduled for 5 p.m.

In the evening an exceptionally large display of fireworks will be offered at 9:30 p.m. and will be followed by the awarding of the 40 prizes.

Funeral Services Held For Mrs. Bertha Hall

Funeral services for Mrs. Bertha Hall who died suddenly Monday in Ann Arbor, were held last Thursday, August 10, 2:30 p.m., at the Collins Funeral Home. The Rev. Donald C. Wilson officiated. Members of the Rebekah lodge, the Ladies Auxiliary of the Eagles and the Macon Woman's Club attended in a body.

The Ann Arbor drill team of the Eagles lodge furnished the bearers. They were Gordon Churchill, William Finkbeiner, Tom Powers, Richard Clark, Howard Beeman, Joe Franz and Andrew Sinclair. Burial was in the Macon cemetery.

Friends and relatives attended from Ann Arbor, Detroit, Adrian, Kalamazoo, Monroe, Britton, Ridgeway, Ypsilanti, Saline, Milan, Macon, Clinton, Manitou Beach, North Adams, Wamplers Lake and Tecumseh.

Police Tickets Must Be Obeyed

THOSE FAILING TO REPORT TO COURT WILL BE CITED TO SECRETARY OF STATE

Two licenses to operate motor vehicles have been temporarily revoked, four other operators have been cited to the secretary of state, and 15 others may soon be cited, Chief of Police M. E. Clark said today, discussing traffic law violations and accidents in Tecumseh.

"Some folk seem to think that a traffic summons, issued by police, means but little," Chief Clark said. "The department has issued some tickets and they are ignored by the motorists. In such instances we again notify the violator that, unless they obey the summons and report in court, we will cite them to the secretary of state, asking that their operator's license be revoked. Four such cases now are pending in the secretary's office, and 15 others will be cited unless they report before the week is ended.

"We do not issue traffic tickets unless they are necessary, and when we do issue them we expect them to be respected," the chief said.

The two licenses temporarily revoked, one of a Tecumseh resident and the other from Adrian, resulted following a hearing before Corp. Harold Bliss in Blissfield State Police Headquarters, last week. In both instances, Chief Clark said, the operators were involved in local automobile accidents. If, after further investigation, it is deemed advisable, the state will permanently suspend the licenses, the chief said.

Those who paid fines for traffic violations in Justice Robert French's court here during the past week were: William E. Clark, Toledo, $10 for speeding; James Van Beck, Tecumseh, $6.10 for speeding; Charles Seitz, Tecumseh, $6.10 for speeding; LeRoy Trib, Clinton, $6.10 for speeding; Tom Maki, Detroit, $8.10 for speeding; Eloiso Arrendondo, Tecumseh, $5.10 for failing to have an operator's license; Harold Johnson, Adrian, $8.10 for speeding; Boyd Hardy, Jerome, $8.10 for speeding; Victor Hineman, Manchester, $8.10 for speeding; Carl Stevens, Tecumseh, $8.00 for speeding.

Merchants Team Downs Manchester, 10 to 9

The Tecumseh Merchants baseball team beat the Manchester team here, last Sunday. The game was scheduled to be played at Manchester but a rain there Saturday night left the field there too wet.

Tecumseh scored five runs in 4th inning, two in the 8th and one in each of the 3rd, 5th and 7th inning. The latter was a home run by Bob Beevers with no one on base. Manchester scored three runs in the 1st inning, two in the 6th and four in the 9th, the final score reading Tecumseh 10, Manchester 9.

Ronnie Henkel was on the mound all nine innings for Tecumseh with Cannon and Fielder the losing pitchers. The Tecumseh Merchants have won all four of their games in the second round of the Quad County League Series. They will play Cement City on the Recreation Field here Sunday, August 20, at 2:30 p.m.

Green Valley Farm Gives City Folk Fresh Sweet Corn

People in Detroit, folk who can't "run out in the country for fresh products" are getting garden-fresh sweetcorn this year, due to a special picking, icing and packaging arrangement worked out on Green Valley Farm, just west of Tecumseh. Over half a million ears of Tecumseh corn will go to Detroit during the season for metropolitan consumption. Above, left, is Charles Branigin, jr., and right, his father, Charles Branigin, sr., icing and packaging a five-dozen crate of corn, preparatory to shipment to Detroit. Hundreds of these crates are shipped weekly so that the city folk may enjoy corn as good as their country neighbors."

Iced Corn Wins Detroit's Favor

LOCAL GARDENERS FIND READY MARKET FOR GARDEN-FRESH PRODUCT IN CITY

Perhaps, if you have had dinner in one of Detroit's hotels, clubs or restaurants recently, you were served an ear of delicious, garden-fresh sweet corn. And, perhaps, that ear of corn came from Tecumseh's Green Valley Farm on West Chicago Boulevard, where, for the first time in truck gardening history in the mid-west, sweet corn is being picked, iced and rushed to metropolitan Detroit for sale over the counter.

The sale of iced sweet corn is an innovation in Michigan and, so far as is known, Charles D. Branigin and his son, Charles, jr., operators of the Green Valley Farm, are the only gardeners in the mid-west to accomplish the task. It is done, in a small way, in the east, but never before have metropolitan residents of this section had an opportunity to enjoy "really fresh" corn.

The entire crop of Green Valley's corn has been purchased by one of the large chains. And, according to the Branigins, the corn goes on sale over the counters in Detroit in a matter of minutes after its arrival there by truck.

This year, the Branigins have 57 acres of sweet corn, seven of them on Charles jr.'s farm near Britton, the other 50 on the W. Chicago boulevard farm. How many ears of corn to the acre? Well, the state college reports last year's average as 875 dozen, so, if the crop this year is as good as last year's, the Branigins should raise nearly 600,000 ears.

Why is corn much better when it is iced? It seems that the sugar in the corn turns to starch in a matter of a few hours after it has been picked, unless the temperature of the product is held down. At Green Valley Farm, the corn is picked and iced almost immediately, and packed in five-dozen boxes, ready for trucking. Then, each morning at 2 o'clock, the trucks leave the farm for Detroit. In that way, corn that left here at 2 o'clock is on sale in Detroit the same morning at 8 o'clock. It is really garden-fresh and, the chain says, sales sky-rocket.

The Branigins go in for truck gardening in a big way. In addition to the crop they have two and a half acres of cabbage, five acres of muskmelons, eight acres of tomatoes and three acres of glads. The cabbage, melons and tomatoes

George L. Rinehart, 78, Is Buried At Ogden

Funeral services were held Saturday afternoon from the Tagsold Funeral Home in Blissfield for George L. Rinehart, 78, of Geneva at Round Lake, who died suddenly, Thursday morning at the Michigan State Police Post in Blissfield. The Rev. Elmer Stucker of the Blissfield Zion church officiated and burial was in Zion Cemetery, Ogden.

Mr. Rinehart, who for six years made his home here with his daughter, Mrs. Marvin Watkins, had gone to the state police post for an operator's license hearing before Corp. Harold Bliss. He was sitting in a chair, talking to the corporal when he was stricken. Coroner Ed Braun held that death was due to a heart attack.

Mr. Rinehart was born in Ogden township and on June 1, 1893, he was married to Miss Hattie Swick, who preceded him in death. For many years they lived in Adrian and then, nine years ago, he came to live with his daughter. He remained here for six years, until he purchased his home at Geneva. He was a retired railroad man.

Surviving are two sons, Clifford and Elwood, both of Adrian, and three daughters, Mrs. Watkins and Mrs. Harold Ruhl of Tecumseh, and Mrs. John Sell of Blissfield. Eighteen grandchildren, 10 great-grandchildren and several nieces and nephews also survive.

Methodist Church Plans Reception For Pastor

Twenty-four members of the W.S.C.S. and the Reliable Circle of the Methodist church enjoyed a potluck dinner and business meeting at the cottage of Mrs. Bert Warren at Vineyard Lake, Wednesday, August 9. Plans were made for a reception for the pastor on September 24. Mrs. Edward Leighton was appointed chairman of the apron booth and Mrs. Lily Gray of the fancy goods booth for the annual church bazaar, October 18. Plans were also completed for the cafeteria supper, which was given at the church, August 16.

Mrs. Ellsworth Collins, program chairman, presented a paper on "Christian Students of Many Lands." Two guests were present, Mrs. Flora Wood of Adrian and Mrs. Maude Lewis of Iowa. Gifts were brought for the children of Jesse Lee Home in Alaska.

BUYS MORRIS BAKERY

Cecil Gruel and son, Karl Gruel, of Battle Creek, have purchased the Morris Bakery on East Chicago Blvd. The Guel families expect to move here soon.

Mrs. Whelan Named To Hospital Board

COUNCIL DISPOSES OF ROUTINE MATTERS AT AN ADJOURNED MEETING

Mrs. Florence Whelan was named to a five-year term as a member of the Herrick Memorial Hospital Board, when the council met in adjourned session, last week. Mrs. Whelan succeeds Dwight Hodges, whose term had expired.

The traffic ordinance of the village was amended to forbid the parking of vehicles in an alley, except for the purpose of avoiding conflict. The exception was for trucks loading or unloading freight, and in such instances a 15-minute time limit was fixed.

The petition of six residents of S Evans street, asking for a two hour parking limit on both sides of South Evans street, between Cummins and Kilbuck street, was read and placed on file.

The Consumers Power Co., was granted right of way for gas service through three lots in Hewitt's Addition. Septic tanks for two houses being built on streets without sewer were ordered purchased.

Current bills were audited and ordered paid, and reports of the several committee and department heads were read and placed on file.

Belleville Rotarian Is Club Speaker Here

Ted Kuckleman of Belleville, prominent in Rotary circles in Michigan and a member of the speakers' committee of Rotary International, was the guest speaker at the regular dinner meeting of the Tecumseh Rotary Club, Tuesday evening at Legion Memorial Home. Mr. Kuckleman spoke on "Club Service, and What It Means to a Rotarian." His talk was most interesting.

The local club is planning an inter-city meeting of Rotary here on September 5, with Fred M. Alger, jr., as the speaker.

Guests at Tuesday's meeting included: Fred Ralzk, former local teacher, now athletic coach at Wilmington, O., college; Comfort Parker of Evanston, Ill.; John Truesdale, Clinton; William L. Bockman, Boston; Robert Dombrowski, Coldwater.

CLUB SMORGASBORD

Sunday evening, August 20, Tecumseh Country Club members will enjoy another smorgasbord. The hosts and hostesses are Mr. and Mrs. Earl Wickwire, phone 54, Mr. and Mrs. John Thompson, phone 244J, and Guy Belding, phone 211.

Mrs. Esther M. Goheen Buried In Brookside

Mrs. Esther Murphy Goheen, aged 91 years, widow of the late J. Vance Goheen, died at 7:30 p.m., Thursday in the Parrett Nursing Home. She had been a patient in the home for the last two years.

Born in Ireland in 1858, Mrs. Goheen came to this country many years ago. She was preceded in death by her husband, five brothers and three sisters. Mrs. Goheen was one of the oldest members of the Tecumseh Presbyterian church, and was active in all of its organizations until her health failed.

She is survived by two daughters, Mrs. Anna Scott and Mrs. Mary Cleveland, both of Tecumseh; three grandchildren, and two great grandchildren.

Funeral services was held Monday at 2 p.m., at the Green Funeral Home with the Rev. Donald C. Wilson officiating. Mrs. Frank Russell of Lansing, sang "The Old Rugged Cross." The bearers were Peter Heidenreich, John E. Murphy, James Johnston, Fred Teufel, Herbert Murphy, and Earl Murphy. Burial was in the Brookside cemetery.

Bernice Parker Dies Suddenly

FUNERAL SERVICES WILL BE HELD FRIDAY FOR LOCAL SCHOOL TEACHER

Miss Bernice Parker, well-known teacher in the elementary grades of the Tecumseh Public Schools, died suddenly, at 5 p.m., Tuesday, in Herrick Memorial Hospital of a heart attack. Miss Parker, who was 57 years of age, had entered the hospital last week Wednesday for a physical check up. She had intended to return to her home today.

Born in Newago county, Michigan, February 28, 1893, Miss Parker was the daughter of the late Mr. and Mrs. Joseph Parker. She resided at 406 West Chicago boulevard. Her mother preceded her in death 10 weeks ago.

Miss Parker had been a member of the public school staff here for eight years. Prior to that time she resided in Pueblo, Colorado, and she had taught school there as well as in the state of Washington. She was a member of the Presbyterian church and all of its societies and leagues, a member of the local chapter of the P.E.O., of the Tecumseh Teachers Club, and of the Business and Professional Woman's Club.

Surviving are two sisters, Mrs. Gladys Clark of Manhattan Beach, Calif., and Mrs. Hubert (June) Van Camp of Tecumseh, and one brother, Floyd Parker of Monroe. Several aunts, uncles, neices, nephews and cousins also survive.

Funeral services will be held Friday at 1:30 p.m., from the Collins Funeral home, the Rev. Donald Wilson of the Presbyterian church, assisted by the Rev. Alvin Brazee, officiating. Burial will be in Brookside cemetery.

Edward B. Pangle Dies; Funeral Here, Friday

Edward B. Pangle, age 72 years, of 607 West Kilbuck street, Tecumseh, passed away at the Ypsilanti State Hospital, Tuesday at 7 p.m., where he had been a patient for the past eight weeks. He had been a resident of Tecumseh for 50 years, and was employed at the former H. Brewer & Co., for 16 years, and at Tecumseh Products Co. for nine years. He retired four years ago.

He is survived by the widow Gertrude, two sons Gene Pangle of Lansing, and Wendel J. Pangle of Scotter, Washington, and three grandchildren. Also by one sister, Mrs. E. J. Rogers of Lima, Ohio, and a brother, Charles Pangle, of Ashland, Ohio, and several nieces, nephews and cousins.

Funeral services will be held Friday afternoon at 3:30 at the Collins Funeral Home with Alvin C. Brazee officiating. Burial will be in Brookside cemetery.

CATCHES BIG BASS

A four pound and 11 ounce small mouth bass, caught at Van Etten Dam, Oscoda, about July 20, is on display in the window of Allison's store. The fish was caught by Gordon Greiman, Tecumseh, and is believed to have been the largest small mouth bass caught with live bait in Michigan this year. The fish has been mounted and is entered in the state-wide anglers' contest.

BE SURE TO VOTE

The W. S. C. S. organization of the Methodist church urges that all women be sure to register and vote this fall. Registration should not later than August 23, at LeRoy Titley's office in the Strand building.

Pastor Opposes New Curfew Law

SAYS IT IS ASKING POLICE TO DO THE JOB THAT SHOULD BE DONE BY PARENTS

The Rev. Donald Wilson, pastor of the Presbyterian church, in a communication to the village council, last week, strongly opposed the passage of a curfew ordinance in Tecumseh, contending that it is an admission of lack of control on the part of parents, and is only asking the police to do the job that should be done by the parents.

"I just can't conceive of Tecumseh considering such a law," the Rev. Mr. Wilson said. "Our's is a proud community, we like to boast of our many accomplishments, and I feel that the enactment of a curfew law here is a sad commentary on the parents of the village. In reality we are asking the police to do the job that rightfully belongs to the parents."

Mr. Wilson also, in discussing the proposed law, said that it might be construed by the youngsters as a "no confidence" vote and thus reflect itself at a later time. Wilson pointed out that as the morale of youth goes down, delinquency increases, which is the exact opposite of the intent of the curfew.

Commenting further upon the ordinance, the pastor pointed out that it might have a tendency to drive youngsters out of town and into other communities where such a law was not in force.

"I have no criticism of the police department here," Wilson said, "and I know that the police have their problems. However, I feel that the matter of a curfew is something that should be given careful consideration, and should be studied by such groups as the churches, civic organizations, and the public generally, before we take a definite step."

The curfew ordinance was presented to the council for its first reading at last week's meeting. It prohibits children under the age of 17 years from loitering or remaining upon the streets or in public places after 10 p.m., Sundays through Thursdays, and not later than 11 p.m., on Fridays and Saturdays, unless accompanied by parent, guardian or some other person having legal custody. The exception is for a child in pursuance of an errand, directed by parent or guardian, or in the performance of lawful employment.

The law further provides that no child be placed in confinement until after the parent or legal guardian has been notified and their wishes determined. In the event the parent refuses responsibility, then other legal proceedings may be taken, either against the child or the parent.

The penalty for violation of the ordinance is a fine of $50 or a 30 day jail term, or both in the discretion of the court.

James C. Beardsley, village attorney, said that the ordinance was drafted for the council at the request of the police department. He said that the council is anxious to know public sentiment in connection with its enactment, and would appreciate hearing from the public. Mr. Beardsley indicated that the proposed law would be tabled for a short time, pending the sounding of public opinion.

Exchange Summer Picnic To Be Held August 31

Tecumseh Exchange Club met Monday evening at the home of Paul Clauda, 308 Chippewa street, with 40 members present. Kenneth Hall, president, presided and chairman, Owen Partridge, Wallace Whiting and Frank Rice had charge of the lunch. The evening was spent with television and cards.

The regular meetings of the club will start September 11, at the VFW Hall as usual.

Past President Ned Rossacrans reported that the mid-summer picnic will be held August 31, at the Plymouth Golf Club. All members are to meet at Beach's Service Station not later than 1 p.m. Transportation will be provided. Dinner will be at 7 p.m. There will be other recreation for those not interested in golf.

PAYS FINE AND COSTS

Raynor Sweet, Tecumseh, R. F. D., was arrested by local police at 9:45 p.m., August 11, charged with being drunk. In Justice Robert French's court the following day he paid a fine and costs of $15.80.

RE-OPEN RESTAURANT

Mr. and Mrs. Kenneth Kitson have re-opened the Gray Mill restaurant on East Chicago Boulevard, which has been closed for several weeks.

THESE BOYS LEARNED EARLY THAT CRIME DOES NOT PAY

13-14-Year-Old Kids Held In Check-raising Attempt

Page the check protector salesman! He's wanted in Tecumseh, where, according to police, 13 and 14-year-old kids are raising checks.

It seems that Chief M. E. Clark received a call last week, asking him to investigate the tampering with two checks, one in the amount of $2 and the other for $1.50. Here's what he discovered:

Two local boys, one 13 and the other 14 years of age, were employed by a resident and, when their jobs were finished, he paid them by check. To the one lad he gave a check for $2, and to the other one a check for $1.50.

It seems that the boys had a longing for air guns. So, before they went to a local store, they "raised" the checks, the $2 one to $8, and the $1.50 one for $7.50.

Where they made their mistake was that they didn't do too good a job. They lacked experience.

The clerk in the local store was suspicious, and he called the owner. A check-up at the bank soon disclosed what had happened, and then the police stepped into the picture.

The boys were taken to Adrian before Probate Judge M. E. Tripp and after a hearing and some sound advice [illegible] were each placed on 60-days probation.

Oh, yes. The air guns and the BB's that the boys "nearly purchased" are still in the local store.

Will The People Vote?

An important election, one that may determine the future of democracy in America, will be held here and throughout Michigan on Tuesday, September 12, as well as in other states in the nation.

Why is this primary election so important? First, because Tecumseh and Lenawee County will nominate Republican and Democratic candidates whose names will appear on the general election ballot in November for such offices as Representative in Congress, Governor of Michigan, and an entire official family of the state; and, second, because it is an OPPORTUNITY for citizens to cast their ballots in a FREE election.

There are those, and perhaps there are some in Tecumseh, who will say: "Why should I bother? One vote, more or less, will not make any difference." Of course, if only one voter remained at home, the difference might not be great but suppose there are 1,000 or 1,500 indifferent voters who feel the same way, what then?

We are inclined to believe that Tecumseh and Lenawee county voters are falling into the same rut that voters nationally fell into in the last general election. We draw that conclusion after a study of election returns in Tecumseh in recent elections.

In the last national election, about 51 per cent of the voters in the United States did not go to the polls. The result was the election of a President of the United States by a minority vote.

Now, let's get closer to home. In the last school district election, a few weeks ago, only 10 persons thought sufficiently of its importance to participate. Of course, there was no contest, and we doubt very much had there been one that it would have made a great deal of difference. Folk generally, it seems, have lost all interest in governmntal affairs. They're willing to let George do it, so long as they, themselves, are not disturbed.

On a local level, of course, some folk feel that when they stay away from the polls they signify, by so doing, that they are satisfied with the way that public officials are handling their affairs, and when there is no contest, it is a foregone conclusion that the nominees will be elected. But the candidates themselves do not like such a procedure. They are being elected to important posts, and certainly they would feel much better, they would feel that the community was at least interested in them and in their jobs if they, the voters, took a minute or two of their time to cast their ballots. Surely, if a school board member is to serve his district for little or no compensation, and meet with the board monthly and more often if necessary for a three-year term, then it would seem that the residents of the district could give a couple of minutes of their time to attend the election. An elected officer of the board of education is an important officer. That board, this year, will spend about $265,000 of LOCAL money.

This year, Lenawee county will lose its Representative in Congress, Earl C. Michener of Adrian. Rep. Michener has decided not to seek re-election. He has served long and well. He feels that he has a right to retire.

Candidates seeking Mr. Michener's post come from other counties in the district. In the primary next month, a Republican and Democratic nominee will be chosen, and their names will appear on the November ballot. It is important that the right nominees be chosen in both parties, and, therefore, it is important that AT LEAST A MAJORITY of the voters make the selection.

Gov. Williams is unopposed in the primary for renomination. On the Republican side, however, five men are seeking the honor. That makes a vote in next month's election very important.

And in connection with voting, residents should determine whether or not they are registered and eligible to vote. Many, many residents of Tecumseh, because they have neglected the use of the ballot, are finding thmselves on the ineligible side. Voters should check up at once with the township clerk and be sure that they can exercise their franchise.

The right to the free ballot is the most important right held by the American people. Many seem to think that it is God-given. It is not. It is a right that was won on the field of battle, and for which our forefathers died.

If the apathy of the American people continues to increase we will lose the right of free vote, that is certain. And when the right to vote is gone, so is freedom gone.

The decision is up to the voters, 2,500 of whom reside in Tecumseh.

MACON

Mrs. Marian Spitler entertained at dinner on Saturday her daughter and husband, Mr. and Mrs. Allen French and son David of Cleveland, and Mrs. Carrie Payne. The occasion marked the birthday anniversaries of the hostess aunt Mrs. Payne and little David, the hostess' grandson.

Miss Jeanette Morden and Miss Mary Beth Hendershot entertained Friday evening at a miscellaneous shower honoring Miss Ruth Howell whose engagement has been announced. Nineteen of the girls, all former schoolmates at Ford's Macon high school, were entertained at the home of Miss Morden's parents, Mr. and Mrs. Walter Morden. The honor guest received many gifts.

Marlin Mickel, son of Mr. and Mrs. Ralph Mickel, has enlisted in the U. S. Armed Services. He goes to Detroit today for examination to enter the ground crew of the air force.

Max Camburn, son of Mr. and Mrs. LaMont Camburn, and Robert Camburn, son of Mr. and Mrs. Clare Camburn, have been drafted and they go to Detroit Monday for their pre-induction examination.

Mr. and Mrs. R. A. Halladay called Sunday afternoon on Rev. and Mrs. Risley of Petersburg.

Mr. and Mrs. Leonard Walker of Waterville, Ohio, called Sunday on Mr. and Mrs. Clare Camburn.

PAST CHIEFS CLUB

The Past Chiefs Club of Pythian Sisters, will meet with Mrs. Esther Beckman, 41 Mill street, Friday evening at 6:30 for a potluck supper. Each will bring a dish to pass and their own table service.

30 AT LUNCHEON

The Ladies Day Luncheon at the Tecumseh Country Club on Wednesday, August 9, was attended by 30 women. Canasta and bridge were the diversion. Winners in canasta were Mrs. Robert Fuller and Mrs. A .W. Porter; the winners in bridge were Mrs. Clyde Giltner and Mrs. C. F. Sage. Reservations for the August 23 luncheon may be made with Mrs. Robert Fuller, phone 67M, and Mrs. Chas. O'Neil not later than Tuesday noon.

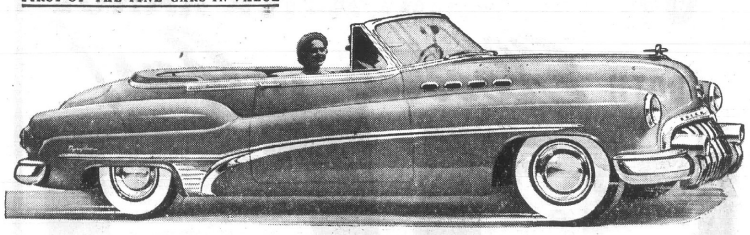
FIRST OF THE FINE CARS IN VALUE



BIG MOMENT- with a Double Impact

It's a big moment when any new car rolls up to your door and you start out fresh and spanking bright.

Think, then, what it's going to mean when that new car is a ROADMASTER like this one pictured here.

You'll swing wide the door and slide into a car that's truly fine—and looks it.

You'll put foot to treadle and touch off the might of a great, 152-horsepower Fireball straight-eight that's ready to master any road—or anything it meets there.

You'll have the silken magic of Dynaflow Drive to simplify your driving, ease your way. A handsome flexible steering wheel, automatic windshield washers, soft Foamtex cushions, and many other items that are "extras" elsewhere are standard equipment here.

But even while you enjoy all that, you've a still deeper satisfaction enriching your pleasure.

For here you have not only a fine car, but a sound and frugal investment as well.

You have paid *less per pound* than any comparable car costs—and automotive men will tell you price per pound is the soundest measure there is of solid, thoroughgoing merit.

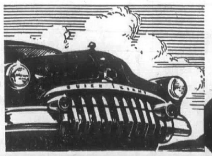
You've bought quality—top quality—all the fine things a fine car should provide. But you haven't spent a penny more than a fine car need cost.

And that can mean a lot. For instance—

Drop in on your Buick dealer. Try out a ROADMASTER. Match it, feature by feature and point by point, with any other fine car on the road.

Then get the price.

You may well find that you can get not only a new ROADMASTER for the sum you had in mind—*but maybe a new fur coat for your wife as well!*



FOUR-WAY FOREFRONT. *This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.*

Miss Marilyn VanHook Weds Gerald L. Filter

The Emmanuel Lutheran Church on the North Ridge Road was the scene of a lovely church wedding Saturday evening at 7:30, when Marilyn Alice VanHook, daughter of Mr. and Mrs. W. Donald VanHook, of Tecumseh, and Gerald Leslie Filter, son of Mr. and Mrs. Albert Filter of Britton, were united in marriage. The Rev. Theodore Iben performed the double ring ceremony in front of the altar which was decorated with hampers of white gladioli and lighted candelabra.

The bride entered the church on the arm of her father to the strains of the Lohengrin wedding march, played by Miss Shirlie Netcher, niece of the groom. Richard Klaus, twin brother of the groom, sang "Because" and "The Lord's Prayer."

The bride chose for her wedding a gown of white satin with long sleeves ending in points over the hands, and a round illusion yoke, with ruffles of scalloped lace. It had a fitted bodice and self covered buttons down the back. She wore a lace tiara headdress with a two tiered illusion veil edged with lace and carried white gardenias and white roses. Her only jewelry was a strand of pearls, the gift of the bridegroom.

The bride's only attendant was her sister, Miss Shirley Jeane VanHook, as maid of honor. She was gowned in turquoise taffeta with round illusion yoke, a felted bodice and bustle back. She had matching mitts, with a headband of pink roses and carried a bouquet of pink roses.

The groom was assisted by his twin brother, Richard Klaus. The ushers were Wayne Filter and George VanCamp, jr.

Mrs. VanHook, the bride's mother, wore a navy blue sheer dress with navy accessories and a corsage of pink roses. The groom's mother wore navy blue crepe with white accessories and a corsage of pink roses. Mrs. Alice VanHook, grandmother of the bride, wore navy blue sheer, with navy accessories and also a corsage of pink roses.

Immediately after the wedding, a reception was held at the home of the groom's parents, Mr. and Mrs. Albert Filter on S. Ridge Road, for 125 guests. They were served from a lace covered table centered with a three-tiered wedding cake, topped with a miniature bride and groom. At the base of the cake was a large mirror, encircled with white roses and carnations, lighted crystal candelabara and vases of roses. Mrs. Wayne Fatton cut the cake, assisted by Mrs. George VanCamp and the Misses Greta Jennings and Patricia Patton. Miss Alice Filter had charge of the guest book.

Mr. and Mrs. Filter left on a short wedding trip, the bride wearing a powder blue suit with navy blue accessories and a white corsage.

The bride graduated from Tecumseh high school in June and is employed at the Schneider Bros. Garage in Tecumseh. The groom graduated from Britton high school in 1946 and is employed at Filter Soft Water Supply in Adrian.

The bride and groom will reside in their newly furnished home on South Ridge Road.

Wedding guests from out of town were registered from South Bend, Mishawaka and Fort Wayne, Indiana; Minden City, Jackson, Wayne, Detroit, Dundee, Palmyra, Bay City, Saline, Onsted, Dearborn, Adrian, Britton and Tecumseh.

Myrna Mae Beevers Weds Merlyn Downing

The Tecumseh Friends Church was the scene of a pretty wedding Friday evening August 11, at 7:30 p.m., when Myrna Mae Beevers, daughter of Mrs. Frieda Beevers of Tecumseh, and Merlyn Harold Downing, son of Harry Downing of Britton, and who has made his home with his aunt and uncle, Mr. and Mrs. Leland Downing of Britton, were united in marriage by the Rev. Edward Escolme, who performed the double ring ceremony.

The altar was decorated with a white cross surrounded by palms and white gladioli, and side bouquets of peach and white gladioli. The pews were marked with gladioli, centered in white satin bows.

The bride was given in marriage by her brother, Robert Beevers. Joyce Kopka played the nuptial music. Miss Martha Hayden sang "Because" and "Oh Promise Me."

The bride's gown was of colonial style in white taffeta with a tight fitting bodice, the long sleeves coming to calla points over her hands. Self-covered buttons extended to the waistline. Her fingertip veil was caught with a braided tiara. Her only jewelry, a strand of pearls, was a gift of the groom. The bridal bouquet was of white gardenias.

Miss Kathy Beevers of Ypsilanti, was her sister's maid of honor, she wore pale blue net over taffeta, accented by a side peplum and a headdress and bouquet of peach gladioli. Vickie Lynn Oman of Ypsilanti, niece of the bride, was flower girl, and wore a street length, white organdy dress, with a veil to match the bride's. She carried white pompoms and ribbons.

Kenneth Upell of Liberty Center, Ohio, was best man. The ushers were Warren Peck and Bob Irwin of Tecumseh.

Mrs. Frieda Beevers, mother of the bride, wore an aqua street length dress of rayon crepe and a corsage of pink roses.

Mrs. Leland Downing, aunt of the bridegroom, wore a black street-length dress and a corsage of pink roses.

Immediately following the wedding a reception was held in the basement of the church for 200 guests. The table from which the guests were served was decorated with the three-tiered wedding cake and a center piece of white pompoms and roses. Mrs. Mary Lou Peck of Tecumseh, and Mrs. Florence Oman of Ypsilanti, served. Mrs. Anne Elliott of Brooklyn was at the punch bowl.

Mr. and Mrs. Downing left on a short wedding trip. The bride chose a grey bemberg print dress with white accessories, and a corsage of red roses.

The bride graduated from Tecumseh high school in 1949 and completed one year's business course at Cleary College, Ypsilanti. She is employed at Philco Corporation in Tecumseh. Mr. Downing graduated from Britton high school in 1945, and has been employed at the United Savings Bank in Tecumseh for four and one half years.

Mr. and Mrs. Downing are residing in their newly furnished apartment at 111½ North Malden Lane, Tecumseh.

Green Valley Farm

(Continued From Page 1)

are marketed in both Detroit and Toledo but the flowers go to Detroit. There's an active market for glads, and three acres of the flowers is no small crop.

And, because the Branigins "hurry" their products to market, they are garden-fresh and the sale is rapid. Tomatoes average about 13 tons to the acre, and melons about 200 bushels to the acre.

This year Green Valley corn was on the Detroit market July 28, a very early date. Last year, the local farm marketed corn as late as October 18.

But there's more to truck gardening than appears to the public eye. There's rain, or lack of rain, and a time to plant and a time not to plant. It is a job that requires a lot of study and training.

To meet the season when rain is lacking, Green Valley Farm has its own irrigating system. Evans Creek runs through the farm and the Branigins have a plan whereby water is pumped from the creek, through aluminum pipe, and any part of the farm can be reached. A gun-type spray is employed and about an acre and a quarter of land can be irrigated at one time. It is possible to put some 30,000 gallons of water on such an area in an hour. The pump is capable of supplying 700 gallons per minute.

At the same time that water is being sprayed, it is also possible to include nitrogen, it was said, doing two jobs in a single operation.

What becomes of the corn stalks, after the harvest? The Branigins raise beef cattle in the winter, and they feed the stalks to the animals, along with other stock foods. That, too, is a part of gardening.

Before coming here about four years ago and purchasing the Green Valley Farm — known to many as the Harry Moore farm at the west village limit—the Branigins had a farm at Northville. They preferred the farm here because they could irrigate their land.

Mr. Branigin, sr., is a retired Detroit school teacher. He attended the University of Michigan and Indiana State University.

Mr. Branigin, jr., attended Michigan State College before spending four and a half years in World War II, a part of the time in the Pacific areas.

No. Branigin, jr., did not study agriculture at State. He is a mechanical engineer, but he doesn't like his profession. There's a greater challenge, he says, in gardening.

Police Study Mishap Causes

144,000 REPORTED ACCIDENTS IN MICHIGAN DURING THE PAST 12 MONTHS

Finding and recording the where, when, why, what and how about Michigan traffic accidents is a routine job in the tabulating office of the state police safety and traffic bureau.

In this office, located at state police headquarters in East Lansing, is a series of modern machines used to process categorically information taken from written accident reports.

The information is especially useful in making engineering surveys, planning the angle of attack on safety problems and concentrating enforcement in areas with bad traffic accident histories.

Data from traffic accident reports are recorded by means of key punch codes on three-by-seven inch cards designed especially for processing with tabulating machines. A car has 80 columns each of which contains a breakdown of from one to 12 specific items under a general classification.

All told there are more than 900 separate items of information. There are columns for violations, time of an accident, type of road, type of vehicle, age of driver, severity of the accident, number of vehicles involved, weather conditions and many other details. A single accident is described by the proper combination of these items.

By making the required number of runs with the appropriate settings on the tabulating machines, virtually any information on traffic accidents can be obtained in a short time. For instance, an inquiry might be received for the number of ran-off-roadway accidents that occurred in a certain county during a given period. In this case the first run would be made to select all traffic accidents that occurred in that county, then another would be made to select the ran-off-roadway accidents and the final run would pull out cards representing the accidents that occurred during the period of time requested.

"The availability of statistics on traffic accidents is essential in traffic law enforcement work," says State Police Commissioner Donald S. Leonard. "However statistics are not made in the tabulating office, they are only processed there. Traffic accident statistics are made out on the highways."

In 1929 when the safety and traffic bureau was established 328 traffic accidents were recorded. The total last year was nearly 144,000.

U. M. Sponsors Self-Help Plan

MANY SMALLER COMMUNITIES HAVE BENEFITED FROM EDUCATIONAL PARLEYS

ANN ARBOR—During the past two years, over 248 communities have sent 1,520 carefully selected leaders to attend area conferences on "Organization for Community Self-Help" sponsored by the University of Michigan's School of Education and the University Extension Service.

These conferences were promoted by the University in response to the needs of many small Michigan communities facing such problems as: money raising for community projects, need for coordination of community effort, education to meet adult needs and interests, community recreation, loss of young people, juvenile delinquency, and rural-urban relations.

"The small town is a forgotten segment of the country in regard to social services," states Dr. Howard Y. McClusky, consultant in Community Adult Education, "rural areas get outside help but the towns and townships must rely on themselves."

Often faced with declining populations, loss of local industry, poor school and hospital facilities, and deteriorating road and drainage systems, many communities do not have the organization necessary to successfully cope with these problems, according to Dr. McClusky.

"We try to help people diagnose their own problems so they can best solve them with the resources they have at their own disposal," he states.

In general, Dr. McClusky's department assumes responsibility for starting these conferences when local leaders, who are capable of raising interest among their fellow citizens, request assistance. A preliminary meeting is then scheduled where plans are drawn up to hold the area conference at which problems, all suggested in advance by local residents, will be examined.

"The first step in defining the goal is to find out what people think the problem is about," says Dr. McClusky. "The next step is to find out what additional facts are needed to make the problem clear."

It is Dr. McClusky's opinion that a community problem cannot be really understood unless it is seen as a part of the total community in which it exists.

Five area conferences have been held this year. Evart, East Jordan and Richmond were hosts last Fall, and Alma and Sterling were hosts this Spring. Plans are under way for the 20th Area Conference in the Allegan area early this Fall. As in previous conferences, community leaders from a 25-to-50-mile radius will get together for an afternoon and evening.

The University's Community Adult Education Department also publishes the "Michigan Community News Letter," available to all Michigan communities without charge, and a directory, "Community Councils of Michigan, 1949-50."

TEACHER'S MEETING

A pre-school meeting of the rural teachers of Lenawee county will be held in the court house at Adrian, Saturday, August 26, it was announced today by Milton C. Porter, county superintendent of schools. The session will start promptly at 9 a.m., and will last for half of the day. Instructions and material will be given out, and all teachers in rural schools are expected to attend.

BIRTHDAY PARTY

A group of neighbors and friends had a surprise birthday party for Otto Thiel, at his home in Herrick Park, helping him celebrate his 65th birthday. A social time was enjoyed and refreshments were served. Mr. Thiel received many nice gifts.

Evidently.

Doctor — Have you tried gargling with saltwater?

Patient — I'm a sailor and have been shipwrecked four times.

LEGAL NOTICES

STATE OF MICHIGAN, County of Lenawee.—ss.

Miss Mary L. Davenport Bride Of Frank Marsh

Miss Mary Lou Davenport, daughter of Mr. and Mrs. Clesson M. Davenport, of Tipton, and Frank Marsh, son of Mrs. John S. Marsh and the late Mr. Marsh of Tecumseh, were united in marriage Saturday afternoon at 2 p.m., in the Tipton Community church.

The Rev. Charles Marsh, pastor of the Southfield Baptist Church of Detroit, brother of the groom, performed the double ring ceremony. The church was beautifully decorated with white gladioli flanked by mixed garden flowers.

Mrs. Harold Every of Tipton, played a program of nuptial music before the wedding. Lohengrin's wedding march was played as the bride entered the church on the arm of her father, and Mendelson's recessional was played as the bridal party left the church. Mrs. Elwin Davenport, sister-in-law of the bride, sang "The Lord's Prayer" and "Because."

The bride wore a gown of traditional white satin, princess style, with nylon net yolk and shoulder bertha of satin, the long sleeves ending in calla points over the hands. Her full skirt ended in a short train. She wore a fingertip veil of white net, edged in lace, with tiara decorated with seed pearls. Her colonial bouquet of white roses was tied with white satin ribbon.

Mrs. Andrew Clark, sister of the groom, was the bride's only attendant. As maid of honor she wore yellow marquesitte with short sleeves and a shoulder bertha. Her headdress was a yellow shoulder length veil of net, attached to a headband of blue flowers. She carried a colonial bouquet of shaded chrysanthemums, with a blue background, tied with yellow satin ribbon.

The groom was assisted by Carl Covell of Tecumseh. The ushers were Ray and Harry Marsh, brothers of the groom.

The bride's mother wore a navy blue sheer white dot dress, with white accessories and a corsage of pink carnations. The groom's mother wore a navy blue sheer with navy accessories and a corsage of pink carnations.

Immediately after the wedding a reception was held at the Knights of Pythias Hall in Tipton. The bride's table was decorated with the traditional three-tiered wedding cake topped with a miniature bride and groom. Mrs. Raymond Kempf and Mrs. Wendell Osterhout, sisters of the bride, served the cake and Mrs. Ray Marsh served the ice cream.

Mr. and Mrs. Marsh left for a two weeks tour of Mammouth Cave, Kentucky, Nashville, Tennessee, and Fayetteville, N. C. For traveling the bride wore a palm beach suit with red accessories with a corsage of red roses. They will reside in their new home at 7415 Occidental Road.

The bride graduated from Tecumseh high school in 1949 and is employed at the Ottawa Machine Co. The groom attended Tecumseh schools and is employed at the Tecumseh Products Company.

Out of town guests for the wedding were registered from Fayetteville, N. C., Toledo, Ohio, Osseo, Hillsdale, Ridgeway, Detroit and Tecumseh.

CRYSTAL SHOWER

Miss Marlou Gilman, a bride-elect of this weekend, was the guest of honor at a crystal shower, at the home of Miss Patty Hammack, Thursday evening. Fourteen girls were present, various games were played and prizes were awarded to the Misses Mary Brown and Louise Wilson, who in turn presented them to the bride-elect. The girls made a story-book wedding scrapbook for Marlou and presented her with a lovely assortment of crystal. Dessert lunch was served. Mrs. Gilbert Ely of Montpelier, Ohio, and Miss Joan Frye of Adrian, were out-of-town guests.

Cause and Effect.

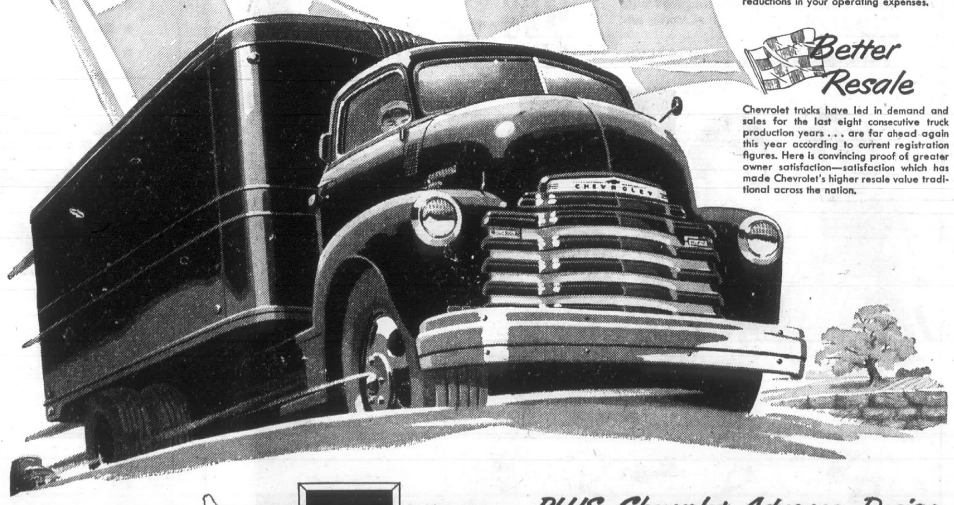
You're sure to be ahead with CHEVROLET TRUCKS



Better Buy
Because Chevrolet trucks with Loadmaster engine offer more net horsepower—proved by certified ratings on engines used as standard equipment in conventional models of the five most popular makes, 13,000 to 16,000 lbs. G.V.W. Low original cost, low cost of operation, low upkeep cost mean added savings.

Better Operation
Because Chevrolet offers Valve-in-Head engine—rugged dependability, economy and quality that last. Chevrolet's superiority has been proved year after year by millions of truckers across the nation—cuts running and maintenance costs—makes real reductions in your operating expenses.

Better Resale
Chevrolet trucks have led in demand and sales for the last eight consecutive truck production years . . . are far ahead again this year according to current registration figures. Here is convincing proof of greater owner satisfaction—satisfaction which has made Chevrolet's higher resale value traditional across the nation.

We Kin Keep Yuh Outa Jail!

Yur Flirtin With The Cops When Yur Brakes Won't Work

Yuh say yur a safe driver? Jist how quick kin yuh stop? Didja try it?

Didja no that it takes 100 feet to stop when yur iron hoss is movin at 30 miles an hour? Yep, an at 50 miles an hour it takes 336 feet. Thems akurate figgers, mister, an no foolin.

Now, the cops are watchin all the kars this month, hopin to find those with bad brakes. Yuh kant blame em, either, cause bad brakes are dangirous.

We'd awful hate to learn some mornin that one o'our friends got in the jail house jist cause he neglected to bring his kar in fur brake fixin. He'd feel like a heel, too, cause this is the sekond week we've warned him about it.

The rest o this month we're running a brake speshul. Here's what we do: We inspect and clean the brake drums; we install new genuine Ford brake lining; we check the wheel cylinders; add brake fulid if needed; adjust for proper pedal play; adjust hand brake and road test. An we do it all fur only $12.95, and this inkludes materil and labur. (Hydraulic brakes only).

Now, yuh jist kant afford to go to jail, and pay a fine when $12.95 would keep yuh out. An, too, maybe you'd save somebody's life, maybe yur own.

Don't wait. Tomorrow may be too late.
